5,
REPORT

—OF THE—

ADJUTANT GENERAL

—OF—

MARYLAND

1908-1909

BALTIMORE:
GEO. W. KING PRINTING CO.,
STATE PRINTERS.
31 S. Howard Street.
1910.

Letter Transmitting Report of The Adjutant General.

HEADQUARTERS MARYLAND NATIONAL GUARD,

The Adjutant General's Office.

ANNAPOLIS, 31st December, 1909.

To His Excellency Austin L. Crothers, Governor of Maryland.

Sir: In accordance with the provisions of Sections 15 (A) and 16 (G), Chapter 103, Acts of the General Assembly of Maryland, 1908 (Militia Law of Maryland), I have the honor to submit herewith the detailed statements of receipts and disbursements, both Government and State, for military purposes for the years 1908 and 1909, together with statement in detail showing the disposition of all clothing, ordnance, arms, ammunition, armories and other military property on hand or issued for the same period.

I beg also to report on the general condition and efficiency of the National Guard of the State, and to transmit herewith reports of the Commanding Officer First Brigade; Commanding Officer Naval Brigade; the Chiefs of the respective Departments; the State Inspecting Officers; the United States Army Officer on duty with this State, and the Commanding Officer Veteran Corps, Fifth Regiment Infantry; also copies of all General Orders and Circulars issued during the above period.

Militia Law.

Upon assuming my duties as The Adjutant General, I devoted my energies to forwarding the passage of the new Militia Law that was then pending in the Legislature, which was finally passed and approved by your Excellency on the 23d March, 1908. This law was introduced in the Legislature to comply with an Act of Congress approved 21st January, 1903 (known as the Dick Bill), requiring the respective States in the Union to conform to its provisions on or before the 21st January, 1908, which time was extended, however, by Act of Congress, approved 27th March, 1908, to 21st January, 1910, in order to

obtain the benefits of appropriations for arming and equipping the militia, and for the promotion of rifle practice, and also for the purpose of remedying the many defects in the existing State Militia laws. It was passed by the Legislature, without amendments, other than those approved by the military authorities, and is the first comprehensive Militia Law that has ever been placed upon the Statute books of this State.

Appropriations.

Upon my request, indorsed by a committee representing all of the military organizations of this State, the Legislature of 1908 increased the annual appropriation for the land forces of the National Guard from sixty thousand (\$60,000.00) to seventy thousand (\$70,000.00) dollars, yet the increased expenses of the Guard, caused by the passage of the Militia Law above referred to, and the increased requirements of the National Guard of today, have necessitated the enforcement of the strictest economy in order to maintain the efficiency of the Guard with the military funds at my disposal. The Board of State Aid and Charities has recommended for the past several years that the appropriation for the land forces be increased to one hundred thousand (\$100,000.00) dollars annually, and it is thought that at least fifteen thousand (\$15,000.00) dollars annually will be required for the proper maintenance of the Naval Militia, the present appropriation being inadequate to allow the necessary training. It is urgently requested that you recommend to the Legislature that appropriations for the above amounts be passed for the ensuing two years.

Arms.

During the past two years all of the land forces of this State have been equipped with the new United States magazine rifle, caliber .30, model of 1903, with model of 1905 bayonet and appenditures, and the United States magazine rifles, caliber .30, model of 1898, with which the Guard was formerly equipped, have been turned in to the United States Government and receipts obtained therefor, as required by law. Magazine rifles, caliber .22, model of 1903, for gallery practice, have been issued to the First, Fourth and Fifth Infantries and Troop A.

Uniforms.

Olive drab clothing has been drawn and issued to the First Company Coast Artillery, the Fourth and Fifth Infantries. A supply for Troop A is on hand and will be issued shortly, and it is trusted that a supply will be obtained and issued to the

First Infantry in the next few weeks. Olive drab overcoats have been issued to the officers of the Brigade Staff and Fourth and Fifth Infantry.

The Government having provided a clothing allowance to each man of \$8.33 per year, it will afford an opportunity to drop worn and damaged clothing. It is now believed that the uniforms of the Guard can be kept in a first-class condition.

Military Property.

All unissued military property, both State and Government, is now kept in the Military Storehouse, Fifth Regiment Armory, Baltimore, under the direct charge of Capt. J. C. Marshall, the Assistant to the Acting Quartermaster General, who is bonded to the State of Maryland; the facilities for the preservation of the property in this storehouse being ample and its management most excellent. The report of the operations of the Military Storehouse for the past two years is published herewith.

Armories.

There have been no new armories purchased or erected by the State since the last report of this office, the armories owned by the State being the Fifth Regiment, Baltimore, and Troop A armory, at Pikesville, Md. It is recommended that at each session of the Legislature an appropriation be made for the erection of a suitable building in one of the county towns for the companies of the First Infantry, and it is further recommended that as soon as the finances of the State will permit that an adequate appropriation be passed for the erection of a suitable armory for the Fourth Regiment at Baltimore. The importance of providing proper places for assembling the organizations of the National Guard and for the proper care of State and Government property has been realized by most of the States and provision made therefor.

Changes in Organizations.

Pursuant to G. O. No. 6, A. G. O., series of 1908, upon the recommendations of the Inspecting Officer, Company L, First Infantry, M. N. G., located at Centreville, Md., was mustered out of the service.

The respective members of the Sixth Division, Naval Brigade, located at Cambridge, Md., were discharged and a new Division in said Brigade, known as the Sixth (Engineer) Division, was formed in Baltimore during the year 1908.

Pursuant to G. O. No. 19, A. G. O., series of 1909, a Hospital Corps Company, known as Company A, Hospital Corps, M. N. G., to become a part of the First Brigade, was organized in

Baltimore City and instructions issued to transfer the members of the Hospital Corps detachments of the First, Fourth and Fifth Regiments to said company.

Pursuant to G. O. No. 21, A. G. O., series of 1909, a company of infantry located at Cumberland, Md., was mustered into the service, to become a part of the First Infantry, and to be known as Company G of that regiment. The question of erecting a building as an armory for this company is now pending with some of the prominent citizens of Cumberland.

Naval Militia.

By permission of the War Department, a wharf has been constructed at Fort McHenry, Baltimore, to be used by the Naval Brigade, and to which the vessels of said Brigade are moored. A license has been received from said Department permitting drills at the fort by the respective organizations of the Naval Militia.

The torpedo boat U. S. S. Somers has been loaned by the Navy Department to the State, to be used by the Naval Militia as an auxiliary to the Cuba, which, together with their quarters at the Howard Street Armory, afford an ample opportunity for the proper instruction, housing and development of this valuable adjunct to the National Guard of this State. The target practice record made by this organization during its cruise in 1908 and the work done in general reflect much credit on the organization, and it is trusted that the appropriation will be increased to fifteen thousand (\$15,000.00) dollars annually to meet the increased expenses shown to be necessary.

Encampments.

The First Infantry and First Company Coast Artillery participated in the Joint Army and Militia Coast Defense Exercises at Fort Howard, Md., June 6-15, 1908, and the Fourth Infantry participated in the Camp of Instruction at Pine Camp, N. Y., July 5-15, 1908. The Naval Brigade, on the U. S. S. Isla de Cuba, participated in the Government maneuvers in the Chesapeake Bay, July 18-27, 1908, leaving their home station at Baltimore on the 16th July, and returning on the 28th of that month.

A Camp of Instruction in Rifle Practice was held at Saunders Range from 18th May to 12th September, 1908, the respective companies of the First, Fourth and Fifth Infantries being on duty at said camp for a period of six days each. Troop A, the First Company Coast Artillery, and the First Separate Company being on duty for a period of three days each.

During the year 1909 the respective companies of the Fourth and Fifth Infantries and the separate organizations of the land forces were encamped for two days each at Saunders Range for the purpose of instruction in rifle practice, the companies of the First Infantry being encamped for the same purpose for a period of four days.

The entire brigade, less the First Company Coast Artillery, participated in the Camp of Instruction, known as Camp Crothers, at Westminster, Md., from 18th to 25th July, 1909, inclusive. The First Company Coast Artillery participated in the Coast Defense Exercises at Fort Howard, Md., from 4-14 September. At Camp Crothers the Government sent Troop A, Fifteenth Cavalry, from Fort Myer, and three officers to act as inspectors. Said encampment was most successful in every way and considered to be one of the most beneficial ever held by the National Guard of this State.

The funds of the Naval Brigade not permitting a general cruise on the Cuba, short volunteer cruises were held of two or three days each from week to week by the respective divisions. This organization also proceeded to Hampton Roads to meet the United States fleet upon its arrival from the trip around the world, on the 22d February, 1909, which trip afforded both officers and men an excellent opportunity for the management of their vessel under sailing conditions. The commanding officer and a number of the men of this organization proceeded to Yorktown aboard the U. S. S. Somers on the 17th October, 1909, to participate in the ceremonies incident to the unveiling of a memorial to the American troops of early history.

Rifle Practice.

A large amount of money was spent during the year 1908 for the Promotion of Rifle Practice, and it is most gratifying to be able to report that the results obtained justify the time and money devoted to this, in my opinion, the most important branch of military service. The number of men firing the rifle during the year was 1,762, of which number 1,375 qualified in the grade of marksman or higher, there being 192 experts, 30 sharpshooters and 1,153 marksmen. 90.82% of the average strength of the Guard qualified during the season. The figure of merit of the entire brigade being 85.98%, as compared with 54.75% for the year 1907, and 15.03% for the year 1904. It will be noted that the figure of merit for this year is vastly higher than ever before, which placed the State among the leaders in the Union in rifle practice.

During the year 1908 the State rifle and pistol competitions for the various trophies and medals were held from the 3rd-8th August, at Saunders Range, the entry list being large, competi-

tion keen and scores excellent. A State team was again sent to compete in the National Rifle Matches at Camp Perry, Ohio, August 13th-28th, 1908. The teams were also sent to participate in the New Jersey and District of Columbia Rifle Matches, and also competed twice with the Naval Academy Team, once on the Maryland State Range and once on the Naval Academy Range. In the National Match at Camp Perry the Maryland team finished No. 21 out of 50 teams, as compared with No. 18 in 1907.

During the year 1909, while the organizations were prevented by other duties from devoting as much time to rifle practice as they had during the preceding year, yet the records made under existing conditions were most gratifying, there being an average of 81.97% qualifying, 1,668 having fired the rifle during this season, of which number 230 qualified as experts, 26 as sharpshooters and 1,062 as marksmen, the figure of merit for the year being 81.67%. Rifle teams from the State competed again during this season against the United States Naval Academy team, losing the match on the Naval Academy grounds and winning the return match on the Maryland State Range. A State team was also sent to compete in the National Rifle Matches at Camp Perry, Ohio, beginning on the 23d August. This team made the best showing of any team ever sent from the State, finishing 13th out of a total of 48 teams, winning the second prize in Class B and being classified for the ensuing year in Class A. When it is considered that only eight teams representing the States from the entire Union finished ahead of this State it will be seen the remarkable advancement Maryland has made in rifle practice. Teams were also sent to the New Jersey State Rifle Matches at Sea Girt and the District of Columbia matches. At Sea Girt the Maryland team finished third in the Dryden Trophy Match, defeating teams from the United States Cavalry, United States Infantry, New York, New Jersey and District of Columbia.

State Range.

On November 25, 1908, the tract of land containing 342 acres, located near Glen Burnie, Anne Arundel county, Md., was purchased from the military funds, in the name of the State, for use as a rifle range, for the price of \$15,250.00, which, together with adjustment of interest, taxes, title fees, recording, etc., made a total expenditure from State funds of \$15,605.93. This tract consisted of the original land known as Saunders Range, containing 125 acres, and a tract adjacent thereto containing 217 acres. It was necessary to purchase the same at that time in order to secure the benefit of the option contained in an agreement entered into between the owners and the late

Adjutant General, John S. Saunders. A failure to exercise said option on behalf of the State by the 1st July, 1908, would have increased the purchase price on the Saunders Range tract by \$2,000.00. The necessary grading, clearing up and improving said tract are being carried on as fast as the money available will permit. The rifle butts have been erected from time to time in such manner as to practically obliterate any danger from accidents, and although thousands of men have used the range during the past two years, it is with much gratification that I am able to report that there has not been a single accident on the range during that period, and there have been no complaints from the citizens in the community.

It is contemplated to erect a permanent mess hall and sewerage system at the range as soon as the funds available will permit, to prevent in the future any possibility of the development of diseases from this source.

State Matches.

In addition to the 10 trophies heretofore presented for annual State competition, a copper shield has been presented by Capt. William Baird, United States Army, retired, on duty with the organized militia of Maryland, for annual competition in skirmish shooting, being known as the The Baird Skirmish Trophy.

The State matches during the past two years have been largely attended, there being more entries than ever before, and have created a very friendly rivalry among the respective members of the Guard of this State.

Rifle Associations.

The interest of the community at large in rifle and revolver shooting, both indoor and outdoor, has been furthered as far as possible by this office during the present administration. A room has been provided in the Howard Street Armory for use of the Baltimore Revolver Association, which includes among its members many of the most prominent citizens of that city. A new rifle club, known as the Cumberland Rifle Club, has been organized at Cumberland, Md., and affiliated with the Maryland State Rifle Association and the National Rifle Association, and it is believed that the organization of this club has tended towards the mustering of a company of infantry in that town. The Maryland State Rifle Association has been accorded the use of the Maryland State Rifle Range, and during the year 1909 their annual matches were held conjointly with the National Guard matches on the range.

Instruction of school boys in the use of the rifle has been furthered by this office, upon application of the Public Athletic League, permitting them to use the sub-target guns and indoor rifle ranges at the Howard Street Armory, under the general supervision and instruction of the Inspector of Small-Arms Practice on the Staff of the Commander of the First Brigade.

Inspections.

As required by the provisions of the Dick Bill and also the Militia Law of this State, the National Guard has been annually inspected during the past two years by both Government and State inspecting officers, in the armories, during the drill season, as well as while the troops were in active field service. Reports by these officers have been filed in this office, and when deficiencies are noted instructions have been issued to remedy the same.

The Naval Brigade was also inspected in detail by the Assistant Adjutant General of the State, and his report relating thereto is published in full in this volume.

It is with much gratification that the attendance at these inspections is gradually improved and a considerable improvement in the efficiency of the respective organizations noted. The standing of the respective organizations at these inspections, as provided in G. O. No. 10, series of 1904, is also published herewith.

Military Equipment.

In addition to the new guns and uniforms issued to the Guard during the past two years, the First Company Coast Artillery has been supplied with a large number of scientific instruments necessary for theoretical instruction in this branch of the service. The medical supplies have been largely supplemented by up-to-date supplies, instruments and first-aid pouches and packets. Full sets of entrenching tools have also been drawn and issued to the respective organizations of the Brigade, and fair leather horse equipment has been provided for the mounted officers of the different organizations.

Records.

The system of accounting in this office has been audited and brought up to date by the American Audit Company of New York. The system of keeping official records has been improved from time to time where it was found necessary, and it is expected, as soon as funds are found available, to adopt the card index and record system for enlistments.

Pay tables have been promulgated and official forms, blanks, etc., have been modified and corrected to meet the exigencies of up-to-date and correct military filing and recording systems. Steps have been taken to secure the muster-out records of the troops of this State in the Spanish-American War, in order that correct and official information may be furnished the respective State and Government Departments, as well as to individuals who are interested therein.

Former Adjutants General.

A list of the former Adjutants General of the State of Maryland, with dates of service, is published herewith. Biographical sketches were published in former reports from this office.

Battle Flags.

A list giving the numbers and names of the flags placed in the Flag Room at the State House, which room is in the custody of The Adjutant General of the State, is also published, together with the numbers, names and descriptions of the additional flags placed therein during the past two years.

Recruiting.

Steps are now being taken to prepare and publish a circular to be distributed to the business community of this State, inviting their attention to the steps taken in other States and the views of the press thereof, relating to the advisability of young men of the community entering and serving at least one term of enlistment in the National Guard. While the ranks of the Guard of this State at the present time are fairly well filled and its state of efficiency higher than ever before, yet it must be realized that when there is a change in the personnel of approximately 33% each year, it is necessary to continually endeavor to secure recruits, and it is only by the co-operation of the business firms in the city of Baltimore and throughout the State that a desirable class of men can be secured. The time when the National Guardsmen entered the service for pleasure only is past, as the requirements of the service now take up considerable time and a large amount of study. Therefore, the co-operation of the State authorities and business community are both needed to retain the Guard in its present efficient condition.

Several minor alterations in the Militia Law will be recommended to the General Assembly at the session of 1910, for which the approval of your Excellency is requested, and I beg to ask your consideration of the advisability of changing the

Governor's Staff as at present constituted. Many States have abolished the custom of appointing and commissioning the entire staff from civil life. I recommend that the law be changed so that the staff be organized by detail from the National Guard; with, say, five personal appointments with the rank of Colonel. By this mode the Governor would select those for the detail from the officers of the Guard, who would, in addition to their staff duties, continue to perform the duties of their offices. This system is being adopted, and in many of the States all Staff officers have duties to perform in connection with the Guard.

I wish to testify to the efficient and loyal manner in which Col. Charles D. Gaither, Inspector General's Department; Col. Harry M. Hutton, Assistant Adjutant General; Capt. J. C. Marshall, Military Storekeeper, and all those connected with this office have performed their duties, and to the loyal support rendered by all the officers of the National Guard of the State

Respectfully submitted,

HENRY M. WARFIELD,

The Adjutant General.

FISCAL REPORTS
OF THE
ADJUTANT GENERAL
OF MARYLAND,
1908 AND 1909.

1908.

ACCOUNT OF RECEIPTS AND DISBURSEMENTS OF THE APPROPRIATIONS MADE BY THE GENERAL ASSEMBLY OF MARYLAND FROM JANUARY 1 TO DECEMBER 31, 1908, FOR THE MAINTENANCE AND EQUIPMENT OF THE ORGANIZED MILITIA OF MARYLAND.

Reports of Officers.

Report of Commanding General, First Brigade.

MARYLAND NATIONAL GUARD, HEADQUARTERS FIRST BRIGADE.

11TH AUGUST, 1909.

*Adjutant General, State of Maryland,
Annapolis, Maryland.*

Sir: I have the honor to submit the following report upon the condition of the Brigade.

The organized strength of the Brigade on this date is shown by the following table:

ORGANIZATION.	Comm'd Officers.	Enlisted Men.	Total.
Brigade Headquarters	8	4	12
First Infantry	39	549	588
Fourth Infantry	42	592	634
Fifth Infantry.....	49	649	698
First Separate Company.....	3	59	62
Troop "A"	3	55	58
First Company, Coast Artillery ...	3	47	50
Total	147	1,955	2,102

A State Encampment of the Brigade was held at Westminster, Md., from July 18th to 25th, 1909. The site selected proved an admirable one, and the surrounding country well suited for field exercises. Three officers of the United States Army were detailed by the War Department and have made their reports upon the work of the Brigade in camp.

To the officers of the various staff departments assigned to duty at these headquarters I desire to express my appreciation for their faithful and efficient services.

Very respectfully,

LAWRASON RIGGS,

Brigadier General.

Report of Acting Inspector General, First Brigade.

OFFICE OF

ACTING INSPECTOR GENERAL, FIRST BRIGADE, M. N. G.

MARCH 15, 1909.

To the Adjutant General, First Brigade, M. N. G.

Sir: In obedience to G. O. No. 12, Headquarters First Brigade, dated Baltimore, December 3, 1908, I have the honor to submit the following report of inspection made under the provisions of said General Order, together with such recommendations in regard to the drill and equipment of the Brigade that will, in my opinion, better the general efficiency of the same.

The strength of the organizations of the Brigade at the time of the inspection are as follows:

ORGANIZATION.	Officers.	Enlisted Men.	Total.
Brigadier General and Headquarters Staff	8	3	11
First Infantry	41	496	537
Fourth Infantry	42	647	689
Fifth Infantry	50	612	662
First Separate Company, Infantry.	3	58	61
First Company, Coast Artillery....	3	41	44
Troop A	4	49	53
Total	151	1,906	2,057

You will note that the Brigade shows an increase over the last inspection of one officer and one hundred and eleven enlisted men, although Company L, of the First Infantry, was mustered out in accordance with G. O. No. 6, A. G. O., series 1908.

THE ORGANIZATIONS OF THE BRIGADE PARADED FOR INSPECTION THE
FOLLOWING NUMBER OF OFFICERS AND ENLISTED MEN:

ORGANIZATION.	PRESENT.		ABSENT.		Per Cent. Present.
	Officers.	Enlisted Men.	Officers.	Enlisted Men.	
Brigadier General and Headquarters Staff...	8	3	100.00
First Infantry, (10 Com- panies)	35	389	6	107	78.96
Fourth Infantry.....	40	518	2	129	80.99
Fifth Infantry.....	50	535	77	88.37
First Separate Company, Infantry.....	3	52	6	90.16
First Company, Coast Artillery.....	3	34	7	84.09
Troop A	4	42	7	86.79
	143	1,573	8	333

Brigade percentage present, 83.41.

FIRST REGIMENT.

COL. CHARLES A. LITTLE.

Headquarters, Hagerstown.

Inspected January 18, 1909.

I have no comments to make upon the manner in which the records of this Regiment are kept, as they are in the same excellent condition that I have always found them during Col. Little's administration.

I again call attention of the Regimental and Battalion Commanders to the fact that an allowance to cover traveling expenses by which these gentlemen could visit the companies of their respective commands has never been utilized, and I most earnestly urge that the Battalion Commanders be required to visit their companies at least once in each drill season and inspect the same, and see that the instruction is carried out in accordance with the regulations, and reports of these visits be made with the Regimental Commander and filed in his office for future reference.

The First Regiment needs particularly the supervision of Battalion Commanders.

CLOTHING.

The Regiment was paraded in heavy marching order and the clothing, blue uniforms, as far as could be seen, was in good shape and presented creditable appearance, showing considerably more care than noted at past inspection. Summer uniforms (Khaki) needs cleaning in a few cases, and in a few companies will have to be replaced. A number of the companies were equipped last spring with new uniforms, and these we found in as good condition as could be expected. A number of the shoes issued have been worn out before being returned by the men, or the fact that he was not well fitted with a pair of shoes and proceeded to cut the same so as he could walk. Therefore, quite a number of shoes will have to be returned and replaced, I should say about 30% of those issued. I found the property in a great majority of the companies of the Regiment in good shape in their lockers, but still several companies have not obeyed orders previously issued requiring clothing to be kept in the Armory. This is notably noticed in D and K, and I respectfully recommend that steps be taken to require the compliance of these two companies. This matter can be readily followed up by the Regimental Quartermaster, and looked into more fully by the Battalion Commander upon their visits of inspection and instruction.

COMPANY A, Frederick.—Captain, D. JOHN MARKEY; First Lieutenant, HARRY J. KEFAUVER; Second Lieutenant, FRANK S. BENTZ.

Enlisted strength, 40. Inspected January 19, 1909.

Present at inspection, 3 officers and 39 enlisted men. Absent, 1 enlisted man with leave.

The books and records of this company are in proper shape and up-to-date.

PROPERTY.

Clothing and equipment in the same excellent condition and under the same system as last year.

INSPECTION.

Company well sized, neat and steady. Packs not properly fitted. Inspection arms, very good. Physique, fair. Four or five very young and very slight. Company Commander should be careful not to enlist men who barely reach the physical standard required.

COMPANY DRILLS.

Close Order—Good to very good. Strict attention has been paid to drill regulation. Attention called to Paragraph 168, D. R.

Extended Order—Very good. Squad leaders intelligent and well grounded in their duties. Manual, good; cadance, fair; heads remarkably steady. Stack, good.

GUARD DUTY.

Very good. Enlisted men, both non-commissioned officers and privates, remarkably well grounded in their duties. General Orders well memorized and its provisions thoroughly understood.

Efficiency of non-commissioned officers of this company good. They are well instructed and enthusiastic. Their instruction has been systematic. The general condition of this company is very good, and the fact that it is past the crucial time, namely, the expiration of the first three years of service, last July, and that the Captain was able to parade as good a company and to keep it to the same high state of instruction reflects great credit upon him and his other officers and men of his company, and with the next inspection this company should show even greater efficiency.

The company qualified at the rifle range this year in small-arms practice, 44 men out of 48, and had every man present at the range.

COMPANY B, Hagerstown.—Captain, GEORGE L. FISHER;
First Lieutenant, REUBEN K. SMALL; Second Lieutenant,
HARRY C. ALVEY.

Enlisted strength, 51. Inspected January 18, 1909.

Present at inspection, 3 officers and 35 enlisted men. Absent, 16 enlisted men. All of enlisted men absent were with leave and out of the State.

Books and records in excellent condition.

PROPERTY.

The property of this company is in perfect condition, not a buckle or strap missing. Every article of equipment in its proper place and readily reached for inspection or use. I can only repeat my former congratulations to the Captain on his efficiency in the care of his property, and repeat my recommendation of my last report.

INSPECTION.

Company fairly sized, neat and steady. Inspection arms, fair. Packs and equipment good and properly put on. Physique, good.

COMPANY DRILL.

Close Order—Fair. Facings and set up, fair.

Extended Order—Fair. Manual good, stack poor. Attention called to Paragraph 119, D. R.

GUARD DUTY.

Fair. Men only understand slightly the requirements of the General Order. Only one corporal well grounded in his duties. Both non-commissioned officers and enlisted men need systematic instruction in this most important duty. I believe that the great falling off in general efficiency of this company is largely due to the fact that during the past two years its services in camp has been as the artillery reserve and that the non-commissioned officers and men of the company have not had the proper instruction in their duties. The lieutenants of this company should be given more opportunity to command their platoons and thus enable them better to fulfil their duties. The efficiency of the non-commissioned officers is only fair; they need systematic instruction in the school of the soldier and the squad, both close and extended order. It should be no trouble for this company to regain its position in the Brigade with systematic instruction, as the Company Commander is most efficient in the duty of his office.

The company qualified at the rifle range this year in small-arms practice, 48 out of 62, and had every man present at the range.

COMPANY C, Cambridge.—Captain, J. HOWARD HIRST; First Lieutenant, V. CALVIN TRICE; Second Lieutenant, BENJ.

H. RICHARDSON.

Enlisted strength, 45. Inspected January 27, 1909.

Present at inspection, 3 officers and 31 enlisted men. Absent, 14 enlisted men, 5 with leave, 9 without. Men absent mostly employed as oystermen and absent during the winter engaged in seeking their livelihood.

Books and records in good shape and properly kept.

PROPERTY.

Property systematically arranged. Well cared for and in good condition, wear and tear excepted. Bayonets should be looked after, as they are not in constant use. Cosmoline should be furnished this company at once to properly care for rifles. Khaki clothing needs cleaning.

INSPECTION.

Company fairly sized, neat and steady. Inspection arms, fair. Packs well made by each individual, properly worn. Physique, fair. Company has lost a number of men during the past year, and in the enlistment of men care has not been exercised and too many slight men have been taken to keep the company up to the required strength.

COMPANY DRILL.

Close Order—Good.

Extended Order—Good. Manual fair. Stack fair.

GUARD DUTY.

Fair. General Order fairly memorized. Men fairly grounded in requirements of sentry duty. Non-commissioned officers well grounded in their duties. First Lieutenant should perfect himself in the method of giving orders. Does not properly give his commands. Second Lieutenant is deaf to such an extent that he is unable to properly fill his position. Should be ordered before Medical Board for examination.

Qualified at the rifle range 40 out of 50 men, and had every man present at the range.

COMPANY D, Belair.—Captain, WALTER R. MCCOMAS; First Lieutenant, H. S. SHERTZER; Second Lieutenant, R. H. ARCHER, JR.

Enlisted strength, 51. Inspected January 20, 1909.

Present at inspection, 2 Lieutenants and 43 enlisted men. Absent with leave, 2 enlisted men. Absent without leave, 1 Captain, 6 enlisted men.

Books and records properly kept except property book, and this book not presented for inspection.

PROPERTY.

Property of this company is not in good shape. The Armory is inadequate and the storing facilities are not good. The small room in which property on hand is kept is leaky. Rifles in bad shape. Racks placed opposite windows, and rain beats through broken panes of glass upon them. The equipment of the company was in very poor condition. Meat cans had evidently not been cleaned since return from camp.

CLOTHING.

Clothing not all deposited in Armory. More system should be used in the care of same. The Battalion Commander, who resides at the station of this company, should be directed to personally inspect this property during the month of April and require that all property should be kept in the Armory. Khaki uniforms badly worn and very dirty; should be cleaned and at once replaced with new. The dress uniforms have been worn at company drills and need pressing. Orders should be issued requiring men to drill in the blue blouse. Company should have closet for clothing in Company Quartermaster's Department. At present all stores are kept in boxes around the drill hall, carelessly packed and looked after. The Armory is in very bad condition, and if possible to secure other quarters, same should be immediately procured.

INSPECTION.

Company well sized and fairly steady, but not neat. Half the men without leggins. Inspection arms, poor. Physique, very good. Rolls, fair.

COMPANY DRILL.

Close Order—Fair. Company shows improvement over last year.

Extended Order—Good. Manual of arms, fair. Stack, fair.

GUARD DUTY.

Poor. General Orders not taught to privates, nor the requirements of the sentry understood. Non-commissioned officers well grounded in guard duty and in other positions as squad leaders. If some systematic instruction is given to the privates, company will rapidly improve. First Lieutenant not well grounded. Should be ordered before Board for examination as to his qualifications to hold position for which he is commissioned.

Qualified at rifle range, 42 out of 50; had every man present at the range.

COMPANY E, Elkton—Captain, JOHN A. MORGAN; First Lieutenant, (Vacant); Second Lieutenant, CARROLL EDGAR.

Enlisted strength, 42. Inspected January 22, 1909.

Present at inspection, 2 officers and 33 enlisted men. Absent, four enlisted men with leave. Five without.

Books and records correctly kept and in proper shape, except order book, this not up to date.

PROPERTY.

Property in better shape than last year. Arms same; practically 50% of the blue shirts of this company are worn out and should be replaced. Khaki uniforms dirty, need cleaning. Quartermaster's Department should forward Naphthaline and Cosmoline at once, as it is needed for immediate use. Closets should be built to hang overcoats and other uniforms. Present system of packing in boxes not conducive to soldierly appearance of same.

INSPECTION.

Company well sized and neat and steady. Inspection arms, fair. Rolls, neat. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual of arms, fair. Stack, good.

GUARD DUTY.

Poor. Men have slight knowledge only of the General Order and of the duties of a sentry. Company needs systematic instruction by squads in guard duty as laid down in Circular No. 6, H. Q. First Brigade, series 1908. Efficiency of non-commissioned officers, First Sergeant and Sergeant Reeder, fair; Corporals Foster and Parker, good; others poor. Second Lieutenant should familiarize himself with the proper method of giving orders. Company shows general improvement. Number of men present at the rifle range, 39 out of 47. Qualified, 28.

COMPANY F, Easton.—Captain, CARL E. TRICKLE; First Lieutenant (Vacant); Second Lieutenant (Vacant).

Enlisted strength, 40. Inspected January 29, 1909.

Present at inspection, 1 officer and 17 enlisted men. Absent, 15 enlisted men with leave, 8 without.

Books and records not kept up. The blank roll book has no entries since drill in May, 1908, and enlisted book not in shape.

PROPERTY.

Property of the company is in fair shape, and is kept in the lockers. Needs Naphthaline in the next month or so. There is a considerable shortage of property in this company that has not been adjusted since Captain Trickle receipted to Major Adams for the same. Captain Trickle has made a considerable effort to recover this property, and some method should be arranged

by which he can be relieved of responsibility. Practically all the property issued by him is kept in the armory. Company's Quartermaster Department is well kept, but closet should be built for overcoats and other clothing so that the dust will be kept from them.

INSPECTION.

Company badly sized, neat and fairly steady. Inspection of arms, fair. Rolls, ragged. Physique, good.

COMPANY DRILL.

The drill of this company was so poor and the knowledge shown so slight that it is hard to criticise at all. Non-commissioned officers know nothing of their duties, and apparently have made no efforts to learn same. Company has not had a drill since May, 1908, last, nor an assembly of any kind since going to the rifle range. Captain Trickle's resignation is in the hands of the Regimental Commander awaiting action. Since making inspection above reported, I again visited Easton on the 1st of March, in obedience to Special Order No. 5, Headquarters First Brigade, series of 1909, to ascertain what chances there were to keep this company in the service. I found that an effort had been made by the citizens of the town and that 25 new men had been enlisted. The company was drilling four nights in the week to prepare themselves so that they could accompany Brigade to Washington on the 4th of March. Two Lieutenants have been elected, Paul M. Nickerson being elected First Lieutenant and George P. Quimby Second Lieutenant. The company, under these two young gentlemen, showed great improvement and presented a fairly creditable drill. Both new officers are graduates of Military Colleges and apparently are capable of making efficient officers. I therefore respectfully recommend that this company be kept in the National Guard, so that the effort to reorganize and revivify the company may enable it to again present a fair drill.

COMPANY H, Westminster.—Captain, JOHN N. WEIGLE; First Lieutenant (Vacant); Second Lieutenant (Vacant).

Enlisted strength, 45. Inspected January 25, 1909.

Present at inspection, 1 Captain and 41 enlisted men. Absent, 4 enlisted men with leave.

PROPERTY.

Property well cared for and as systematically arranged as storeroom will permit. Allowance should be made to build closets to keep clothing and equipment in. At present they are

hung in the storeroom and are damaged by dust. Storeroom has no shutters yet. Property liable, from this cause, to be stolen. This can be obviated by the building of closets.

Books and records in proper shape. Khaki uniforms need cleaning and should be replaced with mostly new clothing.

INSPECTION.

Company well sized, neat and steady. Rolls, well made. Inspection arms, good. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual very good except stack; needs instruction. Attention called to Paragraph 119.

GUARD DUTY.

Poor. Men, non-commissioned and privates, need systematic instruction in this duty. Little attention has been paid to these instructions. Circular No. 6, series 1908, to be followed out strictly. Efficiency of non-commissioned officers poor. They need systematic instruction. Captain has tremendous amount of work on his shoulders, as non-commissioned officers are not competent to properly instruct their men and thus relieve him of this duty. Schools should be held weekly until non-commissioned officers become efficient.

Company qualified during the season of 1908 37 out of 49 men. Percentage present at the range, 92.45.

COMPANY I, Salisbury.—Captain, H. W. OWENS; First Lieutenant, A. W. Woodcock; Second Lieutenant (Vacant).

Enlisted strength, 42. Inspected January 28, 1909.

Present at inspection, 1 Captain and 39 enlisted men. Absent, 1 First Lieutenant and 3 enlisted men with leave.

CLOTHING.

In good condition. Is carefully looked after by the Company Commander. Clothing and equipment systematically arranged. Books and records up to date and properly kept.

INSPECTION.

Company fairly sized, neat and steady. Inspection arms, fair. Rolls, well made. Equipment not properly put on. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual fair, stack good.

GUARD DUTY.

Fair. Non-commissioned officers and men need systematic instruction in the requirements of the General Order. Men have only a common-sense idea of the duties of a sentry. Circular No. 6 should be strictly followed. Efficiency of non-commissioned officers poor. All non-commissioned officers, except Sergeant Brittingham and Corporal Gordy, need instruction. Schools of non-commissioned officers should be held regularly and reports of same made to Battalion Commander for his information. Captain has no assistance from First Lieutenant. Well instructed non-commissioned officers are essential for the betterment of this company. Improvements shown over last year directly traceable to the instruction given at Fort Howard last summer. Company has secured new Armory and should show improvement by next inspection.

Qualified during the season of 1908, 44 out of 48 men. Percentage strength present, 91.67.

COMPANY K, Havre de Grace.—Captain, NORVAL P. CHAPMAN; First Lieutenant, ALBERT H. WOOD; Second Lieutenant, W. G. GRANT.

Enlisted strength, 51. Inspected February 19, 1909.

Present at inspection, 3 officers and 36 enlisted men. Absent, 4 enlisted men with leave, 11 without.

PROPERTY.

Property of this company is not in good shape. No system is used in care of same. Rolls poorly made. Property is not kept as it should be. No attention paid to proper care of same.

Books and records not properly kept or up to date. Clothing needs Naphthaline for summer months. The lack of proper Armory facilities is one cause for the property of this company being so badly kept. Every effort should be made by the State to secure adequate quarters for this company.

INSPECTION.

Company badly sized. Fairly steady, but not neat. Inspection arms, poor. Physique, good. Company has not covers for arm racks. Company Commander was instructed to make requisition for same.

COMPANY DRILL.

Close Order—Poor.

Extended Order—Very poor. Manual, fair.

GUARD DUTY.

Very poor. The non-commissioned officers or privates haven't any idea of the requirements of this duty. Efficiency of non-commissioned officers very poor. These men have not been instructed and apparently have no idea as to the requirements of their duties. Need instruction in every line of duty. Company shows little or no improvement over last year, in spite of the fact they were in camp the same length of time as other companies of the Regiment. The discipline of the company is nil. It is very hard to suggest any method by which this company can be improved unless a new Armory and a new Commanding Officer can be obtained. The Captain has little idea of the duties of his office and should be ordered before Board to examine him in his qualifications. First Lieutenant is energetic and willing, but lacks force. Second Lieutenant qualified for his position, but lives a considerable distance from the station of the company and only attends drills at rare intervals. The Captain lives in Baltimore, so the entire work falls on the First Lieutenant, who needs assistance greatly. I would further recommend that this company be assigned to Major Reckord for instruction, and that he be directed to give it as much attention on its regular drill nights as it is possible for him to do, as the men have had no proper instruction. The Armory is too small for any instruction except by squad, and is simply a meeting place.

Qualified in 1908, 26 out of 34. Percentage present, 66.67. Figure of merit lowest in the Regiment.

COMPANY M, Annapolis.—Captain (Vacant); First Lieutenant, LOUIS B. MYERS; Second Lieutenant, G. W. SEARS.

Enlisted strength, 47. Inspected January 26, 1909.

Present at inspection, 1 First Lieutenant and 40 enlisted men. Absent with leave, 1 Second Lieutenant and 6 enlisted men; without leave, 1.

PROPERTY.

The property of this company systematically arranged and in good condition. Care is shown in preserving same, and Lieutenant Myers has greatly bettered conditions in this department.

Books and records are not properly kept. Enlistment book not signed nor in proper shape. Company Commander was instructed to rectify this at once.

INSPECTION.

Company fairly sized. Neat and very steady. Rolls, very neat and properly put on. Inspection arms, good. Physique, good.

COMPANY DRILL.

Close Order—Fair to good.

Extended Order—Very good. Manual, good. Stack, good. Attention called to Paragraph 55, third section of same.

GUARD DUTY.

Very good. Intelligence shown by both non-commissioned officers and privates. Instruction in this important duty very good and very careful and systematic. Efficiency of non-commissioned officers good. Men have been well grounded and are efficient, except Corporals Gunther and Drury. The improvement of this company over last year is very great and should be a source of much pride to the Lieutenant commanding, and the company bids fair to take much higher rank if the same system is maintained for another year.

Qualified, 36 out of 48. Percentage present, 85.42. In this connection the Company Commander should see that every man in the company presents himself at the range during the coming season.

BAND, Westminster.

Drum Major, F. BONNETTE; Bandmaster, ROBERT B. MORELOCK.

Enlisted strength, 32. Inspected January 25, 1909.

Present at inspection, 28 enlisted men. Absent, 4 enlisted men, with leave.

PROPERTY.

Clothing and equipment in excellent condition. Systematically arranged and well cared for. Books and records in proper shape and up to date.

INSPECTION.

Band property fair, neat and steady. Instruments in excellent condition. Appearance excellent. Drill good, time good. Band shows improvement every year, and condition of same reflects great credit upon the Bandmaster, and all the men have reason to be proud of the showing made.

REPORT OF THE
FOURTH REGIMENT.

COL. CHARLES F. MACKLIN.

Field Staff and Non-Commissioned Staff inspected February 9, 1909.

Present at inspection, 17 officers and 11 enlisted men. Absent, 1 enlisted man with leave, out of the State. All officers and men properly equipped with State and United States property issued by the State.

QUARTERMASTER'S DEPARTMENT.

General condition, excellent. All stores systematically arranged and cared for.

ORDNANCE DEPARTMENT.

In the same excellent condition. Stores carefully and systematically arranged.

REMARKS ON FOURTH REGIMENT.

This Regiment was paraded in heavy marching order, blue uniforms. Clothing is in good condition and has been carefully looked after by the Quartermaster of the Regiment. Only blue uniforms are issued regularly to the enlisted men, and only this one uniform is kept in the lockers. Uniforms fit better than last year and Regiment presented a neat appearance. Khaki uniforms are dirty and should be cleaned at once, preparatory to being used during the coming summer.

COMPANY A.—Captain, A. GUY BUFFINGTON; First Lieutenant, W. H. BARNES; Second Lieutenant, JOHN J. CARLIN.

Enlisted strength, 52. Inspected February 12, 1909.

Present at inspection, 3 officers and 38 enlisted men. Absent, 6 enlisted men with leave, 8 without.

PROPERTY.

Clothing and equipment in good condition.

Books and records in proper shape and up to date, except property book.

INSPECTION.

Company fairly sized, neat and fairly steady. Would have been steady but for three men in front rank directly facing Second Lieutenant during inspection of company. Inspection arms, fair. Rolls, neat. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual of arms, fair. Stack, fair. Heads in the rear rank unsteady.

GUARD DUTY.

Poor. Men show little systematic instruction. Efficiency of non-commissioned officers poor. These men need school in Guard Duty and School of the Squad, Extended Order. Attention of First Lieutenant is called to Paragraph 168 and 222, second sub-division.

Qualified at the rifle range, 55 out of 58. Every man in the company present at the range. Figure of merit, 118.88. Company Commander deserves great credit for efficient work in this important instruction, and has kept his company up to the high standard set by him in 1907.

COMPANY B.—Captain, GEORGE F. HAUPT; First Lieutenant, HENRY F. LUPUS; Second Lieutenant (Vacant).

Enlisted strength, 53. Inspected February 10, 1909.

Present at inspection, 2 officers and 53 enlisted men. Absent, none.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records correctly kept and up to date.

INSPECTION.

Company well sized, neat and steady. Inspection arms, good. Would have been very good but for rear rank. Rolls very neat and well fitted. Physique, good.

COMPANY DRILL.

Close Order—Good.

Extended Order—Good. Manual of arms, good. Stack, good.

GUARD DUTY.

Good. Enlisted men show careful instruction in this most important duty. Privates better grounded than non-commissioned officers. Efficiency of non-commissioned officers good. Corporals are intelligent, but need more systematic instruction in Guard Duty.

Qualified during the season of 1908, 55 out of 60 men. Every man present at the range. Figure of merit, 110.83. Company Commander deserves great credit for the general efficiency of his company. His energetic and systematic work has kept his company to the same high standard of efficiency already attained in past years, and the high grade won in the past season should be a matter of much satisfaction. I particularly desire to congratulate Captain Haupt upon parading for inspection every officer and man in his company.

COMPANY C.—Captain, G. U. POPE; First Lieutenant, W. H. VICKERS; Second Lieutenant, P. J. LEVERING.

Enlisted strength, 59. Inspected February 15, 1909.

Present at inspection, 3 officers and 42 enlisted men. Absent, 5 enlisted men with leave, 12 without.

PROPERTY.

Clothing and equipment in excellent condition, but equipment badly put on. No system used in arrangement of haversacks and canteens.

Books and records properly kept, except property book.

INSPECTION.

Company fairly sized and fairly steady. Inspection arms, good. Rolls, neat. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual of arms, fair. Stack, poor.

GUARD DUTY.

Fair. Enlisted men need closer instruction in this duty. Efficiency of non-commissioned officers good. Well instructed and systematically taught their duties. Company needs instruction in Paragraph 168, D. R.

Qualified during the season of 1908, 36 out of 51. Every man present at the range. Figure of merit, 94.51.

COMPANY D.—Captain, JOHN PHILIP HILL; First Lieutenant, CHARLES E. DICKEY, JR.; Second Lieutenant (Vacant).

Enlisted strength, 57. Inspected February 9, 1909.

Present at inspection, 1 Captain and 42 enlisted men. Absent, 1 First Lieutenant and 7 enlisted men with leave, 8 without.

PROPERTY.

Clothing and equipment in good condition.

Books and records not up to date. Enlistment book and property book not in proper shape.

INSPECTION.

Company badly sized, neat but unsteady. Considerable turning of heads and star-gazing. Inspection arms, poor. Rolls, poor. Equipment badly adjusted and not properly put on. Physique, fair.

COMPANY DRILL.

Close Order—Poor.

Extended Order—Fair. Manual of arms, poor. Heads very unsteady. Stack, poor.

GUARD DUTY.

Very poor. Enlisted men show apparently no instruction in this duty. Provisions of Circular No. 6 have evidently not been very carefully carried out. Efficiency of non-commissioned officers poor. These men are intelligent, but need systematic instruction in School of the Squad, Company and Guard Duty. Captain's attention is called to Paragraphs 168, 171, 174, 237, D. R.

Qualified during the season of 1908, 44 out of 61 men. Present at the range, every man in company. Figure of merit, 83.61.

COMPANY E.—Captain, ALBERT S. GILL; First Lieutenant, CLARKE THOMAS; Second Lieutenant (Vacant).

Enlisted strength, 52. Inspected February 12, 1909.

Present at inspection, the First Lieutenant and 38 enlisted men. Absent, Captain (sick, typhoid fever), and 5 enlisted men with leave; 9 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records properly kept, but letter book is not up to date.

INSPECTION.

Company well sized, neat and fairly steady. Inspection arms, fair. Rolls, neat. Physique, good, except one man.

COMPANY DRILL.

Close Order—Good.

Extended Order—Good. Manual of arms, fair. Stack, good.

GUARD DUTY.

Privates fair. Same instruction given. Men fairly grounded in duties of a sentry. Efficiency of non-commissioned officers good, especially in Guard Duty.

Qualified during the season of 1908, 37 out of 51. Every man present at the range. Figure of merit, 79.02.

COMPANY F.—Captain, CRAFT W. VONEIFF; First Lieutenant (Vacant); Second Lieutenant (Vacant).

Enlisted strength, 40. Inspected February 9, 1909.

Present at inspection, 1 Captain and 30 enlisted men. Absent, 3 enlisted men with leave, 7 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records correctly kept and up to date.

INSPECTION.

Company well sized, neat and steady. Inspection arms, fair. Rolls, neat. Physique, good.

COMPANY DRILL.

Close Order—Fair. Open ranks, good.

Extended Order—Poor. Manual of arms, good. Stack, good.

GUARD DUTY.

Poor. Enlisted men show little instruction in this duty. Little knowledge of the General Order shown by either non-commissioned officers or privates. Efficiency of non-commissioned officers, poor. Need instruction badly in the School of the Squad, Company and Guard Duty. Right guide very poor, not capable.

Qualified during the season of 1908, 37 out of 55. Figure of merit, 75.91. Present at the range, 50 men.

COMPANY G.—Captain, HERBERT C. BLAKE; First Lieutenant, JAMES S. MAHOOL; Second Lieutenant (Vacant).

Enlisted strength, 45. Inspected February 16, 1909.

Present at inspection, 1 Captain, 1 First Lieutenant and 26 enlisted men. Absent, 1 enlisted man with leave, 18 without.

PROPERTY.

Clothing and equipment in good condition.

Book and records not up to date. Roll book not kept.

INSPECTION.

Company fairly sized, neat and fairly steady. Inspection arms, poor. Rolls, fair. Physique, fair.

COMPANY DRILL.

Close Order—Poor.

Extended Order—Fair. Manual, poor. Stack, fair.

GUARD DUTY.

Fair. Privates show some instruction in the duties of a sentry. Efficiency of non-commissioned officers fair. Privates need instruction in the School of the Squad and Soldier.

Qualified during the season of 1908, 28. Present at the range, every man. Figure of merit, 63.70. Lowest in Regiment.

COMPANY H.—Captain, BRUCE B. GOOTEE; First Lieutenant, CHAS. K. DUCE; Second Lieutenant (Vacant).

Enlisted strength, 50. Inspected February 15, 1909.

Present at inspection, 2 officers and 39 enlisted men. Absent, 3 enlisted men with leave, 8 without.

PROPERTY.

Clothing and equipment in fair condition.

Books and records up to date, except property book.

INSPECTION.

Company badly sized, neat and fairly steady. Inspection arms, poor. Rolls, fair. Physique, good.

COMPANY DRILL.

Close Order—Poor.

Extended Order—Very poor. Manual, fair. Stack, poor.

GUARD DUTY.

Privates very poor, show little or no instruction. Haven't common-sense idea of the duties of a sentry. Efficiency of non-commissioned officers fair. Corporals are well instructed in Guard Duty, but need instruction in the School of the Company and Squad, Extended Order. Privates need instruction in all formation.

Qualified during the season of 1908, 48 out of 55. Every man present at the range. Figure of merit, 104.73.

COMPANY I.—Captain, JOHN E. RITTENHOUSE; First Lieutenant, LOUIS S. WILSON; Second Lieutenant (Vacant).

Enlisted strength, 43. Inspected February 10, 1909.

Present at inspection, 2 officers and 37 enlisted men. Absent. 3 enlisted men with leave, 3 without.

PROPERTY.

Clothing and equipment in good condition.

Books and records in proper shape and up to date, except order book.

INSPECTION.

Company fairly sized, neat and fairly steady. Inspection arms, poor. Rolls, neat. Equipment not properly put on. Physique, good.

COMPANY DRILL.

Close Order—Poor.

Extended Order—Fair. Manual arms, poor. Heads very wobbly. Stack, poor.

GUARD DUTY.

Fair. Privates have a slight knowledge of the General Order and a fair knowledge of the common-sense idea of a sentry. Efficiency of non-commissioned officers, poor. Not properly grounded in any of their duties. Need systematic instruction in Schools of Squad, Soldier, Company and Guard Duty.

Qualified during the season of 1908, 37 out of 52. Present at the range, 50. Figure of merit, 85.29.

COMPANY K.—Captain, CHARLES E. HUMMELL; First Lieutenant, THORNTON ROGERS; Second Lieutenant (Vacant).

Enlisted strength, 50. Inspected February 16, 1909.

Present at inspection, 2 officers and 50 enlisted men. Absent, none.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records in proper shape and up to date.

INSPECTION.

Company fairly sized, neat and steady. Inspection arms, fair. Rolls, neat, but half a dozen put on improperly. Three men without hat cords. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Good. Manual of arms, fair. Stack, fair. Attention called to Paragraph 55, D. R., third sub-division.

GUARD DUTY.

Poor. Enlisted men have little knowledge of General Order, but understand the common-sense idea of the duties of a sentry. Efficiency of non-commissioned officers, fair. Need instruction in School of the Company. Extended Order and in Guard Duty. Particular attention called to Paragraph 168. Company needs instruction in this movement.

Qualified during the season of 1908, 40 out of 55. Present at the range, every man of the company. Figure of merit, 93.86.

I particularly desire to congratulate Captain Hummel upon parading the total strength of his company, both at the rifle range and at the inspection. Interest shown by the men by their attendance cannot fail to produce excellent results for this company during the coming year.

COMPANY L.—Captain, E. H. J. STRESCH; First Lieutenant, (Vacant); Second Lieutenant (Vacant).

Enlisted strength, 45. Inspected February 11, 1909.

Present at inspection, 1 Captain and 40 enlisted men. Absent, 4 enlisted men with leave, 1 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records up to date, except property book.

INSPECTION.

Company well sized, neat and steady. Inspection arms, fair. Company needs instruction in Paragraph 168. Physique, fair. Rolls, neat. Meat cans need attention.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual of arms, good. Stack, good.

GUARD DUTY.

Poor. Enlisted men need instruction badly in the requirements of this duty. Few have any idea of the requirement of a General Order of the common-sense idea of the duties of a sentry. Efficiency of non-commissioned officers, fair. Need instruction in the General Order and in Guard Duty.

Qualified during the season of 1908, 32 out of 51. Present at the range, 45. Figure of merit, 71.86.

COMPANY M.—Captain, SAMUEL W. FILBERT; First Lieutenant, W. S. CARR, JR.; Second Lieutenant, W. K. TAVENNER.

Enlisted strength, 58. Inspected February 11, 1909.

Present at inspection, 3 officers and 45 enlisted men. Absent, 8 enlisted men with leave, 5 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records up to date and properly kept, except property book.

INSPECTION.

Company well sized, neat and fairly steady. Inspection arms, fair. Rolls, neat. Physique, good.

COMPANY DRILL.

Close Order. Fair.

Extended Order—Good. Manual of arms, fair. Stack, fair.

GUARD DUTY.

Fair. Enlisted men have common-sense idea and some slight knowledge of the General Order. Efficiency of non-commissioned officers would be good if they were better instructed in the requirements of duties in Guard Duty. School should be held in this duty.

Qualified during the season of 1908, 36. Present at the range, every man of the company. Figure of merit, 90.32.

HOSPITAL CORPS.

Enlisted strength, 12. Inspected February 11, 1909.

Present at inspection, 9 enlisted men. Absent, 3.

PROPERTY.

Clothing and equipment in fair shape.

I respectfully recommend that the Chief Surgeon of the Brigade have an inspection made of the condition of the medical supplies belonging to this Regiment.

FIELD MUSIC.

Drum Major, MICHAEL F. GILCHRIST.

Enlisted strength, 22. Inspected February 10, 1909.

Present at inspection, 21 enlisted men. Absent, 1 man by name of Clarence A. Myers, said to be an enlisted man in the Field Music of the Fifth Infantry. I have been unable to ascertain by what name this man is enlisted in the Field Music of the Fifth Regiment.

PROPERTY.

Clothing and equipment in excellent condition. Rolls, neat.

INSPECTION.

Equipment, excellent. Appearance, excellent. The Field Music of this Regiment has improved greatly during the past year, and this improvement is a credit to the officer in charge of the Field Music.

FIFTH REGIMENT.

COL. C. BAKER CLOTWORTHY.

Headquarters, Baltimore.

Field Staff and Non-Commissioned Staff inspected February 1, 1909.

Present at inspection, 18 officers and 12 enlisted men. Absent, 1 enlisted man with leave.

Officers and non-commissioned officers properly equipped and all United States and Government property issued to them in excellent condition.

QUARTERMASTER'S DEPARTMENT.

All Quartermaster property in the hands of the Regimental Quartermaster carefully and systematically arranged and properly looked after. System adopted by Captain Godwin an excellent one.

ORDNANCE DEPARTMENT.

All equipment found in excellent condition. Systematically arranged and properly cared for.

REMARKS ON FIFTH REGIMENT.

The Regiment was paraded for inspection in the new Field Service uniform (olive drab) lately issued, and presented a workmanlike appearance. The uniforms, as a general thing, fitted the men and helped greatly to add to the general excellent appearance of this Regiment. I found that the lockers of all the companies of this Regiment are entirely too full for proper care of uniforms. At the present time each enlisted man has in his locker one full dress uniform, regimental; one service uniform, olive drab; one summer uniform, Khaki, and one blue uniform dress, old pattern, together with two sets of equipments, full dress belts and service belt. The lockers are too small for this amount of clothing. The men are too careless in the care of their clothing to keep all this clothing in good condition all the time. I therefore respectfully recommend that the blue uniform and the summer uniform be turned in; the blue to the Military Storekeeper and the Khaki to the Regimental Quartermaster, who can have same cleaned and keep it in proper condition for issue on the first of June of each year. It should be withdrawn from service on the first of October of each year.

COMPANY A.—Captain, CLARENCE R. DIFFENDERFER; First Lieutenant, THOMAS G. BUCHANAN; Second Lieutenant, E. A. ROBBINS, JR.

Enlisted strength, 36. Inspected February 3, 1909.

Present at inspection, 3 officers and 36 enlisted men. Absent, none.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records in proper shape and up to date, except company roll book. Entries in this book not filled in up to date.

INSPECTION.

Company well sized, neat and steady. Inspection arms, good. Rolls, well made. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual of arms, good. Stack, good.

GUARD DUTY.

Very good. Privates well instructed in the General Order and a fairly good common-sense idea of the duties of a sentry. Efficiency of non-commissioned officers very good. Men are intelligent and well grounded in their duties. Company remarkably well set up.

Qualified during the season of 1908, 27 out of 39. Present at the range, 32. Figure of merit, 89.74.

COMPANY B.—Captain, IRVING ADAMS; First Lieutenant, HENRY T. DALY; Second Lieutenant, ALBERT E. GLOCKER.

Enlisted strength, 38. Inspected February 8, 1909.

Present at inspection, 3 officers and 36 enlisted men. Absent, 2 enlisted men without leave.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records up to date, except property book.

INSPECTION.

Company well sized, neat and steady. Inspection arms, fair. Rolls, neat. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual, fair. Stack, good.

GUARD DUTY.

Privates, poor. They have little knowledge of the General Order. Need instructions in this and in the common-sense idea of the duties of a sentry. Efficiency of non-commissioned officers, fair. Schools are needed for both Sergeants and Corporals in the School of the Company and in Guard Duty. Sergeant needs instruction as to proper position in Paragraph 178, forming to the left.

Qualified during the season of 1908, 28 out of 44. Present at the range, 38. Figure of merit, 73.64.

COMPANY C.—Captain, ELBERT THOMSON; First Lieutenant, GUSTAV W. RIDGELY; Second Lieutenant, E. O. STREETT.

Enlisted strength, 44. Inspected February 3, 1909.

Present at inspection, 3 officers and 33 enlisted men. Absent, 4 enlisted men with leave, 7 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records in proper shape, correctly kept and up to date.

INSPECTION.

Company well sized and steady. Appearance of company marred by the fact that 10 men were parading in Khaki uniform. Inspection arms, poor. Rolls, fair. Physique, fair.

COMPANY DRILL.

Close Order—Poor.

Extended Order—Fair. Manual of arms, fair. Stack, poor.

GUARD DUTY.

Poor. Enlisted men show no knowledge of the General Order and have little common-sense idea of the duties of a sentry, show apparently no instruction. Efficiency of non-commissioned officers, poor. Need instruction in School of the Squad, Company and Guard Duty. Sergeants are deficient in knowledge, and Corporals, with one exception, show little knowledge of the required duty.

Qualified during the season of 1908, 30 out of 43. Attendance at the range, 38. Figure of merit, 80.81.

COMPANY D.—Captain, LAY BRYAN; First Lieutenant THOMAS J. YOUNGER; Second Lieutenant (Vacant).

Enlisted strength, 43. Inspected February 5, 1909.

Present at inspection, 2 officers and 36 enlisted men. Absent, 2 enlisted men with leave, 5 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records not in proper shape. Roll book has no entries for January. Property book not signed.

INSPECTION.

Company well sized, neat and fairly steady. Inspection arms, fair. Rolls, well made. One man paraded with white gloves, spoiling the effect of the company (fault of Squad Leader). Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual, fair; too slow. Stack, fair.

GUARD DUTY.

Poor. Privates have little or no knowledge of the General Order or the duties of a sentry, no instruction apparent. Efficiency of non-commissioned officers poor, except First Sergeant, Quartermaster Sergeant and Corporal Kelly. Need instruction in the School of the Soldier, Squad and Guard Duty.

Qualified during the season of 1908, 31 out of 42. Present at the range, 36. Figure of merit, 89.29.

COMPANY E.—Captain, WM. P. HOLMES; First Lieutenant,

C. V. M. COOPER; Second Lieutenant (Vacant).

Enlisted strength, 38. Inspected February 4, 1909.

Present at the inspection, 2 officers and 23 enlisted men. Absent, 9 enlisted men with leave, 6 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records not up to date. Roll-book has no entries since January 1st. Order and record book not up.

INSPECTION.

Company fairly sized, neat and fairly steady. Inspection arms, fair. Rolls, neat. Physique, fair.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual of arms, fair. Stack, fair.

GUARD DUTY.

Fair. Privates have fair idea of the General Order and of the required duties of a sentry. Efficiency of non-commissioned officers fair, except Sergeant Disney, who is excellent. All other non-commissioned officers need instruction in the School of the Squad, Company and in Guard Duty.

Qualified during the season of 1908, 23 out of 40. Present at the range, 32. Figure of merit, 72.25; lowest in the Regiment.

COMPANY F.—Captain, JAMES P. HOUSTOUN; First Lieutenant, J. H. DAVIDSON; Second Lieutenant, J. EDWARD GRIFFIN.

Enlisted strength, 50. Inspected February 5, 1909.

Present at inspection, 3 officers and 41 enlisted men. Absent, 5 enlisted men with leave, 4 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records up to date. Properly kept, except property book.

INSPECTION.

Company well sized, neat and steady. Fairly steady. Inspection arms, fair. Rolls, well made. Physique, good.

COMPANY DRILL.

Close Order—Fair to good.

Extended Order—Good. Manual, good.

GUARD DUTY.

Very good. Enlisted men well instructed and properly understand their duties. Efficiency of non-commissioned officers, good.

Qualified during the season of 1908, 39 out of 45. Every man present at the range. Figure of merit, 112.56. This company is well set up and appearance is good.

COMPANY G.—Captain, S. E. CONRADT; First Lieutenant, FRANK A. HANCOCK; Second Lieutenant, M. S. ATKINSON.

Enlisted strength, 44. Inspected February 2, 1909.

Present at inspection, 3 officers and 42 enlisted men. Absent, 2 enlisted men with leave.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records not up to date. Neither order book nor property book properly kept.

INSPECTION.

Company well sized, neat and steady. Inspection arms, fair. Rolls, neat. Physique, fair.

COMPANY DRILL.

Close Order—Fair to good.

Extended Order—Good. Manual arms, good.

GUARD DUTY.

Good. Enlisted men well instructed in the requirements of the General Order and in the duties of a sentry. Efficiency of non-commissioned officers, good. Well grounded and instructed in their duties.

Qualified during the season of 1908, 28 out of 47. Present at the range, 38. Figure of merit, 76.49.

COMPANY H.—Captain, E. A. HOLMES; First Lieutenant, F. H. HAINES; Second Lieutenant, D. T. HART.

Enlisted strength, 56. Inspected February 1, 1909.

Present at inspection, 3 officers and 46 enlisted men. Absent, 5 enlisted men with leave, 5 without.

PROPERTY.

Clothing in excellent condition. Equipment good.

Books and records not up to date. Neither enlistment book nor property book are in proper shape.

INSPECTION.

Company fairly sized, neat and fairly steady. Inspection arms, fair. Rolls, neat. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual, fair. Stack, poor.

GUARD DUTY.

Poor. Men have little knowledge of the General Order, but have a common-sense idea of the duties of a sentry. Efficiency of non-commissioned officers, fair. Corporals need instruction in their duties. School of the Squad and Company, Extended Order.

Qualified during the season of 1908, 32 out of 48. Present at the range, 43. Figure of merit, 74.58.

COMPANY I.—Captain, N. LEE GOLDSBOROUGH; First Lieutenant, FRANK S. WHITMAN; Second Lieutenant (Vacant).

Enlisted strength, 48. Inspected February 1, 1909.

Present at inspection, 2 officers and 41 enlisted men. Absent, 6 enlisted men with leave, 1 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records not up to date. Order and record book and property book not in shape.

INSPECTION.

Company well sized, neat and steady. Inspection arms, fair. Physique, fair.

COMPANY DRILL.

Close Order—Fair to good.

Extended Order—Fair. Manual, good.

GUARD DUTY.

Good. As far as privates are concerned, men show instruction and common sense. Corporals need instruction badly in their duties in the School of the Squad and Company, both Close and Extended Order. Sergeants need instruction in the duties of their positions.

Qualified at the range during the season of 1908, 32 out of 47. Present at the range, 40. Figure of merit, 76.28.

COMPANY K.—Captain, E. A. MUNOZ; First Lieutenant, J. G. HARVEY, JR.; Second Lieutenant, F. RICHARDSON.

Enlisted strength, 46. Inspected February 2, 1909.

Present at inspection, 3 officers and 42 enlisted men. Absent, 4 enlisted men, without leave.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records all in proper shape, except enlistment book. This book not up to date.

INSPECTION.

Company well sized, neat and steady. Inspection arms, fair. Rolls, neat. Physique, fair.

COMPANY DRILL.

Close Order—Fair. Men need instruction in Paragraphs 116 and 117, D. R.

Extended Order—Fair. Manual, good. Stack, poor.

GUARD DUTY.

Fair. Men show some instruction, but more systematic attention should be given to properly ground enlisted men in the General Order and the duties of a sentry. Efficiency of non-commissioned officers, fair. One man in this company, Private H. G. Belzinger, should be examined by a surgeon at an early date in regard to his eyesight.

Qualified at the range during the season of 1908, 36 out of 41. Present at the range, 38. Figure of merit, 93.17.

COMPANY L.—Captain, W. S. BROWNLEY; First Lieutenant, (Vacant); Second Lieutenant, ARTHUR THOMPSON.

Enlisted strength, 40. Inspected February 8, 1909.

Present at inspection, 2 officers and 40 enlisted men. Absent, none.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records up to date.

INSPECTION.

Company fairly sized, neat and steady. Inspection arms, fair. Rolls, neat. Physique, fair.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual, fair. Cadence, fair. Heads, steady. Stack, fair.

GUARD DUTY.

Fair. General Orders better memorized by the privates than non-commissioned officers. Men have a fair idea of the duties of a sentry. Efficiency of non-commissioned officers fair, but corporals need systematic instruction in Guard Duty.

Qualified at the range during the season of 1908, 30 out of 40. Present at the range, 37. Figure of merit, 84.25.

COMPANY M.—Captain, DAVID W. JENKINS; First Lieutenant, HERBERT A. SMITH; Second Lieutenant, JAMES G. KNIGHT.

Enlisted strength, 60. Inspected February 4, 1909.

Present at inspection, 3 officers and 60 enlisted men. Absent, none.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records up to date, except property book.

INSPECTION.

Company beautifully sized, very steady and neat. Inspection arms, good. Physique, fair. Too many small men. Rolls, neat.

COMPANY DRILL.

Close Order—Very good.

Extended Order—Very good. Manual, very good. Stack, good.

GUARD DUTY.

Very good. Efficiency of non-commissioned officers, very good. The condition of this company should be a matter of much pride to every officer and man connected with it. The presence of every member at inspection is one that marks the attainment of an object in this Brigade that has been tried for many years. The parading of a full company as well drilled and as thoroughly instructed as this company is gratifying to all connected with the Guard.

Qualified at the range during the season of 1908, 59 out of 60. Present at the range, 60. Figure of merit, 120.17.

Captain Jenkins has the satisfaction of knowing that his company not only paraded the full number of men allowed by law, but his company was also the first in the Brigade in marksmanship as well as drill.

FIELD MUSIC.

Drum Major, F. CZARNOWSKY.

Inspected February 3, 1909.

Enlisted strength, 38; present, 31; absent, 7. All absentees absent with legal excuse.

General appearance, excellent; clothing and equipment, in first-class condition.

The Field Music of this Regiment maintains the same high state of efficiency always shown, and reflects great credit upon the Drum Major.

HOSPITAL CORPS.

Inspected February 8, 1909.

Enlisted strength, 18. Present at inspection, 16. Absent, with leave, 1; without leave, 1.

PROPERTY.

Clothing and equipment in good shape. Enlisted personnel intelligent, and should be easily made efficient if ordered into service. I repeat my recommendation of last inspection and further suggest that all enlisted men in excess of the authorized number for regimental organization be transferred to the Medical Department for assignment by the Chief Surgeon.

FIRST SEPARATE COMPANY INFANTRY.

Station, Baltimore.

Captain, W. M. R. SPENCER; First Lieutenant, HENRY RYAN, JR.;

Second Lieutenant, SAMUEL L. JORDAN.

Enlisted strength, 58. Inspected February 18, 1909.

Present at inspection, 3 officers and 52 enlisted men. Absent, 3 enlisted men with leave, 3 without.

PROPERTY.

Arms and equipment in excellent condition. Clothing in as good condition as length of service will permit. This company paraded in blue uniform, old pattern, that has been in service since 1896. It is much worn and shabby. The new dress uniform should be issued at an early date.

Books and records properly kept and up to date, except property book.

INSPECTION.

Company well sized, neat and steady. Inspection arms, fair. Physique, good. Rolls, neat.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Fair. Manual arms, fair.

GUARD DUTY.

Fair. Enlisted men show considerable knowledge of the General Order and have a good common-sense idea of the duties of a sentry. Efficiency of non-commissioned officers, fair.

This company shows improvement over last year in a general knowledge of the men and in the smoothness of their drill, and I particularly desire to commend the non-commissioned officers for the careful manner in which they have memorized their General Order and efficiency shown by them in Guard Duty. I respectfully recommend that the Company Commander continue to follow the provisions of Circular No. 6 during the balance of the drill season.

FIRST COMPANY, COAST ARTILLERY.

Station, Baltimore.

Captain, SYDNEY B. AUSTIN; First Lieutenant, WALTER D. YOUNG; Second Lieutenant, HOWELL H. THOMAS.

Enlisted strength, 41. Inspected February 17, 1909.

Present at inspection, 3 officers and 34 enlisted men. Absent, 3 enlisted men with leave, 4 without.

PROPERTY.

Clothing and equipment in excellent condition.

Books and records correctly kept. Up to date.

INSPECTION.

Company badly sized, neat and steady. Inspection arms, fair. Equipment, badly put on. Rolls, fair. Physique, good.

COMPANY DRILL.

Close Order—Fair.

Extended Order—Not taught. Manual, fair. Stack, very poor.

GUARD DUTY.

Poor. This company was inspected in the infantry regulations and the men have not been well instructed in this part of the drill. Extended Order had never been taken up. Only slight attention has been given to the important work of Guard Duty.

TROOP A.*Station, Pikesville.*

Captain, C. LYON ROGERS, JR.; First Lieutenant, JAMES L. ROGERS; Second Lieutenant, JOHN C. COCKEY.
Captain, Assistant Surgeon, CHARLES G. HILL.

Enlisted strength, 49. Inspected February 20, 1909.

Present at inspection, 4 officers and 42 enlisted men. Absent, 3 enlisted men with leave, 4 without.

Books and records up to date and correctly kept.

PROPERTY.

Rifles in excellent condition. Sabers rusty. Horse equipment only fair. Show lack of proper oiling and need attention. Condition of the grounds, stable and riding hall excellent. The Troop was inspected by Captain G. T. Langhorne, Eleventh Cavalry, United States Army, and I beg to submit his report as to the inspection and drill of the Troop, as follows: "Physical appearance, excellent. Character of the men, the best. Zeal commendable. Manual of the saber, deficient. In Close Order drill, poor. Extended Order drill, poor. Instruction not sufficient. Instruction in the manual with the rifle not sufficient; in small-arms firing, not sufficient. In Guard Duty, not sufficient. Equitation horsemanship, good. Troop has apparently made no improvement since the last inspection, and much time has been wasted. Apparently the saddles had never been packed nor rifles carried. The Troop has evidently never been drilled in moving to the left."

From my own observations at the inspection, it appeared to me as if too much time is paid to the mounted drill and little or no systematic instruction given in dismounted work.

Qualified at the range during the season of 1908, 27 out of 55. Present at the range, 32. Figure of merit, 66.36.

Recommendations and Observations.

I have the honor to submit the following recommendations and observations:

1. I find that a number of the officers are not equipped with field glasses or proper note books. I therefore recommend that a sufficient number of field glasses should be furnished to equip each officer, and that the same be issued to the Regimental Quartermaster and kept for issue when needed.

2. The lack of proper note books was noticed, and I therefore recommend that a note book, with a carbon copy attached, be procured for each officer and non-commissioned officer of the Brigade, and issued as other property to be used at encampment, that all may familiarize themselves with this important adjunct of military efficiency.

3. A correspondence school for the officers in the Brigade below the rank of Major should be established for the purpose of bettering the general efficiency of each officer. The method of carrying on this school could be determined by submitting same to the Board of Examiners of the First Brigade.

4. I find a great lack of system in the keeping of the orders, both War Department and State. Files should be issued to each company so that orders could be hung in a conspicuous place in the companies' Armories, where both officers and men could familiarize themselves with the same.

5. I again desire to call attention to the lack of system in the care of property issued to the men and kept in their respective lockers. Company Commanders should realize importance of caring for clothing and equipment and keeping same in good condition. The general appearance of a company is often marred by tumbled and dirty uniforms that could easily be remedied.

6. Few field officers have copies of all orders issued, and they should be required to keep same for their individual information, and should submit these files for inspection when requested by inspecting officers. A number of orders are still in force in this State, the provisions of which are only on record in the Adjutant General's office and at the headquarters of the Brigade and Regiment. I respectfully recommend that a certified copy of all orders now in force be printed, including all orders up to January 1, 1909, and copies of same be furnished to all officers of the Brigade.

7. There is a lack of system in the manner in which discharges by the expiration of the enlistments are announced, except in the First Infantry. I therefore respectfully recommend that the necessary orders be issued requiring each Regimental Headquarters to issue on the first day of each month an order giving the dates and names of each man whose enlistment expires during that month, and that the discharge paper of each be made out and delivered to the man upon date announced in said order.

8. In the companies of the First Infantry an order should be issued requiring that all dress uniforms and other equipment should be turned in to the Company Quartermaster on the first day of June of each year, so that these uniforms may be put away and protected from moths. Summer uniforms should

then be issued, and on the first day of October summer uniforms should be recalled and the dress uniforms reissued. During the winter months the summer uniforms could be cleaned and repaired.

9. In a number of commands the dress uniform is used for drill purposes. This should not be permitted, as no other issue of this clothing is liable to be made, and same should be preserved as much as possible. I therefore recommend that orders be issued prohibiting drills in the dress coats as now issued, as the commands are equipped with the blouse, and can use same.

10. I desire to call the attention of the Ordnance Department to the necessity of keeping the organizations fully supplied with Cosmoline, and I respectfully suggest that the chief of that department be instructed to require reports be made to him at stated periods, notifying him when rifles and equipment are cleaned and filled with oil. The inspections necessary to make these reports could readily be made by the officers of the Ordnance Department of each Regiment.

11. Instruction in the Brigade still shows lack of system. This could be overcome to a great extent by having drills held according to schedule to be issued from Brigade Headquarters announcing a course of instruction to be followed each drill night during the drill season.

Reports of the scope of instruction should be forwarded each week with respective morning reports. With this system in force each company in the Brigade would be instructed in the same part of the drill regulation on the same drill night, and thus the knowledge gained by all would be uniform.

Too much valuable time is wasted now on instruction on the same movement each night in the drill season.

12. I respectfully recommend that, pending further instructions, the provisions of Circular No. 6 be carried out until further orders each month, and the reports of said instruction be forwarded to Brigade Headquarters on the first day of each month.

13. Too little attention has been paid to Guard Duty and instruction therein. It seems needless to call attention to the necessity for instruction in this duty, but the lack of proper knowledge and instruction is shown in many companies of the Brigade.

14. I again desire to call the attention of the Medical Department to the requirements of the Circular in reference to the physique required of applicants for enlisted men, and the necessity of keeping up to the requirements in this respect.

15. I do not care to offer any suggestions as to the internal conduct of affairs in organizations, but the Armory of the

Fourth Infantry is so inadequate that it seems to me it would be advisable to arrange the drill nights so that no more than two companies shall assemble each night. As it is now, the drill hall is so small that when a Battalion is assembled, proper instruction can not be given to one company without interference by the others, and the Regiment suffers greatly from the inadequacy of its Armory.

16. A number of the new officers of the Brigade are very deficient in the use of the saber, and I recommend that Battalion Commanders be required to hold schools each drill night until all officers are able to properly handle their sabers.

17. In my opinion, several officers in the Brigade are deficient in the knowledge required to properly fill the offices in which they are commissioned. They should be ordered before a Board to inquire into their qualifications in accordance with existing law. I will furnish the names of these officers and their commands when desired.

18. It is gratifying to note that five companies in the Brigade paraded their full enlisted strength and attained a percentage of 100 for attendance, and it is hoped that the example set by Companies A, L and M, Fifth Infantry, and B and K, Fourth Infantry, will be emulated by many companies at the next inspection.

The large increase in the number of enlisted men present, and the gratifying percentage of 83.41 for the Brigade, is a matter of congratulation.

Respectfully submitted,

CHARLES D. GAITHER,

*Colonel Adjutant General's Dept.,
Acting Inspector General.*

Report of the Chief Quartermaster, First Brigade.

OFFICE OF THE CHIEF QUARTERMASTER, FIRST BRIGADE.

BALTIMORE, Md., November 30, 1909.

*The Adjutant General, First Brigade, M. N. G.,
Baltimore, Md.*

Sir: Pursuant to instructions received in a communication from the Adjutant General State of Maryland, dated October 25, 1909, I have the honor to submit herewith my report of the work of this Department of the Brigade during the years 1908 and 1909.

In January, 1908, travel schedule was arranged for troops attending inauguration of Governor Crothers on January 8th, there being one provisional Regiment taking part in the ceremonies. Companies A, D and E, First Infantry, were brought to Baltimore over the Baltimore and Ohio Railroad, Maryland and Pennsylvania, and Philadelphia, Baltimore and Washington Railroad, respectively, at the regular rates, and the provisional Regiment was carried from Baltimore to Annapolis and return via Baltimore and Ohio Railroad, at the rate of 75 cents per round trip per capita.

In February, 1908, upon instructions of the Adjutant General, the department obtained and forwarded to that office the approximate cost of transportation of the Fourth Infantry from Baltimore to Pine Plains, N. Y., and return, to take part in Army Maneuvers, to be held July 6th to 16th, 1908, the estimate being as follows for a Regiment of 48 officers and 600 enlisted men, with 100,000 pounds camp equipage, \$12,911.44. In June, 1908, the Department prepared a travel schedule and made contracts for the movement of the First Infantry from home stations to Fort Howard, Md., and return, in connection with the Coast Defense exercises held there between June 5th and 16th. The expenses of this movement were paid by the United States Government, and all contracts, after having been awarded, were forwarded to the Chief Quartermaster Department of the East. Transportation of the troops from home stations to Baltimore and return was over the railroads best suited for the schedule and on United States Government Transportation Requests and at regular tariff rates. The transportation of the Regiment from Baltimore to Fort Howard and

return was via the Tolchester Steamboat Company's steamer Annapolis, the said steamer making two trips from Baltimore to Fort Howard, one on June 5th, with Company B and all camp equipage, and one on June 6th with remainder of the Regiment, and the return trip on June 16th, from Fort Howard to Baltimore, carrying entire Regiment and equipage. Company K, however, was transported direct from Havre de Grace to Fort Howard and return on steamer Susquehanna, of the same company.

The contract prices, as forwarded to the Chief Quartermaster's Department of the East, United States Army, being as follows:

Charter steamer "Annapolis," two trips down, at \$150 each.....	\$300.00
And one trip up.....	200.00
	<hr/> \$500.00
Transportation Company "K," Havre de Grace to Ft. Howard and return, via steamer "Susquehanna".....	\$75.00
Hauling 54,879 pounds camp equipage and baggage from armory and railroad stations to steamboat wharf and return at \$.05 per 100 pounds each way.....	\$54.87

During the summer of 1908 transportation was furnished for companies of the First Infantry from home stations to Baltimore and return on account of rifle practice, and for members of the Regiment attending the assembly of the Brigade in Baltimore to receive decorations won at Saunders Range.

A plan for the movement of the entire Brigade was completed in February, 1909, in connection with the ceremonies attending the inauguration of the President of the United States in Washington on March 4th.

The companies of the First Regiment were brought to Baltimore on March 3d over the railroads most convenient and at regular rates. The Fifth Infantry and Troop A left Baltimore for Washington on the afternoon of March 3d over the Baltimore and Ohio Railroad, the Regiment for Union Station, Washington, and the Troop to the New York Avenue Yard. The schedule called for the balance of the Brigade to leave Baltimore in three special trains of the Baltimore and Ohio Railroad on the morning of the 4th to detrain at New York Avenue yard in Washington. Arrangements were made to keep these trains intact in the yard and the troops were to be fed at that point after the parade and returned to Baltimore that evening. The arrival of a blizzard on the evening of the 3d and morning of the 4th rendered the movement on the 4th a failure, as the troops did not leave Baltimore until nearly noon and arrived in Washington late in the afternoon, too late to participate in the parade. The return movement of the Brigade was unsatis-

factory, owing to the same conditions. The expenses of the Department in connection with this movement were:

Baltimore and Ohio Railroad, transporting Brigade to Washington and return.....	\$2,690.76
Transportation companies, First Infantry, home stations, to Baltimore and return.....	1,075.64
Stable rent, Governor's Staff horses.....	48.00
Insurance on horses.....	60.00
Incidentals.....	29.51
	<hr/> \$3,903.91

In pursuance of General Orders No. 11, Adjutant's Office, State of Maryland, dated June 7, 1909, plans were begun for the Brigade Encampment, to be held on the County Home and Thomas farms at Westminster, Md., July 18 to 25, 1909.

An offer of the necessary ground, free of rent, was made to the State by the Merchants and Manufacturers' Association of the city of Westminster, and together with the offer the Association proposed to lay the necessary pipe lines and fixtures to give the camp an abundant supply of good water. The Western Maryland Railroad Company made a rate of 65 cents a round trip from Fulton station or Walbrook station, and a rate of 75 cents a round trip from Union or Hillen stations to Westminster. This rate to apply to all uniformed troops and civilian employees, 150 pounds of camp equipage and company baggage to be allowed each man and carried free. Upon notification that the location had been accepted this Department proceeded to make a topographical survey of the land to be occupied by the troops, and a map on the scale of 100 feet to one inch was prepared. Upon this map the camp was planned, and on it were laid out the lines of pipe for the water supply, the location of the camp of each organization, telephone lines, bath houses, latrines, etc.

A plan for bath houses and latrines was adopted, a copy of which is hereto attached, and upon these plans bids were asked for their erection. The contract as awarded covered only the erection and removal of the three (3) large and seven (7) small bath houses at \$22.00 and \$11.00 each, respectively, and nine (9) large and six (6) small latrines at \$38.00 and \$21.00 each, respectively, the contractor to furnish all material, the same to be returned to him after camp was over. The contract was awarded to the lowest of three bidders and was satisfactorily carried out. All extra carpentering work was given the same contractor on a basis of time and material. The water supply was designed by this Department and copies of the plans were furnished the Merchants and Manufacturers' Association of Westminster, who had the same installed at the Association's expense. The water supply furnished an abundance of first-class water, and was so arranged that for every kitchen there was established at a convenient point a spigot. In all, 47

spigots were thus established. In each regulation bath house there were placed six overhead showers and one in each small bath house of the separate organizations. In all, 25 showers were thus established. The supply was well installed, and during the encampment there occurred no trouble.

The transportation of the troops of the Brigade between Baltimore and Westminster was over the Western Maryland Railroad, and the troops were handled by the railroad in a most satisfactory manner. The various companies of the First Regiment were brought to Baltimore by the most convenient railroads, with a rendezvous at Walbrook station, on the morning of July 18th, from whence they were moved as a unit to Westminster.

The wagon transportation for camp equipage and baggage in Baltimore to and from railroads was done by the Briddell Transfer Company for 8 cents per 100 pounds in each direction, this company being the lowest bidder of five bids submitted. The work as done by them was satisfactory. At Westminster, between the railroad station and the camp site and return, all hauling was done by wagons hired from the farmers residing in or near Westminster. These teams were composed of 2, 4 and 6 horses attached to large wagons equipped with an ordinary hay carriage, which, when properly loaded, answered the purpose admirably, the price paid for the teams being \$3.50 per day for teams of two horses, \$6.00 per day for teams of four horses and \$8.00 per day for one team of six horses. During the encampment the Department furnished for the use of each Regiment one two-horse wagon at the rate of \$3.50 per day, including driver.

Supplies, such as oats, hay, lime and firewood, were purchased from local dealers, after receiving bids and awarding to the lowest bidder, the prices of such being as follows: Oats at \$2.40 per 100 pounds; Hay at 82½ cents per 100 pounds; lime at 80 cents per barrel, and slab fire wood at \$2.90 per cord. The Department furnished one two-horse wagon, which visited each kitchen once every day and removed all garbage. The introduction of covered garbage cans for each kitchen was a decided improvement over the slop barrels of former camps.

Horse shelters were erected for two of the Regiments by this Department at the Regiment's expense, at a cost of \$40.00 each.

Prior to the arrival of the organizations in Westminster nothing was erected on the various camp sites other than the water supply, bath houses and latrines. The tents, kitchens, etc., were erected by each organization after its arrival on the site assigned it, the camp equipage of each organization arriving at Westminster by the same train as the organization. Upon arrival at Westminster this Department turned over the neces-

sary wagons for hauling equipment to the Quartermaster of each organization, who directed the loading, hauling and unloading of his equipment, the same being done on the breaking of camp. The movement going into camp was accomplished admirably, but owing to a delay of the First Organization to break camp, in starting to load, the return movement was accomplished with more or less irregularity, made necessary in order that the whole camp could be cleared and the last organization leave Westminster on schedule time, which was, however, accomplished.

From my observation in connection with this camp, I would recommend that in order that the movement be executed in the proper manner, that organizations be required to be prompt in their movements and that their equipment and baggage be kept down to only that allowed for field service.

The expenses of this Department in connection with Camp Crothers, excepting that of railroad and steamboat transportation, were paid direct by the Chief Quartermaster out of a fund of \$3,000 deposited in the Farmers and Mechanics National Bank of Westminster to the credit of this Department by the Adjutant General State of Maryland. The vouchers supporting all claims paid out of this fund, together with the balance on hand, were forwarded to the Adjutant General of the State on November 16th. The expenses paid as above are covered by the following items:

Amount deposited by the Adjutant General.....	\$3,000.00
Hauling camp equipage in Baltimore.....	\$317.42
Team hire at Westminster.....	389.50
Carpentering.....	\$25.55
Fire wood.....	113.86
Forage—Oats.....	230.30
Hay.....	78.49
Lime.....	16.80
Pay Sanitary Corps.....	30.00
Clerk hire—Quartermaster's Department.....	53.35
Adjutant General's Department.....	25.00
Survey of camp site.....	37.90
Mileage book, W. M. R. R., Quartermaster's Dept.....	14.16
Drawings, sinks and bath houses.....	8.00
Postage—Quartermaster's Department.....	5.00
Map of Westminster and vicinity for lectures.....	29.00
Incidentals—Quartermaster's Department.....	16.19
Land damages.....	70.00
Flag poles.....	10.00
Rental assembly tent.....	15.00
Pay mail carrier.....	18.00
Officers' transportation expense, personal.....	23.96
Plumbing and fixtures.....	39.98
Sprinkling road.....	4.00
Stable rent.....	11.56
	<hr/>
	2,403.02

Balance returned to the Adjutant General State of Maryland.. \$596.98

The vouchers of the following accounts from the transportation companies for the transportation of troops in connection with the camp were forwarded to the Adjutant General of the State approved, but unpaid on November 12th last. As certain companies of the First Infantry were sent to Saunders Range for rifle practice just prior to going into Camp Crothers, and other companies were sent to the range immediately after the camp, the transportation expenses were charged to these two duties separately, although the transportation companies rendered one voucher to cover both movements. The transportation expenses being as follows:

	Camp Crothers.	Saunders Range.
Western Maryland Railroad Co.....	\$1,287.90	\$31.74
Baltimore and Ohio Railroad Co.....	5.20	158.42
N. Y., P. and N. R. R. Co.....	106.75
Maryland and Penna. R. R. Co.....	28.09	27.56
Maryland Electric Railways Co.....	56.00
B., C. and A. Railway Co.....	14.00	270.50
Tolchester Steamboat Co.....	6.25
Wash., Fred. and Gettysburg R. R.....	18.00
Pennsylvania Railroad Co.....	188.80	57.46
	<u>\$1,710.99</u>	<u>\$545.68</u>

In September the camp equipment of the First Company Coast Artillery was hauled from Armory to Government steamer at foot of Broadway and return, on account of the movement of that company to duty at Fort Howard, September 4th to 14th, 1909. The expense to the Department for such hauling was \$6.00.

During the summer of 1909 transportation was furnished for companies of the First Infantry from home stations to Baltimore and return on account rifle practice at Saunders Range.

I have the honor to recommend that as the work of this Department is increasing with each year, that provisions be made for a yearly allowance for the pay of a clerk to the Chief Quartermaster. The work requires a faithful, competent and industrious clerk, who of necessity must do a vast amount of work both prior to and after every movement in which the Department is concerned, and who should receive for this service a just compensation.

Very respectfully,

JOS. W. SHIRLEY,

Chief Quartermaster.

NOTE.—The plans referred to are filed in the office of The Adjutant General.

Report of the Chief Commissary, First Brigade.

OFFICE OF CHIEF COMMISSARY, FIRST BRIGADE.

BALTIMORE, November 17, 1909.

*Adjutant General State of Maryland,
Annapolis, Md.*

Sir: In compliance with instructions in your communication of 25th October, 1909, to submit report covering operations of Subsistence Department for the years 1908 and 1909, together with such recommendations as I might desire to make, I have the honor to advise that for the year 1908 the Subsistence Department was under the direction of Major Frank W. Coale, and I am therefore unable to state the extent of operations, but to my knowledge the Subsistence Department performed no duty during the year 1908, the Fourth Infantry, on its tour of duty at Pine Camp, N. Y., being subsisted by Subsistence Department, United States Army.

Concerning operations of this Department for year 1909, I have the honor to advise that in accordance with G. O. No. 1, Headquarters First Brigade, dated 16th February, 1909, I took charge of the Subsistence Department for the purpose of subsisting troops of the First Brigade (with the exception of Fifth Infantry and Troop A) during their tour of duty in connection with the inauguration of President Taft. These troops were subsisted by caterer, under contract, at rate of 48 cents per man for the two meals in Washington. In addition to this, it was necessary to subsist the First Infantry in Baltimore, Md., on evening of March 3d and morning of March 4th, and part of the First Infantry on morning of March 5th, which was accomplished by caterer at rate of 30 cents per man per meal, the actual cost of subsisting troops of First Brigade on this occasion being \$1,032.08.

In connection with future tours of duty of this character, would respectfully recommend that all troops of First Brigade be subsisted by the Subsistence Department, which can be accomplished at a saving to the State financially and with better results, so far as the physical condition of the troops is concerned.

In connection with subsistence of troops of First Brigade during tour of duty at Westminster, would respectfully invite

attention to my report dated 15th October, 1909, which sets forth in detail the work of the Subsistence Department during that tour of duty.

The Field Ration, as prescribed in Paragraph 1220, United States Army Regulations, 1908, was used in this camp at an average cost of 24 cents per ration, this ration being ample in every respect, which fact was ascertained by conversation with various Company Commanders of the Brigade.

Ration returns based on form at present in use in Subsistence Department, United States Army, were prepared and successfully used in the encampment at Westminster.

Would also advise that I have had prepared a form corresponding to the "Liquid Coffee Account" blank in use in United States Army, for use of troops traveling from home station to rendezvous and *vice versa*, when impracticable to furnish travel rations, this form being known as "Liquid Coffee and Meals Account."

Would respectfully recommend the following:

First. That ration boxes and ration sacks, as prescribed in page 247, Manual for Army Cooks, series 1896, be supplied to the various companies of the Brigade; this for the proper preservation of component parts of the ration as issued.

Second. That under *all* circumstances troops of First Brigade be subsisted through the Subsistence Department.

Very respectfully submitted,

WALTER V. SHIPLEY,

*Major and Chief Commissary,
Subsistence Department, M. N. G.*

Report of the Chief Surgeon, First Brigade.

OFFICE OF CHIEF SURGEON, FIRST BRIGADE.

BALTIMORE, November 20, 1909.

*The Adjutant General State of Maryland,
Annapolis, Md.*

Sir: I have the honor to submit the following report of the operations of the Medical Department for the years 1908 and 1909, as called for in your letter of 25th October.

1. I was commissioned Major on 28th January, 1909, and detached from the Fourth Infantry and assigned to duty as Chief Surgeon of the Brigade February 5th. My report, therefore, must begin with this date.

2. The position of Chief Surgeon had been vacant for a year previous to my appointment, and it required some time to begin the work of reorganization.

3. On 24th February authority was obtained for the employment of the Brigade Hospital Sergeant in making an inventory of the medical supplies of the State.

4. In May an inspection of the Hospital Corps detachments of the Fourth and Fifth Regiments was made.

5. Outlines of the plan for the reorganization of the Medical Department were submitted on March 29th, modified and resubmitted on April 17th, again on May 6th and on October 14th. As yet no authority has been given that allows us to proceed in the correct manner.

6. An emergency organization was developed for service at Camp Crothers. A provisional company of the Hospital Corps was formed and put under the command of First Lieut. H. E. Ashbury, Medical Corps, who was commissioned by authority of the Governor, sent in your letter of 11th June.

7. At present the Medical Department is badly demoralized. The Hospital Corps detachment of the Fifth Infantry has been practically disorganized by the Colonel of the Regiment. That of the Fourth is held together almost entirely by the energy of Sergeant (first class) Gardner. There is a vacancy in the Assistant Surgeons of the Fourth Regiment and two in the First. The Regimental Commanders have the appointing power, and I recommend that they be requested to fill these vacancies.

8. The Chief Surgeon of the First Regiment is very derelict in attending to his official correspondence. Several letters are now unanswered many months. This includes a communication sent through military channels. I recommend that the Chief Surgeon of the First Infantry be reprimanded for this neglect of duty.

9. I recommend that authority be given to proceed at once to the organization of the Hospital Corps company and the Headquarters of the Medical Department, as indicated in the plan submitted 14th October.

10. The present method of appointing regimental surgeons makes these officers personal staff officers of the Colonel commanding. I recommend that all appointments of officers in the Medical Corps be made by the Chief Surgeon, subject to the approval of the Board of Examiners of the Brigade.

11. The present method of making physical examination of recruits is bad. The law requires a standard that is not complied with. The Regimental Surgeons are careless and often ignorant of these requirements. The armories are not properly equipped for the work. It is especially necessary that a warm room be provided in order that the recruit may be stripped without danger to his health, and also that proper illumination be provided for carrying out the vision test. I recommend that the Regimental Commanders be directed to provide such quarters for this purpose.

13. As a better way of selecting recruits, I recommend that all candidates be sent to a central rendezvous for physical examination, one or more surgeons to be on duty here, according to the exigencies of the service, and to make the examinations required. These surgeons to be paid for their service and to be subject to a checking of pay for expense incurred on account of the enlistment of physically disqualified men.

14. I recommend that the Chief Surgeon be supplied with copies of all orders passing through or originating in Brigade Headquarters. This is especially needed when the Brigade is in field service. Much embarrassment was experienced in giving the necessary orders at Camp Crothers because no such copies were furnished.

I further recommend that the Chief Surgeon be allowed to include his orders in the General and the Special situations of field exercises and problems, as is the custom of the service.

15. The supplies of the Medical Department are not in good shape. We have a great quantity of obsolete and incomplete material. The Regimental supplies are in a chaotic condition. The accounts have become hopelessly confused in their passage from one surgeon to another. Shortages of all kinds are carried in every way. Articles expended in the care of the sick as

long ago as 1898 are still on the accounts. Certain non-expendible articles were stolen from a chest of the Fourth Regiment five years ago, and in spite of the fact that the thieves were arrested and convicted, the Surgeon of the Regiment has never been relieved of these articles.

I recommend that a Board of Survey be appointed to take charge of this matter; that they be given authority to charge the United States property to the State and to fix the responsibility of shortages, and to proceed to clear up the present confusion of accounts of the Regimental Surgeons.

16. When the accounts of the Regimental Surgeons shall have been audited and settled I recommend that all the Medical property be taken from them and placed in the possession of a Medical Storekeeper, who shall be an officer directly subordinate to the Chief Surgeon. Supplies will then be issued to the Regimental Surgeons as they are needed, subject to the supervision of the Chief Surgeon.

This plan is now working successfully and satisfactorily in the Medical Department of Iowa National Guard.

17. The service of the Medical Department with the troops was on the trip to Washington March 4th, and at Camp Crothers July 18th to 25th.

On both occasions the men of the Hospital Corps were well behaved and performed their duty properly.

At Camp Crothers a Field Hospital was erected and manned by the provisional company. The work was satisfactory and we were able to take care of all the patients received.

First Lieut. Ashbury deserves especial commendation for his faithful attention to duty with the company.

Hospital Sergt. (first class) Walder is also deserving of praise for his zeal and faithful service on both of the above occasions.

18. The sanitary inspections of Camp Crothers were made daily by the Chief Surgeon. The water supply of Saunders Range was examined by the State Board of Health in May and reported in good condition. The same authorities made examinations of the water supply of Camp Crothers.

19. The sanitary conditions at Saunders Range are imperfect. The kitchens are on the wrong flank of the encampment, too close to the latrines. A better system for the disposal of excreta should be provided. Either a sewerage system should be installed or incinerators be provided. The sewer is the better method for a permanent camp.

The markers and other permanent employees of the range should have mosquito nets over their bunks. The tents of these men should be moved about once a month.

I recommend that the Executive Officer of the range be directed to lay out future camps in such a way that the kitchens be on another flank of the encampment than the one nearest the latrines.

20. The Chief Surgeon attended the camp of instruction for Medical Officers at Antietam. A special report was sent to you. I take this occasion to again express my opinion of the great value of this camp and to recommend that at any future similar camp you will order all the Medical Officers of the State to attend. If it is possible to take the Hospital Corps company, they should also be sent by the State.

Respectfully.

ALEXIUS McGLANNAN,

*Major Medical Corps,
Chief Surgeon.*

Report of the Chief of Ordnance, First Brigade.**MARYLAND NATIONAL GUARD.**

OFFICE OF THE ORDNANCE OFFICER, FIRST BRIGADE.

ELLICOTT CITY, Md., November 12, 1909.

*The Commanding Officer, First Brigade, M. N. G.,
Baltimore, Md.*

Sir: I have the honor to submit the following report as to the operation of the Ordnance Department, First Brigade, M. N. G., during the past year.

The entire Brigade being in camp for 10 days last July, gave the first opportunity for observing the working capacity of the Ordnance Department as created under the new law, and with the various organizations under canvas. Some time before camp a circular letter was sent to each Company Commander from this office giving directions as to the proper care of rifles, bayonets, etc., and another was sent to each Regimental Ordnance Officer with explicit directions as to their duties as inspecting officers during their tour of duty.

I believe the rifles were returned to home stations in better condition than usual, due to the efficient service of the Regimental Ordnance sergeants, but there is room for much improvement in the attention and interest shown by the Regimental Ordnance officers of the Fourth and Fifth Regiments.

During the maneuvers there was much complaint made by Company Commanders of the loss of sight covers when the men were required to march through heavy cover. This accident seems to be due to the inherent weakness of the cover, and as it seems rather unfair to charge the cost, even though small, to the company officer, when not due to carelessness, it is recommended that lost sight covers, during tours of duty of this nature, be replaced by the State.

In a Brigade camp of 10 days it is practically impossible for the Brigade Ordnance Officer to thoroughly inspect all the rifles, more than once, and the Regimental Ordnance officers have to make opportunities for inspection, adapting their time to the problems or special work of the day, and unless they keep moving about in the company streets to see that the men are being kept up to their duty of cleaning the rifles, by the Com-

pany Commanders, it is an almost hopeless task to return the rifles to the Armories in first-class condition, and extra work at an extra expense is required.

It is recommended that a system of printed reports be devised by which every Company Commander will be required to report the condition of the rifles in his command for every 24 hours in camp, the same to be forwarded through proper channels to the Brigade Ordnance Officer, then, if extra time is needed to put the rifles in order, it could be charged to the Regimental allowance.

There is especial need of a schedule for indoor rifle and revolver practice, to commence November 1st and close May 1st, of each indoor season. Attention is respectfully called to a special report, with suggestions upon this subject, from this office.

The Chief Ordnance Officer has kept in close touch with school boy rifle practice, which has been held under the auspices of the Public Athletic League of Baltimore. Nearly 400 boys from the secondary schools received this practice during 1908 and 1909.

I respectfully recommend the establishment of a correspondence course for all officers and non-commissioned officers, with the Firing Regulations as a text book. The Militia Division of the War Department will assist as far as possible, and this office is prepared to take up the work if provided with proper facilities.

Very respectfully,

S. J. FORT,

*Major and Ordnance Officer,
First Brigade, M. N. G.*

Report of the Superintendent of Maryland State Rifle Range.

MARYLAND NATIONAL GUARD.

SAUNDERS RANGE. ANNE ARUNDEL COUNTY, MD.

NOVEMBER 29, 1909.

*To The Adjutant General, State of Maryland,
Annapolis, Md.*

Sir: I have the honor to submit, in obedience to your instructions, the following report of the operations of this Range during the years 1908 and 1909.

In 1908 the qualifications were as follows:

Experts.....	192
Sharp shooters.....	30
Marksmen.....	1,153
First-class men.....	52
Second-class men.....	34
Third-class men.....	301
Fourth-class men.....	178
Average strength, present and absent.....	1,940
Per cent. of average strength qualified.....	90.82
Total number firing.....	1,762
Figure of merit.....	85.98

During the year 1908 the organizations of the Maryland National Guard, in accordance with your orders, were camped at the Range by detachments of from four to six companies for a period of six days, namely, from Monday to Saturday, both dates inclusive. The expense to the State was large, but the results were most gratifying, and the figure of merit jumped from 54.75 in 1907, to 85.98 in 1908, being the highest point reached by Maryland since the Rifle Range was opened, and the number of men qualified and instructed being larger in this year than the number reporting heretofore.

In 1909 the qualifications were as follows:

Experts.....	230
Sharp shooters.....	26
Marksmen.....	1,062
First-class men.....	64
Second-class men.....	61
Third-class men.....	225
Fourth-class men.....	367
Figure of merit.....	81.67
Total number firing.....	1,668
Average strength.....	2,035
Per cent. qualified.....	81.97

While the record for this year does not show an increase over last, and our figure of merit, for the first time in the past six years, shows a decrease, yet, under the changed conditions, the success attained is most gratifying. This year the companies of the Fifth and Fourth Infantry, Troop A, the First Separate Company and First Coast Artillery were at the Range only two days, not consecutive, and the First Infantry four days, including the time occupied going and returning to their stations, the cost to the State being reduced to a minimum, and yet the qualifications show only a decrease of 57 men this year. The loss in Figure of Merit is due to a large extent to a number of fourth-class men; the men failing to report at the Range being 367 in 1909, and 178 in 1908.

I desire to call your attention to the fact that in 1909 the following number of men who were qualified in previous years were discharged from Guard by expiration of enlistment or for other causes, or who did not try for qualification in 1909:

First Infantry.....	137
Fourth Infantry.....	184
Fifth Infantry.....	128
Separate organizations.....	24
Total.....	473

If you add this total of 473 to our total qualified strength you will find that during the past two years the National Guard of this State has qualified nearly 1,800 men out of an average strength of about 2,000. The new men qualified in the year 1909:

First Infantry.....	163
Fourth Infantry.....	122
Fifth Infantry.....	153
Separate organizations.....	20
Total.....	458

I desire to call your attention to the lack of interest shown in rifle shooting by Troop A and the First Company Coast Artillery. In Troop A less than 50 per cent. of the organization reported for practice, and the First Lieutenant commanding was among the number who did not report. In the First Company Coast Artillery only 58 per cent. reported for practice; the Figure of Merit of these two organizations being the lowest in the Brigade, and necessarily helped to pull down our general Figure of Merit.

It is a pleasure to be able to report that no accident, even of a trivial character, occurred during the past year, nor have any complaints of any kind been made by the people of the

surrounding country that the Range was in any way a menace or a detriment. The improvements made in the back stops by you have aided greatly in this most gratifying result, and the operation of the Range was most satisfactory. When one thinks of the vast number of men instructed in the use of fire arms, who have handled the most improved rifle on this Range during the past two years without loss of life or limb, and with no damage to any of the inhabitants, the record is one that all can be proud of.

I respectfully call your attention to the necessity for making some arrangement during the coming winter for the disposition of sewerage. The antiquated methods that have been in use here (on account of the lack of funds in your hands) since the opening of the Range have about reached their limit, and it will be necessary that this matter be attended to before another season opens. I further recommend that a contract be given to clear out a space of 50 acres for the establishment of the camp ground for the organizations ordered to this Range for qualification. The space that we have been using was entirely too contracted, and a new one should be provided.

It is also desirable that a permanent building be erected for the use of the employees of the Range as a mess hall, of concrete flooring and other improved building ideas. These men are required to live at the Range, and it is desirable that their accommodations be made permanent and up to date. The increased interest shown in rifle shooting since your induction into office, and the great advance made in qualifications, should be most gratifying to you, and I desire to express to you my thanks for the ready compliance to every suggestion and request that I have made for the betterment of conditions or improving the service at the Range.

I desire also to express my appreciation for the services rendered by Sergeant Albert Dogge, Range Keeper. His careful attention to every duty and his untiring energy have added greatly in making the strenuous services of the past year as easy as possible. I desire also to accord my grateful thanks to all the employees at the Range for their most efficient work. I have had the pleasure of visiting all the great ranges of the United States, and I have never seen at any of them more efficient work performed than that given at Saunders Range.

Very respectfully,

CHAS. D. GAITHER,

Col. Inspector General's Dept., Supt.

Report of the Team Captain on Rifle Matches.**MARYLAND NATIONAL GUARD.****SAUNDERS RANGE, ANNE ARUNDEL COUNTY, MD.****NOVEMBER 29, 1909.**

*To the Adjutant General, State of Maryland,
Annapolis, Md.*

Sir: In obedience to your instructions, I have the honor to submit the following report of the matches participated in and the scores made by teams representing the State of Maryland in rifle contests during the years 1908 and 1909:

May 2, 1908, Officers of the Maryland National Guard vs. Midshipmen United States Navy. Maryland Team—Colonel Charles F. Macklin, Major L. M. Rawlins, Major Washington Bowie, Jr., Major S. J. Fort, Major J. W. Shirley, Capt. E. A. Smith, Capt. J. H. Hirst, Capt. D. W. Jenkins, Capt. Thomas J. Janney, First Lieut. J. De P. Douw, Lieut. C. K. Duce and Lieut. H. E. Lupus. The match was shot on the Naval Academy Range, and the team representing the United States Navy won, totals being as follows: United States Naval Academy, 2,245; Officers Maryland National Guard, 2,176. A return match was shot at Saunders Range, Maryland, between the same teams on the 24th of May, 1908, the Naval Academy winning by total of 2,300 points; Officers of the Maryland National Guard, 2,250.

The team named by you in G. O. No. 13, series 1908, to represent the State of Maryland, left Baltimore for Camp Perry, Ohio, on August 13, 1908, and took part in a number of individual matches of the National Rifle Association and the Ohio State Rifle Association prior to the National match. The only member of the team winning a prize was Sergeant Frank Gemmell, Fourth Infantry. He won eighth prize in the Dupont Novice Match, 7 shots at 800 yards, his total being 34 out of 35.

In accordance with authority given me by you I entered a team of eight men to represent the State in the Herrick Trophy Match on the 19th of August, 1908. The team: Captain W. J. Haines, Capt. D. W. Jenkins, Lieuts. James E. Givan, T. Rogers and F. B. Shepherd, Sergeants Wright and Gemmell and Private Langstroth. Distances, 15 shots at 800, 900 and 1,000 yards. Maryland's total was 1,554. The winning team. United

States Marine Corps, total, 1,647. Maryland finished 13th in 35 teams.

The National Match was commenced on the 23d day of August and finished on the 25th. Team representing Maryland made a total score of 2,768, finishing 21st in a total of 50 teams. The winning team was United States Infantry, and the total was 3,224.

In accordance with your authority, I selected a team to represent the State in the McAlpin and the Dryden Matches, shot at Sea Girt, N. J., in September same year. Team was as follows: Captain W. J. Haines, Capt D. W. Jenkins, Lieut. J. De P. Donw, Lieut. C. K. Duce, Sergeants Givan, Kaesemeyer, Wright and Gemmell; alternate, Lieut. Thornton Rogers. In the McAlpin Match distances were 200, 600 and 1,000 yards, 10 shots. Maryland's total was 984. Winning team, Ohio, total, 1,088. Maryland finished sixth.

Dryden Trophy Match, the same members of the team, same distances. Maryland's total, 1,048. Winning team, United States Marine Corps, total, 1,089. Maryland finished sixth. All seven of the first teams broke all previous records in this match by 30 points and more, Maryland only being defeated for second place by three points.

A team representing the State was sent to Washington, D. C., to shoot in the Mosher Match, 8th of October, 1908. Distances, 200 and 600 yards, slow fire, 10 shots; 200 yards rapid fire, 10 shots. Maryland finished third, with a total of 690 points, the winning team being that of the District of Columbia, with a total of 772.

The season of 1909 opened with the usual match with a team representing the Midshipmen of the United States Naval Academy and one representing the Maryland National Guard, the Midshipmen making a concession and allowing Maryland to be represented by the best team possible. The team selected to represent Maryland was as follows: Major S. J. Fort, Capt. J. F. Ryley, Capt. J. H. Hirst, Capt. E. A. Smith, Lieut. J. De P. Donw, Lieut. F. B. Shepherd, Sergeants Givan, Kaesemeyer, Wright, Gemmell, Graham and Corporal Jones. The match was shot on the 8th day of May, at the Naval Academy Range, and Maryland was defeated by 7 points. Distances, 200, 600 and 800 yards, slow fire; 200 yards rapid fire and a skirmish run. Naval Academy total, 3,051 points; Maryland's total, 3,044.

The return match was shot at Saunders Range on the 29th of May, 1909, the Maryland team being the same, except Corporal Robert Forney and Private H. Jeffery being substituted for Capt. J. H. Hirst and Capt. E. A. Smith, and Capt. D. W. Jenkins in place of Lieut. F. B. Shepherd. Distances, 200, 600,

800 and 1,000 yards, slow fire, 200 yards rapid fire and a skirmish run. On account of the lack of sufficient targets the two teams were divided after leaving 600 yards, and 6 of each team shot at 1,000 yards, the other 6 firing at 800. The Maryland team won with a total of 2,929 points, United States Naval Academy total being 2,849. This match was the first won by a team from Maryland with the Naval Academy since 1905.

The team named by you in G. O. No. 15, to represent Maryland in the National Team Match, proceeded to Camp Perry, Ohio, leaving Baltimore on the 14th of August. As in the past year, the team shot in individual matches during the first three days.

The team selected by me to represent the State in the annual contest for the Herrick Trophy was as follows: Captain D. W. Jenkins, Lieut. J. De P. Douw, Lieut. F. B. Shepherd, Sergeants Givan, Wright, Gemmell and Forney and Private Langstroth. Maryland's total was 1,593, our team falling down at 900 yards for some unknown reason, and finished in 21st place, out of a total of 43 teams, although our score was 50 points higher than that made in 1908.

In the National Match, beginning on the 23d day of August and being completed on the evening of the 25th, Maryland's total was 3,570 points, and the State finished in 13th place, the winner being the team representing the United States Navy, total, 3,801 points.

Under the new arrangement, Maryland was in Class B, having finished in 21st place in 1908, and was eligible to shoot for the trophy awarded the winner of that class, and also for those in Class A. The only team in the second division that finished ahead of Maryland was that representing the great State of New York, and Maryland therefore, for the first time since the National Matches have been competed for, was among the prize winners, the prize awarded to 2d place being \$250 and a medal for each member of the team. The money so won was divided according to law among the 15 members of the team, pro rata, each man receiving \$16.67.

The team to represent the State in the matches of the New York and New Jersey State Rifle Association was taken to Sea Girt, according to your instructions, in September, and competed in the McAlpin and Dryden Matches for teams. The team selected was as follows: Captain D. W. Jenkins, Lieut. J. De P. Douw, Lieut. C. K. Duce, Sergeants Givan, Wright and Gemmell, and alternate, Sergeant Forney.

In the McAlpin Match, distances 200, 600 and 1,000 yards, the team's total was 1,042, Maryland finishing 8th. Match winner, United States Marine Corps team, total, 1,088. The scores in this match were all so nearly perfect that until the

completion of the 1,000 yard stage there was little to choose between the 8th and 1st.

In the Dryden Match the same team represented the State. Finished in 3d place, with a total of 985, the winning team being Ohio, with a total of 1,024. This match, as you know, is at the same distances as the McAlpin. The match was commenced in a driving rain storm and a heavy wind, when it was almost impossible to hold on the target or to get a proper view of your sight. The teams competing in this match were the cream of American riflemen, and I doubt if 64 men could be selected in any country who are their equals, and the position won by our team is most commendable, our score at 1,000 yards of 351 being only beaten by one team, that representing the United States Marine Corps, who finished second.

I respectfully call your attention to the fact that the teams defeated represented the United States Infantry, the United States Cavalry, New York and New Jersey. The season of 1909 was brought to a close by the shooting of a team representing the State in the Mosher Match at Washington. This team was a volunteer one and made a most creditable showing. It consisted of Captain Jenkins, Lieutenant Douw, Sergeants Givan, Gemmell, Wright and Forney. Distances, 200 and 600 yards, slow fire; rapid fire, 200 yards. Winning team, United States Marine Corps, 767. Maryland's total was 725, and landed them in 3d place.

The following individual members of the National Guard of this State won prizes in individual matches shot on the Ranges and at the distances stated. Libby Match, 1,000 yards, Sea Girt, N. J. Lieutenant J. De P. Douw's total was 87, 2d place. The Hayes Match, Sea Girt, N. J., 600 yards. Sergeant Givan, 3d place, score, 49. The Lehmberg Match, Sea Girt, N. J., 5 shots at 200 and 300 yards. Private Langstroth, winner; score, 50, a possible. Sea Girt Championship, 200, 600, 900 and 1,000 yards. Langstroth, 9th place; score, 179, possible, 200. The Thurston Match, Sea Girt, N. J., 15 shots at 800 and 900 yards. Sergeant Gemmell, score, 146, possible, 150; 5th place. Maxim Match, 1,000 yards, Lieut. C. K. Duce, 21st place, score, 46. Spencer Match, 15 shots, 1,200 yards. Sergeant J. E. Givan, 5th place, score, 58. The Dupont Tyro Match, 10 shots at 800 yards, Camp Perry, Ohio. Sergeant E. O. Wright, 23d place, score, 49.

In submitting the above detailed record of contests by all teams and individuals representing the State of Maryland and in rifle contests, it is most gratifying to note the steady improvement that our State has made during the past two years. We are no longer in the class of those who are not to be considered, but we have in our Guard today rifle shots who are

the equal of any in the United States. Our men have gained confidence and skill and are liable at any time and in any match to be reckoned with among the winners. We have demonstrated to the National Guard of other States that although Maryland is 24th among the States in the size of our National Guard, she must be reckoned with among the leaders when it comes to the deciding of a contest with a rifle.

In the National Match of this year, during the slow fire period, our team was never worse than 10th in 50 teams, and has the credit of making the highest total ever made at 600 yards by a team of 12 men, namely, 559 out of a possible 600. Had the team done nothing else during that record-breaking contest, Maryland's score at 600 yards would have been "glory enough for us all," but our old stumbling block of 200 yards, rapid fire, pushed us down to 12th place, and our skirmish run, made under the most unfavorable circumstances, with a fading light and in the face of an approaching thunder storm, dropped us to 13th, but Maryland is now in the class where she belongs, namely, Class A, and no efforts should be spared to so instruct the team of 1910 that that team should land even a higher place than they did in the year just past.

I respectfully call your attention to the fact that only teams from eight States finished ahead of us, and only one State out of eight, namely, Oregon, has a Guard of less size than ours.

I can not close this report of the record for 1908 and 1909 without first expressing my deep gratification at the spirit which was evident in the teams of 1909. Individual scores were completely lost sight of in the endeavor of every man to uphold the honor of Maryland, and no team from this State has ever been more loyal to each other, and the proof of the excellence of the team's spirit is shown in the position won by the State team and by the many prizes won by the individuals.

It is gratifying also to report that at all the individual matches shot at Sea Girt, the entrance fees to the same were paid, not by the State, but by the men themselves, a condition which I do not think exists outside of our own State.

I desire to express to you and to the Assistant Adjutant General my grateful thanks for your generous confidence in affording me every assistance that was in your power to give. I can not close this report without expressing my appreciation of the excellent work done by Sergeant Givan, the team coach, and to his untiring efforts are due, to a large extent, the great improvement shown this year.

Very respectfully,

CHAS. D. GAITHER,

Team Captain.

Report of the Commanding Officer, Naval Brigade.

HOWARD STREET ARMORY.

NOVEMBER 19, 1909.

Sir: In compliance with instructions contained in your letter of October 25, 1909, I have the honor to report as follows concerning the work done by the Naval Brigade, M. N. G., during the years 1908 and 1909:

1. During the winter of 1908 regular weekly drills were held at the Howard Street Armory, the men being instructed in Infantry, Artillery and Signal Drills, as well as receiving special instructions in seamanship, navigation and steam engineering.

2. Headquarters was transferred to the U. S. S. Isla de Cuba in May, and the men were there instructed in handling small boats under sail and oar, sub-caliber firing of the ship's guns by means of a Morris tube, and the Engineer's Division was given practical work at the boilers, engines, dynamos and ice machine.

3. On July 16th the U. S. S. Isla de Cuba sailed for Hampton Roads with a crew of 206 men and 15 officers, to join the fleet under command of Capt. C. C. Marsch, United States Navy, and I reported aboard the flagship Yankee on July 17th. In conjunction with the Naval Militia of North and South Carolina, aboard the U. S. S. Prairie; Pennsylvania, aboard the U. S. S. Sylvia; New Jersey, aboard the U. S. S. Vixen, and District of Columbia, aboard the U. S. S. Yankee, we sailed for Tangier Sound, where for 10 days we took part in fleet battle practice during the day and in repelling torpedo-boat attacks at night. At the annual record target practice I am pleased to report that the crew of the U. S. S. Isla de Cuba took first honors with the following record, made by the six-inch gun pointers, one gun pointer being allowed for each 50 men in the organization:

Gun Pointer.	Shots.	Hits.	Time.
G. Hilton.....	6	3	2.13 minutes
G. Bauman.....	6	3	2.37 minutes
J. Christian.....	6	5	2.34 minutes
G. Goodwin.....	6	6	2.70 minutes
W. Seitz.....	6	5	.37 minutes
E. Schwartz.....	5	4	.37 minutes
Totals.....	35	26	10.41 minutes

This gave a percentage of hits of 74.3 per cent., the nearest record by the other organizations being 58 per cent.

Captain Marsch complimented the men upon their efficiency and was greatly pleased with their work in general.

The U. S. S. *Isla de Cuba* returned to Baltimore on July 28th, after a most successful cruise of 13 days.

4. The remainder of the summer was spent in drills aboard ship, and in October the organization returned to winter quarters at the Howard Street Armory, where winter work was resumed.

5. On February 21, 1909, the U. S. S. *Isla de Cuba*, with the Hon. J. Barry Mahool, Col. Harry M. Hutton, Assistant Adjutant General, and Major Elmer Hubbard, U. S. A., aboard as guests, sailed for Hampton Roads to join the welcoming squadron sent out to receive the Atlantic Battleship Fleet upon its return home after circumnavigating the world.

After a most successful cruise we returned to Baltimore on February 23d. This was the last cruise during the present year owing to the lack of available funds. Last year's cruise embraced 13 days, and the new Militia Law, having increased the pay of each man 25 cents per day, without increasing our annual appropriation, made it impossible to cruise this year. I regret this exceedingly, as an organization such as the Naval Militia must depend for success upon regular practice cruises, which latter can not be held unless sufficient funds are available.

6. On March 3, 1909, we left for Washington, D. C., via the Baltimore and Ohio Railroad, to take part in the inaugural parade of President William H. Taft. While in Washington we were quartered aboard the U. S. S. *Puritan*, and returned to Baltimore during the night of March 4, 1909. In spite of the extremely disagreeable weather the men held out excellently, and the parade through slush and snow passed without our losing a single man. I am pleased to report that of the six official photographs made of this parade one was of the Naval Militia of Maryland.

7. On June 9th I had the honor to be promoted to the Captaincy of the Naval Brigade, having served as its Commander since the death of Captain Edwin Geer.

8. On June 25th I sent a force of men under command of Lieut. Commander W. E. Putts, to the Naval Station at Portsmouth, Va., to bring to Baltimore the torpedo boat *Somers*, this vessel having been assigned to this station in conjunction with the U. S. S. *Isla de Cuba*. The *Somers* arrived here on the afternoon of June 27th, after a most successful trip up the Bay.

9. On July 5th the National Independence Day was celebrated by us at Fort McHenry, after a parade from the Armory to the fort, the day ending in competitive boat races between the six divisions of this organization.

10. On July 12th the Somers left Baltimore with three officers and 28 men for a cruise in the Chesapeake Bay and tributaries, returning on July 14th.

11. The Somers again left Baltimore on July 15th with five officers and 32 men, returning on the 18th.

12. On August 15th the Somers steamed 58 miles, returning the same afternoon, with two officers and 22 men.

13. On August 20th, with three officers and 26 men aboard, the Somers left Baltimore to perform survey duty, returning on the 22d.

14. On September 1st the Somers left for a three days' cruise, visiting Queenstown, Oxford, Cambridge and Betterton.

15. On Sunday, September 17th, the Somers left Baltimore to take part in the Anniversary Ceremonies at Yorktown, Va., returning to Baltimore on the 20th. At Yorktown I landed a platoon of men to parade and fire a volley over the grave of Thomas Nelson, Jr., the Governor of Virginia during the Revolution, a portion of the ceremonies having been in his honor.

16. From the above report you can see that this organization was as active as our funds would permit of, and I greatly regret that we were unable to cruise on the U. S. S. *Isla de Cuba*. I trust, therefore, that you will exercise every endeavor to have our appropriation of \$10,000 per year increased to \$15,000 per year, as the organization's work is increasing rapidly, and results can not be achieved unless the enlisted men are given proper training at sea, which was impossible this year.

Very respectfully,

F. H. WAGNER,

*Captain Commanding
Naval Brigade, M. N. G.*

To Adjutant General, Annapolis, Md.

**Report of the Commanding Officer, Veteran Corps, Fifth
Regiment Infantry.**

*The Adjutant General, State of Maryland,
Annapolis, Md.*

Sir: In compliance with the request contained in your communication under date of October 25th, I have the honor to submit the following report concerning the Veteran Corps under my command covering the years 1908-1909:

During this period the Command has been engaged in their military capacity only on the following occasions: January 8, 1909, acting under orders from the Commander-in-Chief, the Corps paraded in Baltimore and Annapolis as the special escort of His Excellency Governor Crothers, at his inauguration, and participating in the ceremonies pertaining thereto.

On May 7, 1909, the commissioned officers and the non-com. staff, by invitation of the Confederate Society, took part in the parade exercises connected with the presentation to the State of Maryland of the Battle Flags of the Second Maryland Infantry, C. S. A., at the State House at Annapolis, by the State of Ohio.

The usual drills and inspections have continued regularly throughout this period, and the Commanding Officer is pleased to report an unabated interest on the part of the officers and men. The Command shows a healthy growth since my last report, and a new company having been organized under Capt. Walter P. Chenoweth, who was duly commissioned by His Excellency the Governor.

During the present year many changes and improvements have been made to our new Armory at a cost of \$1,500 to our treasury, making the building more commodious and suitable to our purposes, both from a military and social standpoint, at the same time enhancing the value of our investment. Suitable lockers for uniforms and racks for the rifles have been erected, and the main building overhauled, repapered and painted thoroughly.

Owing to the financial depression in all matters pertaining to real estate during this period, we have been unable to proceed with plans proposed in my last report relating to the enlargement of our Armory by the addition of a hall covering the extra ground in the rear of our main building, etc.

Respectfully,

FRANKLIN P. SWAZEY,
Colonel.

Report of the Military Storekeeper.

MILITARY STOREHOUSE, FIFTH REGIMENT ARMORY.

*The Adjutant General, State of Maryland,
Annapolis, Md.*

Sir: In obedience to instructions contained in paragraph 1 of your letter of October 25, 1909, I have the honor to report as follows, relative to the condition and operations of the State Military Supply Depot, for the years 1908-09, as follows:

First—General condition good.

Second—Supplies on hand are of good quality and sufficient to meet any emergency likely to arise.

Third—The storage-room is ample, and only needs proper shelving, etc., to make it the equal of any military storeroom of its size in the country.

Fourth—The issue-room and office, combined, is in every respect suitable, but needs additional cupboards for the storage of olive-drab clothing.

The work of this Department has steadily increased since its organization in 1900, when a small storeroom was rented on South Eutaw street and opened for the storage of property and the convenience of the Guard.

The amount of stores received during the two years in question total as follows:

U. S. magazine rifles and ap'dages.	(pieces, 21,695)	money value.	\$48,371.09
Ordnance stores, various	(pieces, 4,420)	money value.	33,610.55
Quartermaster's property	(pieces, 21,665)	money value.	2,350.00
Signal property	(pieces, 73)	money value.	120.00
Medical property	(pieces, 2,280)	money value.	508.00
Clothing and equipage	(pieces, 32,947)	money value.	60,073.92

Total value of property received.....\$145,033.56

To the above receipt add the issues, transfers and exchanges of serviceable for unserviceable property—see line 4 in statement of the State's Property Accountability—and a fairly accurate idea of the magnitude of the work, both manual and clerical, necessary to care for and keep track of the State's military property may be obtained.

To check the increasing loss of property is a matter of vital importance to this Department, and presents a problem for the consideration of the State which, if not speedily solved, will,

in settlements with the United States, seriously affect the State's allotment under Section 1661 of the Revised Statutes.

As one means of putting a check upon these losses, I would recommend that in all cases where officers saddled with a property responsibility seek promotion or apply for the acceptance of their resignations, the same be held up until their entire property responsibility is accounted for and their accounts closed with the State.

These settlements should be accomplished:

1. By designating an officer to take over and receipt for the property.
2. The transfer (by actual count) made by a competent officer detailed for the purpose.

Such a course would necessitate an expenditure of some two or three hundred dollars per annum, but, in my opinion, the result would more than compensate the State for the outlay. In addition, as this regulation became thoroughly understood by the officers of the Guard, it would tend to increase their efficiency and gradually bring them to understand that their responsibility to the State corresponds to and equals the responsibility of the officers of the United States Army, similarly situated, and that carelessness and inattention upon their part in accounting to the State for military property intrusted to their care must necessarily lower the business standard of the entire Guard and bring it into disrepute with the military branch of the United States Government.

Respectfully,

J. C. MARSHALL,

Captain and Military Storekeeper.

**Report of Captain William Baird, U. S. A., Retired, on
Duty with Organized Militia of Maryland.**

STATE HOUSE, ANNAPOLIS, MD., November 20, 1909.

To The Adjutant General, State of Maryland.

Sir: Pursuant to the request contained in your letter of the 25th October, I have the honor to submit the following report of my observations of the operations of the National Guard of the State for the years 1908 and 1909:

1908.

On January 8th the first appearance of the Organized Militia of the State occurred, at the inauguration of Governor Crothers. It was creditable to the organizations taking part. They formed a Provisional Command, which acted as a "marching escort" and afterwards passed in review before His Excellency—Company E, First Regiment (of Elkton) was posted as a body guard at the State House.

On February 22d, at the request of the Inspector of Small-Arms Practice, the undersigned gave a lecture at the Howard Street Armory to a party of young men, students at various Baltimore institutions, who had begun gallery practice and other indoor instruction in rifle firing at the Fourth Regiment Armory, with a view to encouraging them in this work.

Practically the entire month of March was required for my annual inspection of all the militia of the State, under orders from the War Department. This was the first year that any of the organizations appeared for inspection in *heavy marching order equipped for the field*; the following year *all were required to turn out fully equipped for field service*. A complete report of all the details of this inspection was made to the War Department, extracts from which were returned from there to your office, so that the irregularities mentioned might be brought to the attention of those concerned and *corrected*.

On April 6th, Company L, First Regiment (at Centreville), after having been reported at all my inspections made during the past four years for many irregularities and deficiencies, and having failed to overcome these difficulties, was mustered out.

On May 9th the Fifth Regiment was reviewed in Druid Hill Park by the Governor. It made a very good appearance in full dress uniform and marched well.

On July 4th the Fourth Regiment left by rail for camp at Pine Plains, N. Y., where it spent 10 days in field maneuvers with troops of the regular army and militia from other States.

As the ranks of nearly all its companies were well recruited before starting the Regiment made a good showing. It has, however, been the criticism of all who have inspected at these "Camps of Instruction" that it is a great drawback to take to camp new and green men, and that only those who have received the proper amount of instruction and drill in the Armory beforehand should be allowed to go. Complete reports upon the work of the Regiment at this camp were made by the Army officers on duty there and furnished your office.

On May 1st Saunders Range opened for the practice season, and on Monday, May 18th, the "Camp of Instruction" began with the arrival of a battalion of five companies of the First Infantry, which remained till Saturday afternoon. All the companies of the Brigade followed, encamping by battalions, and generally from Monday till Saturday. They received pay from the State for this duty and many more men were "qualified" this season than ever before. The undersigned made numerous visits to the Range during this period, especially to observe the different troops detrain or entrain, make or break camp, and to note the condition of their camps, kitchens, latrines, etc.; also the manner in which guard and other duty was performed. There was considerable difference about these matters between the various commands. While the individual instruction of each man in rifle firing was the main object of this camp, still there were opportunities to give instruction in these other features, which some of the field officers took full advantage of, and some did not seem to fully appreciate.

The week beginning Monday, August 3d. was taken up with the State Rifle and Revolver matches, under the direction of Colonel Gaither as Executive Officer. The matches were very smoothly and successfully conducted and without any friction or appeals arising from any of those competing.

On November 23d a *provisional regiment*, under command of Lieut. Col. Supplee, and composed of one battalion from each of the three Regiments (First, Fourth and Fifth) took part in a military street parade at Annapolis (Charter Celebration), and was reviewed by the Governor from the steps of the State House; general appearance and marching, good.

On the evening of December 30th, at the Fifth Regiment Armory, Baltimore, the *entire Brigade* (except the First Regiment) was formed in full dress uniform to receive the trophies and medals won at Small-Arms Practice during the year, and the appearance was very good.

1909.

On March 4th the inauguration of President Taft was the next occasion of the State troops turning out. The entire Brigade, including the Naval Reserves, was prepared to participate, but owing to the storm, which interrupted the trains, only a portion was able to reach Washington in time.

On May 1st Saunders Range opened as usual, and on May 17th the companies began to report for their "Record Practice." The First Regiment encamped at the Range for four days. All the other organizations returned after practice each day to their Armories in Baltimore. The "Annual Matches" occupied the entire week beginning Monday, August 9th. They brought together more competitors than ever before and passed off very successfully. Colonel Gaither was Executive Officer.

On November 6th a Provisional Brigade, commanded by Colonel Macklin, and composed of the Fourth and Fifth Regiments, took part, with a number of regular troops, in the ceremonies attendant upon the unveiling of a statue at Druid Hill Park, and passed in review before the Governor in full dress uniform, making an excellent appearance, except that some companies seemed to have a good many men absent.

The War Department inspections this past year were made by three officers of the Army, one from the Cavalry, one from the Infantry and one from the Coast Artillery. Their reports have been referred back to your office for such action as may be necessary. The same obtained with the reports of those officers who were specially detailed for duty with the Brigade during its encampment at Westminster last July, at which all the organizations in the State were present, except the company of Coast Artillery. The latter went to camp at Fort Howard in September, and the reports upon its work then, and also in July, 1908, at which former time the First Regiment also encamped at Fort Howard and took part in the "Joint Army and Militia Coast Defense Exercises," all have been rendered in the usual way, so that it is unnecessary to go over them in this communication.

As the result of my personal observations of the Guard, I *would respectfully recommend:*

1st. That the United States physical standard for the admission of recruits be *rigidly adhered to*, and that all officers charged with such examinations be *held responsible that no immature nor imperfectly developed young men get into the ranks.*

2nd. That every possible encouragement be given to the work of instructing our students, high school boys and other lads of that age, in target practice, and the handling and proper care of the rifle. Baltimore is one of the cities in which mili-

tary drill and discipline in the high schools seems not to have been generally established. In Boston, Washington, D. C., and many other places the beneficial result of military drill in the public schools has been proved; and the lads so drilled and trained offer a fine field for recruitment for the National Guard when they reach the proper age. Endeavor should also be made to get into the Guard the graduates of St. John's, Maryland Agricultural College and such other schools as have a course in drill.

The great importance of military training and its good results in point of health, bodily vigor and discipline upon young men, while still at school or college, is being fully recognized in England today. There, with a small standing army like ourselves, every effort is being made to improve not only their militia, but their "boy scouts." The latter is an organization of juniors which is spreading rapidly.

3rd. In this connection I would most strongly urge that the Fifth Regiment Armory, the only modern and suitable one in the State, be not diverted to any use that interferes with its military purpose. The War Department, which now furnishes so much to the Militia of all the States, expects in return that the latter shall be trained thoroughly in their armories in *everything that can possibly be taught there; so as to be able to go into the camps in summer prepared to take up there only what could not be practiced indoors*. The large floor space of this Armory permits not only drill and marching, but many field exercises and maneuvers can be taught there; also the posting of guards and sentinels, putting up and striking tents, and many other features that all guardsmen should learn thoroughly before going to camp. Nothing should be allowed to prevent all this work being carried on in the armory at whatever time in the year may be found most convenient for its accomplishment. In Massachusetts the State laws do not permit even a dance to be given in an Armory owned by the State, so strongly is its military character emphasized.

4th. The present system of examination of officers of the National Guard, adopted in 1908, seems to have had very good results. It is recommended that when the Commanding Officer of an organization severs his connection therefrom that all possible expedition be used in getting his property accountability settled up, so that a new commander may be regularly installed just as quickly as possible. A company or a Regiment which has lost its regular Commander seldom progresses much under an officer only temporarily in command, during the period of uncertainty as to who will finally succeed to the place. Several organizations in the Brigade show this at the present time.

5th. It is recommended that the State make a trial of the offer of the War Department to detail one or more non-commissioned officers of the regular army for temporary duty with the organized militia. These soldiers, having taken a course of special instruction with a view to this work with the National Guard, should be capable of considerable assistance, as the reports from some States seem to show.

In conclusion, I wish to express my appreciation of the many courtesies and the cordial support that I have received from all the members of the Organized Militia of the State during my tour of duty here.

Very respectfully,

WM. BAIRD,

*Captain U. S. A., Retired,
On Duty with Organized Militia of Md.*

Report of Inspection of the Naval Brigade.

HEADQUARTERS MARYLAND NATIONAL GUARD.

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 12th November, 1909.

*The Adjutant General, State of Maryland,
Annapolis, Md.*

Sir: Pursuant to Special Orders No. 57, A. G. O., dated 26th October, 1909, I proceeded to Baltimore on 9th November, 1909, to inspect the Naval Brigade, Maryland National Guard, and have the honor to submit the following report and recommendations relating thereto:

The Headquarters and First, Second, Third, Fourth and Sixth Divisions, and the records of the respective divisions, were inspected at the Howard Street Armory on the 9th of November, 1909. The U. S. S. *Isla de Cuba* was inspected at the wharf of the Skinner Shipbuilding and Dry Dock Company in Baltimore, and the U. S. S. *Somers* at the wharf of the Naval Brigade, Fort McHenry, Baltimore, on the morning of the 10th of November, 1909; and the Headquarters records and books, unissued clothing, equipment and arms at the Howard Street Armory on the same date.

The Fifth Division and the records thereof were inspected at Sparrows Point on Thursday, 11th November, 1909.

The five divisions inspected at the Howard Street Armory were three-quarters of an hour late in forming. They were formed as a battalion of infantry under command of Captain Wagner, the commanding officer of the Brigade, and a minute inspection of the arms, uniforms and equipment of these divisions was made.

Field and Staff—6 officers present; 1 officer absent; 3 warrant officers present.

1st Division—No officers present; 1 officer absent; 25 men present and 11 absent.

2d Division—1 officer present; none absent; 15 men present and 22 absent.

3d Division—2 officers present; none absent; 19 men present and 28 absent.

4th Division—1 officer present; 1 absent; 9 men present and 26 absent.

5th Division—1 officer present; none absent; 12 men present and 25 absent.

6th Division—3 officers present; none absent; 26 men present and 23 absent.

Making 14 officers present and 3 absent. Warrant officers, petty officers and men present, 107; absent, 135.

The following are the Divisional Officers of the Brigade:

1st Division—Lieut. John E. Reeside;

Lieut. (J. G.) George A. Bayles;

Ensign, vacant.

2d Division—Lieutenant, vacant;

Lieut. (J. G.) H. C. McElderry;

Ensign, vacant.

3d Division—Lieut. Charles J. Fallon;

Lieutenant (J. G.), vacant;

Ensign, H. Webster Smith.

4th Division—Lieutenant, vacant;

Lieut. (J. G.) John Wroth;

Ensign, J. Howard Magee.

5th Division—Lieut. John Aspril;

Lieutenant (J. G.), vacant;

Ensign, vacant.

6th (Engineer) Division—Lieut. Frank Van Vleck;

Lieut. (J. G.) Allen Malone;

Ensign, John S. Crowther.

The rosters provided for in the 4th paragraph of the Order directing the inspection were not prepared and submitted to the Inspecting Officer by any except the Fifth Division, there being a misinterpretation of the Order as to what a Roster of a Division was.

Arms—The Brigade is armed with the .30 caliber Krag-Jorgensen rifle. These rifles are stored at the Howard Street Armory and are cared for by an armorer, and both the rifles and bayonets were found to be in a fair condition. The trigger pull on many guns, however, should be adjusted. Some rust was found on quite a number of bayonets.

Uniforms—The blue uniforms throughout the Brigade were found to be neat and fitted the men well. Leggings were not worn at the inspection, but were stored in the Howard Street Armory, about one-half of the same being canvas lace leggings and the other half canvas puttees.

Equipments—The canvas belts were in excellent condition and were well adjusted on the men. Haversacks and canteens were not worn at the inspection, but were stored at the Howard Street Armory and found to be in good condition. The mess kits, however, were not in the haversacks, but were stored

and used aboard the Cuba. This organization is not equipped with blanket bags, but has the canvas clothes bags, which could be used in case of an emergency.

Drill—The formation for inspection was improper and the inspection ceremony very poorly executed. Manual of arms of the respective divisions was fair, and Close Order movements were good. The Brigade has had practically no instruction in Extended Order or Guard Duty. Men were fairly steady in ranks.

Ordnance—The following rapid-fire guns are in the possession of the Brigade, all of which are stored at the Howard Street Armory, with the exception of one brass Howitzer, which is kept in the Armory of the Fifth Division at Sparrows Point:

- 1 .30-caliber Colt R. F. automatic gun.
- 2 12-pounder Fletcher field pieces,
- 2 antiquated brass Howitzers,
- 2 Schroeder R. F. 1-pounders.
- 2 Hotchkiss R. F. 1-pounders,

the ammunition for said guns being stored aboard the Cuba.

Unissued Uniforms, Etc—The unissued uniforms and equipment are stored in the Howard Street Armory, at Baltimore, and are well cared for, proper precautions against moths, rust, etc., having been provided for.

Armories—The Headquarters and Divisions stationed at the Howard Street Armory, in Baltimore, each have a separate room, which rooms are well heated, lighted and cared for, and all present a neat and attractive appearance. The Division stationed at Sparrows Point has the use of a room about 20x30 feet, tendered free of cost, with light and heat, by the Pennsylvania Steel Company, for Armory and instruction purposes. This room is not large enough for drill purposes. The Commanding Officer of this Division is now arranging to obtain from the company the use of a building about 40x100 feet, several squares from Sparrows Point proper, to be used for drill purposes. The company is to arrange for installing the lighting in said building, but stoves will have to be installed and heat furnished by the Brigade. After the heating and lighting apparatus is installed in this building it will answer very well for drill and indoor rifle practice purposes.

Instruction—There is held once a month a school for officers, which is attended by all Staff and Divisional officers for instruction purposes. A number of the Divisions, in addition to the monthly school, have weekly schools for the officers of their respective Divisions, and also theoretical instruction of the petty officers and enlisted men of their Divisions. Each officer, before being permanently commissioned in the command, is examined by the Board of Examiners convened by The Adju-

tant General's office; and in addition thereto, is required to obtain a pilot's license for the Chesapeake Bay and tributaries. The officers in the Engineer's Division are required to obtain a marine engineer's license; and the Commanding Officer has a license to run any class of ship that may come under his command in the Bay, Sounds and open water. The boatswain is also required to obtain a pilot's license for the Chesapeake Bay and its tributaries. The warrant and petty officers are required to pass an examination in the special matters pertaining to their respective branch of the service.

Vessels—The vessels of the Naval Brigade are:

1. United States steamer *Isla de Cuba*, a first-class gunboat of 1,125 tons; 192 feet long, 30 feet wide, with a speed of 14 knots and draft of 12 feet 3 inches; coal capacity of 159 tons; steaming radius, 2,600 knots; armament consisting of 4 6-pounders, 4 3-pounders, 2 1-pounders, with 2 4-inch guns now in the course of placement; her complement being 8 officers and 157 men; her condition being good; armament, good; bottom, foul; she being very clean and well taken care of, having six Government caretakers assigned for duty aboard her and the Somers.

2. United States steamer *Somers*, a torpedo boat of 145 tons; length, 165 feet; width, 17 feet; speed, 18½ knots; draft, 7 feet; coal capacity, 37 tons, giving her a steaming radius, under full steam, of approximately 3 days, and under cruising speed, of approximately 6 days; there being no guns aboard her, but places for the erection of 4 1-pounders, which could be taken from the Armory and erected upon very short notice. Her complement is 2 officers and 27 men, and her condition is first class, except bottom, which is foul. It would take approximately 12 hours to get up steam and move the *Cuba*, and one hour for the *Somers*.

3. Steam Launch D, No. 313; 36 feet long, 7 feet wide; draft, 3 feet; coal capacity for 70 miles and capacity for carrying 35 officers and men in quiet water, or 12 in open water, and plates for the erection of 1 1-pounder.

Ammunition—The following ammunition is in the possession of the Brigade, all of which is stored aboard the *Cuba*:

- 100 rounds 6-pounder, common;
- 100 rounds 3-pounder, common;
- 300 rounds 1-pounder, common;
- 43 rounds 1-pounder, canister;
- 1,000 rounds .38-caliber revolver, ball;
- 4,850 rounds .30-caliber Krag, ball;
- 5,000 rounds .30-caliber, blank;
- 3,500 rounds 37-millimeter, R. F.;
- 84 rounds 3-inch Schrapnel, field gun;
- 166 rounds 6-pounders, saluting;
- 199 rounds 3-pounders, saluting;
- 84 rounds 1-pounder.

Books and Records—The following books are kept at Headquarters:

Divisional property book;
Stock book;
Brigade roster and description book;
Paymaster's cash book.

Letters sent and endorsements are copied in letter-press copy books, and also carbon copy taken and retained. Log books are kept aboard the Cuba and Somers. These books are posted to date and are neatly kept.

Administration—The Commanding Officer attends to all correspondence with the Headquarters of the National Guard and Navy Department.

The Executive Officer is responsible for the forwarding of all official reports.

Officers' meetings are held once each month, and School of Officers once each month.

There is an unincorporated Officers' Association connected with the Brigade that meets once each month, and is supported by the dues and assessments levied against all the officers of the Brigade.

The Brigade has approximately 50 honorary members who pay the dues prescribed in the Militia Law of 1908.

Courts-Martial—In accordance with the regulations prescribed by the Headquarters of the Maryland National Guard, are held monthly. During the summer months, on cruises, etc., Deck Courts, under the Naval Regulations, are held aboard ship.

Both the honorary membership dues and fines collected by courts-martial are turned over to the Officers' Association.

Alarm and Assembly—Lists for hurried assembly are prepared and kept by the Divisional officers, duplicate copies being filed with the Brigade Headquarters. The efficiency of these lists were tested the last time in February, 1909. One hundred (100) emergency rations are kept stored aboard the Cuba for immediate use. All field equipment, with the exception of ammunition and mess kits, are kept stored in the Howard Street Armory, the articles above referred to being aboard the Cuba.

Pay Roll—The following is a list of employees regularly paid from State funds, with their salaries and duties: Boatswain Lambdin, in general charge of the Government vessels

and State and Government property thereon, \$75 per month; Boatswain's Mate (first class) Marks, assistant to Lambdin, \$14 per week; Fireman Burns, in charge of the fireroom, \$10.50 per week; cabin boy, Camphor, in charge of the officers' rooms, silver, etc., \$30 per month.

Physical Examinations—A medical officer is on duty each drill night at the Howard Street Armory for the purpose of examining recruits. The recruits of the Sparrows Point Division are taken to Baltimore for examination.

General Remarks—The officers of this organization are proficient and devoted to their duties, and courteous in their treatment of each other and the men under them. The military discipline, however, is not what it should be, as there seems to be a tendency to criticise the orders of their superiors.

The enlisted men are very intelligent and take an interest in their work, but seem to be young, and in many instances undeveloped.

The men had no knowledge of the nomenclature of the piece, and very few of them knew the name of the gun with which they were equipped or its caliber, and comparatively none of them had had any rifle practice, either indoor or outdoor.

The blue uniforms in the possession of this organization were partially drawn from the Government and others purchased from State funds. There is no record kept when the uniform is issued to show whether it is State or Government property, therefore, if it were lost or damaged, it would be impossible for it to be acted upon or accounted for in the proper method to have it removed from the Government or State property returns.

The Headquarters and the Divisions stationed in Baltimore are fully equipped with up-to-date steel lockers. There was complaint, however, from some of the Divisional Commanders that the keys of some of the lockers opened other lockers in the same room, therefore the Divisional Commanders allow the enlisted men to take to their homes their uniforms and equipment, which it is thought should not be permitted, as it makes it much more difficult to keep track of the property and have it properly accounted for. If the locks on the lockers are defective, they should be gone over by a competent locksmith and repaired at once.

In accordance with the provisions of the 5th paragraph of the Order directing this inspection, I have the honor to make the following recommendations:

1. That inspections of the Naval Brigade be held at least once in each year, and that a naval officer be requested to accompany the State Inspector, and that in each alternate year these inspections be held during the summer season, upon the Government vessels.

2. That the Commander-in-Chief issue orders detailing an officer to act as Surveying Officer for all State property for the Naval Brigade.

3. That a system of indoor rifle practice be prescribed for the respective Divisions of the Naval Brigade during the winter months, and all men in the Brigade showing the necessary proficiency in indoor work to be sent each year to the State Rifle Range for outdoor rifle practice, under pay by the State.

4. That the Commanding Officer of the Naval Brigade be requested to endeavor to have at least two commissioned officers in each Division of the Brigade.

5. That a sufficient number of leggins of one pattern, in addition to those on hand, be drawn from the Government to equip all the members of the Brigade.

6. That at least 1,000 rounds of Krag ammunition be stored at the Howard Street Armory for the use of the Brigade in case of an emergency.

7. It appearing that a large number of uniforms and equipment are still carried on the State and Government property returns that have long since been lost and can not be accounted for, that an officer, with the necessary assistants, be detailed to count and verify all the arms, uniforms and equipment now in the actual possession of the Naval Brigade, in order that proper action may be taken to correct the property returns of that organization.

8. That property books covering Naval property be either drawn or printed and issued to the respective Divisions of the Naval Brigade, in order that the property may be properly entered and accounted for. The books now in their possession, being intended for the land forces, are unfitted for the use of the Naval Brigade.

9. That the Commanding Officer, Naval Brigade, be directed to file reports in this office relating to funds received from the honorary membership and fines collected, in accordance with the Militia Law of the State.

10. That separate accounts be kept for Government and State uniforms when issued, in order that the same may be properly acted upon in case of loss or damage thereto.

11. That instructions be issued that the by-laws of the Officers' Association and regulations governing the Naval Brigade be modified to meet present requirements, and submitted to The Adjutant General for approval, in accordance with the Militia Law of 1908.

12. That steel lockers be purchased and issued to the Fifth Division at Sparrows Point as soon as the Commanding Officer secures a safe place for their installment.

In conclusion, I deem it incumbent upon me to recommend that until this organization is properly instructed in Extended Order, Guard Duty and Small-Arms practice, that it would be inadvisable to order it out for field service.

Respectfully submitted,

HARRY M. HUTTON,
Col. and Asst. Adj. Gen.

General Orders and Circulars.

HEADQUARTERS MARYLAND NATIONAL GUARD.

ADJUTANT GENERAL'S OFFICE.

ANNAPOLIS, January 20, 1908.

GENERAL ORDERS.

No. 1.

The Secretary of War having notified the Governor of Maryland in a letter dated January 7, 1908, that the President of the United States would name for competition in July next a candidate for a commission in the U. S. Army, to be selected from the Organized Militia of Maryland, and as it is desirable that those who may desire this appointment should be familiar with the requirements, General Orders No. 1, War Department, dated January 2, 1908, is herewith published for the information of all concerned:

GENERAL ORDERS.

No. 1.

WAR DEPARTMENT,

WASHINGTON, January 2, 1908.

The regulations published in General Orders, No. 57, March 20, 1907, War Department, regarding the examination and appointment of persons in civil life to be second lieutenants in the Army and the examination of lieutenants of the Army for transfer to the Artillery Corps, having been amended, by direction of the President, to read as follows, are published for the information of all concerned:

I. Boards for the examination of applicants from civil life for appointment to the position of second lieutenant in the Army will be appointed by the Secretary of War, and will consist of five commissioned officers, including two medical officers. The duties of the medical officers will be confined to examining into and reporting upon the physical qualifications of the candidates.

II. Only such vacancies in the grade of second lieutenant in the line of the Army as exist after the assignment of the graduates of the United States Military Academy each year, and as are not required for qualified enlisted candidates, are available for the appointment of civilians. In any year when such vacancies are available they may be filled—

First. By the appointment of honor graduates of institutions of learning at which officers of the Army are detailed as professors of military science and tactics, whose students have exhibited the greatest application and proficiency in military training and knowledge, not to exceed ten for any one year.

Such graduates will not be required to undergo any mental examination, but each must be recommended by the Army officer serving at the time of graduation as professor of military science and tactics at the institution at which the applicant was graduated. The applicants of this class who may be appointed second lieutenants will be so appointed in advance of other appointees from civil life; and their places in the lineal and relative lists of second lieutenants of the Army will be determined at the War Department by lot.

Second. By the appointment of such civilian applicants as may be designated by the President and may pass the prescribed competitive examination.

Third. In the Coast Artillery Corps such vacancies may also be filled by the appointment of mechanical, electrical, or civil engineers who are graduates of the universities, colleges or technical schools of the country. They may be designated by the War Department and must pass the prescribed competitive examination prior to appointment.

III. No person shall be examined unless he has a letter from the War Department authorizing his examination.

If the candidate has been graduated at an institution where he received military instruction he must present a diploma or a recommendation from the faculty of the institution.

If a member of the National Guard he must present recommendations from the proper National Guard authorities.

If a graduate mechanical, electrical or civil engineer he must present a diploma of graduation as such from the institution at which he was graduated.

IV. No candidate will be examined who is married or under twenty-one or over twenty-seven years of age, or who is not a citizen of the United States.

V. Each applicant will first be subjected to a rigid physical examination, and any applicant who fails to pass it will be rejected by the board; but, should he so desire, he will be permitted to undergo the mental examination with the distinct understanding that such examination will not confer upon him any right to appointment should his physical disability finally be regarded as disqualifying. Examination as to physical qualifications will conform to the standard required of recruits and to the requirements prescribed in War Department General Orders, No. 199, of December 11, 1906, except that any applicant under 5 feet 5 inches in height will be rejected. The physical examination will be made complete in each case, even though a deficiency be discovered, so as to ascertain whether any other defects exist. It is highly desirable that where a candidate is rejected for any physical cause, the cause of rejection should be so clearly established as to be conclusive of the reasonableness and propriety of the rejection, and in cases where physical fitness appears doubtful the board should require the production of such testimony as to the medical history of the candidate and of his family as may be obtainable. A certificate of physical examination by the medical officers of the board will accompany the proceedings of the board in each case.

The moral character of each applicant found physically qualified or who desires to undergo the mental examination notwithstanding his physical defects, will then be inquired into, and any applicant who has not borne a good moral character will be rejected and his examination will cease.

VI. Each applicant who has been found qualified under paragraph V of this order, except as hereinafter provided, will then be examined mentally in the following subjects:

1. English grammar, including orthography, reading, and writing from oral dictation.

2. In his knowledge of arithmetic and his ability to apply its rules to all practical questions; in his knowledge of the use of logarithms and ability to apply them to questions of practice; in his knowledge of algebra, through quadratic equations, and in his knowledge of plane and solid geometry, plane and spherical trigonometry, and elements of surveying.

3. Geography, particularly in reference to the United States and North America.

4. The outlines of general history, and particularly the history of the United States.

5. The Constitution of the United States and the organization of the Government under it, and the elements of international law.

6. Army Regulations, and the drill regulations of cavalry, field artillery, or infantry, as the candidate may elect. The examination in drill regulations will be practical, extending through the schools of the soldier, squad and platoon, and shall take place in the presence of the board.

7. The probable efficiency and aptitude of the candidate as judged by the examining board and as shown by his knowledge of army and drill regulations acquired by personal study and application, or by experience in a military school, or in the National Guard.

Any graduate mechanical, electrical or civil engineer who is an applicant for appointment to the Coast Artillery Corps, if he so desires, shall be exempt from all examination in all subjects prescribed in sections 1, 2, 3, 4 and 6 of this paragraph, and in his examination under section 7, his probable efficiency and aptitude will be judged by the examining

board on the basis of his diploma and such recommendations, certificates or other evidence of fitness as may be presented by him.

In awarding marks the board will give to each subject in the examination the relative weight given in the following form. The general average of the candidates will be computed as follows: Mark each question according to its relative weight and reduce the aggregate of marks thus obtained in each subject to a scale of 100. The result will give the percentage of proficiency in the subject. Multiply the percentage in each subject by the number indicating the relative weight of the subject and divide the sum of the products by the sum of the relative weights; the quotient will be the general average.

		<i>Example.</i>		
			Products of	
No.	Subject.	Per-centage.	Relative weights.	multiplication by relative weights.
1	English grammar, etc.....	82	3	246
2	Mathematics.....	76	4	304
3	Geography.....	80	2	160
4	History.....	73	3	219
5	Constitution and international law...	67	2	134
6	Army and drill regulations.....	75	3	225
7	Probable efficiency and aptitude.....	80	2	160
			19	1,448
General average.....				76.21

VII. Each applicant desiring appointment in the Coast Artillery Corps will so notify the president of the examining board and will, in addition to the general examination, as prescribed in paragraph VI, be examined as follows:

1. In his knowledge of mechanics, to include general principles and definitions, laws of motion, parallelogram of forces, constant and variable forces, equilibrium, friction, principle of work, law of energy, relation between heat and work, simple mechanical powers and their application.

2. In his knowledge of electricity, to include theoretical electricity, basis of electrical measurements including units; Ohm's law, including its application to shunts; electro-magnetism and induced currents, methods of measurement of voltage, current, electrical energy and resistance of apparatus therefor; and primary cells, their installation and care and application to open and closed circuit work.

3. In his knowledge of the general principles of chemistry.

Relative weights as follows will be given to these additional subjects: Mechanics, 3; electricity, 3; chemistry, 2, and these subjects will be considered in making up the general average, as hereinbefore provided.

VIII. All applicants will be examined carefully as to their fitness for mounted service, taking into consideration *only the degree of proficiency shown by them in riding and horsemanship and their size when so great as to indicate present or future unsuitability for mounted service*, and the board will report them by name in three groups as determined by the result of the examination, viz:

1st. Those considered specially qualified for mounted service.

2d. Those considered qualified.

3d. Those considered not qualified.

IX. No candidate will be passed by the board who shall not have attained a general average of 75 per cent. in all subjects examined upon, and not less than 65 per cent. in any one subject. An applicant who elects to take the additional examination for appointment in the Coast Artillery Corps and who is successful in both the general and additional examinations, but for whom no vacancy is available in the Coast Artillery Corps, or who is successful in the general and fails in the additional examination, will not be considered ineligible for appointment in the cavalry, infantry or field artillery; but if appointed in any one of the latter arms, his general average will be made up from the marks in the subjects of the general examination only.

X. When the board shall have examined and passed upon all applicants, it will prepare separate proceedings in each case and also a tabulated statement showing the order of their relative merit as determined by the general examination and forward the proceedings, with all papers pertaining thereto, to The Adjutant General of the Army. In establishing the order of relative merit, the general average of each applicant will be made up from the average of the marks in all subjects in which he was examined, subject to the limitation expressed in the latter part of paragraph IX.

XI. Lieutenants of the Army desiring to transfer to the Coast Artillery Corps under paragraph 47, Army Regulations (1904), will be required to pass the examinations prescribed in paragraph VII of this order.

First lieutenants of the Army desiring to transfer to the Field Artillery under paragraph 47, Army Regulations, will be required to pass an examination in those subjects prescribed in General Orders, No. 104, May 9, 1907, War Department, for the examination for promotion from second lieutenant to first lieutenant in the field artillery, which are in addition to the subjects prescribed for examination for promotion from second lieutenant to first lieutenant in the applicant's arm of service, and they

shall also be required to pass a suitable practical test in horsemanship. Second lieutenants of the Army desiring to transfer to the Field Artillery under the paragraph of the Regulations cited, will not be required to pass any additional examination.

[1309660 A—A. G. O.]

BY ORDER OF THE SECRETARY OF WAR:

J. FRANKLIN BELL,
Major General, Chief of Staff.

OFFICIAL:

BENJ. ALVORD,
Adjutant General.

The following are appointed as a Board of Examination and will sit during the first week in April at Brigade Headquarters in the Howard Street Armory, Baltimore, Md., the exact day and time to be designated by the President of the Board:

Colonel Charles D. Gaither, Adjutant General, 1st Brigade, M. N. G.

Colonel I. R. Trimble, Chief Surgeon, 1st Brigade, M. N. G.

Lieutenant William R. King, U. S. N., retired.

The commanding officer of each company or separate organization in the First Brigade will have the privilege of naming one officer or enlisted man from that company to take the State examination provided for. The traveling expenses of the man so selected to Baltimore and return to his home station will be paid by the State, but no allowance will be made for quarters or rations, and there will be no pay for this service.

In order that the most deserving man may be rewarded and so that a maximum of instruction may be imparted, it is suggested that each company commander hold a competitive examination, and that the man passing the best examination on the required subject be selected.

The board will hold a written or oral examination, as they may deem most desirable, and recommend to the Commander-in-Chief, as soon as possible after said examination, the man whom they think best qualified to take the examination provided for in General Orders, No. 1, War Department, series of 1908, also naming a first and second alternate.

The surgeon shall make a rigid physical examination of each applicant and only those found physically qualified will be permitted to take the State examination, each candidate must conform to the requirements of the War Department order published herewith, and must have been a member of the organized militia of Maryland continuously for not less than two years prior to the date of the State examination. Each applicant must also have the favorable recommendation of the commanding officer of his immediate organization and of the regimental and brigade commanders, when they are his direct superiors.

BY COMMAND OF GOVERNOR CROTHERS:

CLINTON L. RIGGS,

Major General,
Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, January 21, 1908.

GENERAL ORDERS,

No. 2.

The following course in pistol firing having been commended by the War Department for adoption by the organized militia of the United States and having been approved by the Governor and Commander-in-Chief, will hereafter be strictly followed in the Maryland National Guard.

PISTOL COURSE.

Divided into three classes, viz: *Marksmen, sharpshooter, expert.* Target A (8-inch bullseye).

Course For Qualification as Marksman and as Sharpshooter.

Distances, 15, 25 and 50 yards—

- 15 yards; 2 scores, rapid fire, 10 seconds to each score of 5 shots.
- 25 yards; 2 scores, rapid fire, 10 seconds to each score of 5 shots.
- 25 yards; 2 scores, timed fire, 30 seconds to each score of 5 shots.
- 50 yards; 2 scores, slow fire, 1 minute to each shot, 5 shots to each score.

Necessary for qualification as marksman: Sixty-five per cent. of possible score, or 130 out of 200 points. Necessary for qualification as sharpshooter: Eighty per cent. of possible score, or 160 out of 200 points.

Course For Qualification as Expert (Open to Sharpshooters Only).

Distances, 15, 25, 50 and 75 yards—

- 15 yards; 2 scores, rapid fire, 8 seconds to each score of 5 shots.
- 25 yards; 2 scores, rapid fire, 8 seconds to each score of 5 shots.
- 25 yards; 2 scores, timed fire, 20 seconds to each score of 5 shots.
- 50 yards; 2 scores, timed fire, 20 seconds to each score of 5 shots.
- 75 yards; 2 scores, slow fire, 20 seconds to each shot, 5 shots to each score.

Necessary for qualification as expert: Eighty per cent. of possible score, or 200 out of 250 points.

Those who qualify in the course will be designated as "pistol marksmen," "pistol sharpshooters" and "pistol experts," and will be entitled to wear insignia indicating the qualification attained, as follows: For a marksman, a pin bearing the inscription "Pistol Marksman;" for a sharpshooter, a badge consisting of a cross pendant from a pin bearing the inscription "Pistol Sharpshooter;" for an expert, a badge consisting of two pistols crossed superimposed upon a laurel wreath, the whole suspended from a pin bearing the inscription "Pistol Expert." These insignia will be of bronze metal, similar in design to those prescribed for issue to the Regular Army and described in paragraphs 230, 232 and 233, Small-Arms Firing Regulations.

For each three years of qualification in any one of the grades of pistol marksmanship a bronze bar will be issued specifying the years of qualification and will be attached to the lower edge of the pin.

BY COMMAND OF GOVERNOR CROTHERS:

CLINTON L. RIGGS,

Major General,

Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, January 22, 1908.

GENERAL ORDERS,

No. 3.

Henry M. Warfield, of Baltimore, State of Maryland, has been duly appointed and commissioned Adjutant General of Maryland, with rank of Major General, and has this day qualified as such. He will be obeyed and respected accordingly.

AUSTIN L. CROTHERS,

Governor and Commander-in-Chief.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, March 5, 1908.

GENERAL ORDERS,

No. 4.

Major S. Griffith Davis, Fifth Infantry, M. N. G., is hereby detailed as a member of the Board of Examiners provided in G. O., No. 1, c. s., these Headquarters, vice Colonel I. R. Trimble, deceased.

BY COMMAND OF GOVERNOR CROTHERS:

HENRY M. WARFIELD,

Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 21 March, 1908.

GENERAL ORDERS,

No. 5.

The following regulations for the government of the Maryland State Rifle Range and the conduct of small-arms practice for the season of 1908 are published for the information of all concerned:

I. The classification as prescribed by special course C Firing Regulations of Small-Arms, U. S. A., 1906, will be required for the season of 1908.

II. The State Range will be open for practice from 1st May to 31st October, both dates inclusive, and will be in charge of Col. Charles D. Gaither, as superintendent, or in his absence some officer detailed by orders from this office.

III. A camp of instruction in rifle practice for the First Brigade will be established and the organizations will report in accordance with the following schedule, both dates inclusive:

- 5 Companies, 1st Infantry, 18th to 23d May.
- 6 Companies, 4th Infantry, 25th to 30th May.
- 6 Companies, 4th Infantry, 1st to 6th June.
- 1 Battalion, 5th Infantry, 8th to 13th June.
- Troop A, 15th to 17th June.
- 1 Battalion, 5th Infantry, 22d to 27th June.
- 1 Battalion, 5th Infantry, 29th June to 4th July.
- 6 Companies, 1st Infantry, 13th to 18th July.
- 1st Separate Company, 20th to 22d July.
- 1st Company, Coast Artillery, 10th to 12th September.

The Colonel or Lieutenant-Colonel of each Regiment will report at Range during the tour of duty of each portion of his command, and assume charge of all instructions other than rifle practice, with the object of obtaining all benefit possible in camp duties generally during the time the troops are not actually occupied at rifle practice. The commanding officer of any organization on the Range may permit any officer or enlisted man to return to his home, on leave or furlough without pay, upon his qualification as marksman.

One Assistant Surgeon and one Hospital Steward will be detailed by the commanding officer of the regiment for duty with each detachment of his regiment, and one staff officer may be detailed as quartermaster and commissary.

The regimental non-commissioned staff officers will be assigned to duty with detachments of each regiment so that each may be on duty at the Range for not exceeding six days. The Range Superintendent will assume direct supervision over the separate organizations for instructions in general camp and field duties.

Company commanders will not be allowed pay if their companies report at the range with less than 25 enlisted men and no company officers will receive pay if the company reports with less than 10 enlisted men. In such cases officers may retain command without pay, but in case there is no officer to command the company, the enlisted men will be attached to another company by the battalion commander.

Payment for this duty will be made before leaving the Range and payrolls will be made out and submitted to the Superintendent for verification in accordance with the following instructions:

Payrolls in triplicate will be made for officers and enlisted men at the rate allowed the militia by the United States. Two copies will be forwarded to this office after payment, and one copy retained by the company commander.

Duplicate payrolls will be made for the *difference* in the case of officers and enlisted men between the rate of pay allowed by the United States and the rate allowed by the State. One copy will be forwarded to this office and one copy retained by the company commander.

Each company will supply its own cook, for which an allowance of two dollars per day will be made. These company cooks will be included in the State payrolls only.

Ration returns will be made out and delivered to the Superintendent immediately after arrival at Range.

Rations will be issued at the Range in bulk for period for which organization will be in camp, except fresh meat and bread, which will be issued daily.

The Brigade Commander will issue such instructions as may be necessary to carry out the provisions of this order.

IV. The annual State matches will be held from the 3d to 8th of August, at which the various trophies will be competed for.

These matches will be open to those members of the Maryland National Guard who are qualified to shoot for same under the conditions laid down in G. O., No. 13, A. G. O., series of 1905, and G. O., No. 5, A. G. O., series of 1906.

V. A State team will be sent to the National Match at Camp Perry, Ottawa county, Ohio, and will consist of 1 team captain, 1 team coach, 1 team spotter, 12 principals and 3 alternates. All members of the Maryland National Guard who have completed their qualification as experts will be eligible for places on this team. The selection of the team will be announced in future orders.

VI. The Range will be closed from the 17th of August to 1st September, inclusive, on account of National Matches. On all other days during the practice season, not specifically set aside by this order, the Range will be open for practice of members of the Maryland National Guard, except for such time as may be set aside later for the matches of the Maryland State Rifle Association.

VII. All officers and enlisted men of the Maryland National Guard, with the exception of bands, field music and hospital corps, will be expected to attend the Range during the practice season and will be graded for the target year.

VIII. No one will be permitted to qualify at any range until he has made a qualifying score at the next shorter range.

IX. All qualifying scores must be made with the U. S. Magazine Rifle, caliber .30, as issued to the State, and with ammunition issued by the State. The use of specially bored barrels, specially loaded ammunition, or sights other than those issued by the Ordnance Department, U. S. Army, are absolutely prohibited in making qualifying scores.

X. The State will make the following allowance of rifle ammunition: A maximum of 100 cartridges will be allowed each man for qualification as marksman; to those securing this grade an additional 60 cartridges will be allowed for qualification as sharpshooter; to those securing this grade an additional 60 cartridges will be allowed for qualification as expert.

Those failing to secure any grade with the allowances as above will be permitted to purchase additional cartridges which may be used in record practice.

XI. Ammunition for rifle and revolver will be issued or may be purchased at the Range from the range clerk.

XII. For transportation, tickets to Saunders Range from either Baltimore or Annapolis may be purchased by officers and enlisted men at The Adjutant General's Office, Annapolis, from the Military Storekeeper, 5th Regiment Armory, Baltimore, or at Brigade Headquarters, Howard Street Armory, Baltimore, but must be paid for in cash when received at the reduced rate of 15 cents for each round trip.

These tickets will be sold only to members of the Maryland National Guard, and if used by others will be taken up and full fare collected. Any member of the National Guard who allows these tickets to be used by unauthorized persons will be severely disciplined. These tickets will be accepted for passage only on trains scheduled to stop at Saunders Range.

A careful account will be kept of the numbers on the tickets and to whom sold.

XIII. Officers and non-commissioned officers armed with the revolver and members of Troop A will be expected to qualify with that arm under the following conditions:

PISTOL COURSE.

Divided into three classes, viz: *Marksman, sharpshooter, expert.* Target A (8-inch bullseye).

Course For Qualification as Marksman and as Sharpshooter.

Distances, 15, 25 and 50 yards—

- 15 yards; 2 scores, rapid fire, 10 seconds to each score of 5 shots.
- 25 yards; 2 scores, rapid fire, 10 seconds to each score of 5 shots.
- 25 yards; 2 scores, timed fire, 30 seconds to each score of 5 shots.
- 50 yards; 2 scores, slow fire, 1 minute to each shot, 5 shots to each score.

Necessary for qualification as marksman: Sixty-five per cent. of possible score, or 130 out of 200 points. Necessary for qualification as sharpshooter: Eighty per cent. of possible score, or 160 out of 200 points.

Course For Qualification as Expert (Open to Sharpshooters Only).

Distances, 15, 25, 50 and 75 yards—

- 15 yards; 2 scores, rapid fire, 8 seconds to each score of 5 shots.
- 25 yards; 2 scores, rapid fire, 8 seconds to each score of 5 shots.
- 25 yards; 2 scores, timed fire, 20 seconds to each score of 5 shots.
- 50 yards; 2 scores, timed fire, 20 seconds to each score of 5 shots.
- 75 yards; 2 scores, slow fire, 20 seconds to each shot, 5 shots to each score.

Necessary for qualification as expert: Eighty per cent. of possible score, or 200 out of 250 points.

Those who qualify in the course will be designated as "pistol marksmen," "pistol sharpshooters" and "pistol experts," and will be entitled to wear insignia indicating the qualification attained, as follows: For a marksman, a pin bearing the inscription "Pistol Marksman;" for a sharpshooter, a badge consisting of a cross pendant from a pin bearing the inscription "Pistol Sharpshooter;" for an expert, a badge consisting of two pistols crossed superimposed upon a laurel wreath, the whole suspended from a pin bearing the inscription "Pistol Expert." These insignia will be of bronze metal, similar in design to those prescribed for issue to the Regular Army and described in paragraphs 230, 232 and 233, Small-Arms Firing Regulations.

For each three years of qualification in any one of the grades of pistol marksmanship a bronze bar will be issued specifying the years of qualification, and will be attached to the lower edge of the pin.

XIV. An allowance of 100 cartridges will be made each man for qualification with the revolver. Additional cartridges may be purchased and used in record practice.

XV. Non-commissioned officers will be on duty at the Range as instructors and on open days men will avail themselves of their services.

XVI. Members of the Maryland State Rifle Association will be permitted to use the Range on any open date at the discretion of the Superintendent. Charges for the use of targets by the members of that association will be in accordance with agreement made between the Adjutant General and the Association.

BY COMMAND OF GOVERNOR CROTIERS:

HENRY M. WARFIELD,
Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 6th April, 1908.

GENERAL ORDERS,

No. 6.

Under authority of Section 31, Chapter 103, Acts of the General Assembly of Maryland of 1908, Company L, First Infantry, M. N. G., is hereby ordered mustered out of the service.

The commissions of the officers of this company will be vacated when their property accountability is adjusted.

Colonel Charles D. Gaither, Adjutant General, 1st Briade, M. N. G., is hereby detailed as Mustering Officer, and will proceed to Centreville and muster out the aforesaid company on April 22, 1908.

First Lieutenant James H. Middleton, commanding Company L, First Infantry, M. N. G., will report to the Mustering Officer in Centreville for duty in connection with the mustering out of the company.

The Commanding Officer, First Brigade, M. N. G., will issue the necessary orders regarding Muster Out Rolls and other details, to accomplish the prompt execution of this order.

BY ORDER OF GOVERNOR CROTHERS:

HENRY M. WARFIELD,

Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 21st April, 1908.

GENERAL ORDERS,

No. 7.

1. The General Staff of the Militia of Maryland is announced as follows:

Major General Henry M. Warfield, Adjutant General.
Brigadier General George F. Randolph, Quartermaster General.
Brigadier General Charles A. Webb, Chief of Ordnance.
Brigadier General Arthur P. Gorman, Jr., Inspector General.
Brigadier General A. D. McConachie, Surgeon General.
Brigadier General J. Charles Linthicum, Judge Advocate General.
They will be obeyed and respected accordingly.

II. The following appointments as Aide-de-Camp to the Governor and Commander-in-Chief, with the rank of Colonel, are announced:

John Keating,
Charles W. Field,
W. W. Cator,
Charles H. Conley,
I. M. Parr, Jr.,
Thomas J. Ewell,
Jerome H. Joyce,
Spalding Lowe Jenkins,
Charles T. Leviness, Jr.
They will be obeyed and respected accordingly.

III. Captain William Baird, U. S. Army (retired), in accordance with Special Orders No. 25 (S), War Department, Washington, D. C., January 30, 1908, has reported to the Governor for duty with the organized Militia of this State.

He will be obeyed and respected accordingly.

IV. First Lieutenant and Battalion Adjutant Harry M. Hutton, Fifth Infantry, has been appointed and commissioned Assistant Adjutant General of Maryland, with the rank of Colonel.

He will be obeyed and respected accordingly.

BY ORDER OF GOVERNOR CROTHERS:

HENRY M. WARFIELD,
Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD.

ADJUTANT GENERAL'S OFFICE.

ANNAPOLIS, 28th April, 1908.

GENERAL ORDERS,
No. 8.

Post Quartermaster Sergeant John Carter Marshall, U. S. Army (retired), has been appointed and commissioned assistant to the Acting Quartermaster General of Maryland, with the rank of Captain.

He will be obeyed and respected accordingly.

BY ORDER OF GOVERNOR CROTHERS:

HENRY M. WARFIELD,
Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD.

ADJUTANT GENERAL'S OFFICE.

ANNAPOLIS, 12th May, 1908.

GENERAL ORDERS,
No. 9.

I. Paragraph 2 of the letter from the Chief of Ordnance, U. S. Army, published in General Orders, No. 10, A. G. O., series 1905, prohibits the marking of rifles by stencil, steel letters or in any other manner whatsoever.

II. The following letter from the Chief of Ordnance, U. S. Army, relating to the kind of powder that may be used in the model 1903 rifle, chambered for 1906 ammunition, is published for the information of all concerned:

REPORT OF THE
WAR DEPARTMENT,
OFFICE OF THE CHIEF OF ORDNANCE,
WASHINGTON,

May 7, 1908.

Chief, Division of Militia Affairs,
Office of the Secretary of War.

Sir:—

1. This Department has been conducting experiments with various kinds of powder for use in the model of 1903 musket chambered for model of 1906 ammunition. These experiments have conclusively demonstrated that any powder containing nitroglycerine is injurious to the barrel of the musket, and on this account a pure gun cotton powder has been adopted for service.

2. The powder at present being used is known as pyro-cellulose, and the accuracy life of the musket with such powder is from two to three times as great as with the nitroglycerine.

3. It is requested, therefore, that the Governors of the various States be informed of this, and that this Department can not approve of the use of any but pure gun cotton powders in the musket which has just been issued.

Very respectfully,

WILLIAM CROZIER,
Brig. Gen., Chief of Ordnance.

III. The foregoing instructions will be strictly observed throughout the Maryland National Guard.

BY ORDER OF GOVERNOR CROTHERS:

HENRY M. WARFIELD,
Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 20th May, 1908.

GENERAL ORDERS,

No. 10.

The following officers having successfully passed the examinations prescribed by the Board, convened in accordance with the provisions of Sections 34 and 35, Chapter 103, Acts of 1908, and pursuant to General Orders, No. 3, Headquarters First Brigade, c. s., their commissions are hereby made permanent:

Major Washington Bowie, Jr., 5th Infantry;
1st Lieut. Walter H. Barnes, 4th Infantry;
1st Lieut. Craft W. Voneiff, 4th Infantry;
1st Lieut. and Battalion Adjutant D. Martin Rittenhouse, 4th Infantry;
2d Lieut. Howell H. Thomas, 1st Company Coast Artillery.

BY ORDER OF GOVERNOR CROTHERS:

HENRY M. WARFIELD,
Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

Captain Richard H. Worthington, Paymaster, to 4th Infantry, M. N. G.

II. The following assignments of officers of the Ordnance Department are hereby announced:

Captain J. Frank Ryley, Ordnance Officer, to 4th Infantry, M. N. G.
Captain J. Warren Haines, Ordnance Officer, to 1st Infantry, M. N. G.
Captain Thomas S. Janney, Ordnance Officer, to 5th Infantry, M. N. G.

III. The following Ordnance Sergeants are detailed for duty as follows:

Ordnance Sergeant Stuart Smith, with the 1st Infantry, M. N. G.
Ordnance Sergeant William A. Renehan, with the 4th Infantry, M. N. G.
Ordnance Sergeant George W. Kaesemeyer, with the 5th Infantry, M. N. G.

IV. The officers and non-commissioned officers named in the above assignments and details will report for duty to the Commanding Officers of the organizations designated, and will serve until further orders.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,
Adjutant General.

Official: _____

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 17th July, 1908.

GENERAL ORDERS,
No. 12.

Paragraph IV, General Orders, No. 5, A. G. O., c. s., is hereby amended to include the rules and regulations of the National Board for the Promotion of Rifle Practice, as contained in G. O., No. 26, War Department, dated 29th February, 1908.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,
Adjutant General.

Official:

REPORT OF THE
HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 10th August, 1908.

GENERAL ORDERS,

No. 13.

I. The team to represent the State of Maryland in the National Team Match at Camp Perry, Ohio, commencing 24th August, 1908, is appointed as follows:

Col. Charles D. Gaither, Adjutant General 1st Brigade, Team Captain.
Major Samuel J. Fort, Ordnance Officer 1st Brigade, Range Officer.
Major Louis M. Rawlins, 5th Infantry, Team Coach.
Captain and Assistant Surgeon Edward A. Smith, 4th Infantry, Team Spotter.

Captain Warren J. Haines, Ordnance Officer, 1st Infantry.
Captain David W. Jenkins, Company M, 5th Infantry.
Captain John N. Weigle, Company H, 1st Infantry.
1st Lieutenant John de P. Douw, Aide to Commanding General, 1st Brigade.

1st Lieut. Charles K. Duce, Company H, 4th Infantry.
1st Lieut. Thornton Rogers, Company K, 4th Infantry.
1st Lieut. F. Byrn Shepherd, Battalion Adjutant, 5th Infantry.
2d Lieut. James E. Givan, Company H, 4th Infantry.
Sergt. Edwin O. Wright, Company F, 5th Infantry.
Sergt. Frank Gimmell, Jr., Company C, 4th Infantry.
Private Walter Langstroth, Company F, 5th Infantry.
Private Harry Jeffrey, Company D, 1st Infantry.
Sergeant Compton Graham, Company F, 5th Infantry.
Corporal Robert Forney, Company C, 4th Infantry.
Private Elmer F. Munshower, Company A, 1st Infantry.

II. The Team Captain will designate from the foregoing list twelve principals and three alternates.

III. The Range Officer is directed to report at Camp Perry to the Executive Officer of the National Match on 12th August, 1908.

IV. Commissioned officers will receive the flat government pay of their rank for seven days, viz: Two days going and returning; two days while practicing for National Match, and three days during National Match; enlisted men will receive government pay during entire trip.

V. The team will leave Baltimore on 13th August, and the members will report to the Team Captain on that date at such time and place as may be designated by him, and it will return at conclusion of National Match.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 16th September, 1908.

GENERAL ORDERS,

No. 14.

I. The following officers having successfully passed the examinations prescribed by the Board convened on the 29th and 30th of July, 1908, in accordance with the provisions of Sections 34 and 35, Chapter 103, Acts of 1908, pursuant to General Orders, No. 3, Headquarters 1st Brigade, c. s., their commissions are hereby made permanent:

Captain W. Spear Brownley, 5th Infantry.
 Captain James P. Houstoun, 5th Infantry.
 1st Lieutenant and Bat. Adj. F. Byrn Shepherd, 5th Infantry.
 1st Lieutenant Joshua G. Harvey, Jr., 5th Infantry.
 1st Lieutenant James S. Mahool, 4th Infantry.
 2d Lieutenant Charles T. Townsend, 5th Infantry.
 2d Lieutenant Arthur Thompson, 5th Infantry.
 2d Lieutenant Walter V. Shipley, 4th Infantry.
 2d Lieutenant W. Graden Grant, 1st Infantry.

II. The following officers having failed to pass the examinations prescribed by said Board, the commissions heretofore issued them on probation are hereby revoked:

1st Lieutenant Walter W. Gibson, 4th Infantry.
 2d Lieutenant Rutledge W. Radcliffe, 4th Infantry.
 2d Lieutenant James E. Givan, 4th Infantry.

III. The following officers having failed to appear before said Board for examination, the commissions heretofore issued to them on probation are hereby revoked:

2d Lieutenant R. Pierce Buffington, 4th Infantry.
 2d Lieutenant Horace H. Leach, 4th Infantry.

ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 12th May, 1908.

CIRCULAR

No. 1.

The following information for the guidance of officers of the National Guard participating in the Joint Maneuver Camps, issued by the War Department, is published for the information of all concerned.

BY ORDER OF GOVERNOR CROTHERS:

HENRY M. WARFIELD,

Adjutant General.

Official:

MISCELLANEOUS NOTES FOR THE GUIDANCE OF OFFICERS
OF THE NATIONAL GUARD ATTENDING
JOINT MANEUVER CAMPS.

Company officers should familiarize themselves with the details of the messing, cooking and sanitation of their companies from the time they leave their home stations, during the period in camp, and on the return journey.

Company officers should read interior economy of companies, and messing and cooking, paragraphs 274-293, Army Regulations (the Roster, detachments, daily service, and honors), and the following Articles of War: 8, 12-17, 31-42, 54, 55, 56 and 60-70.

The commanding officer of each home station should designate an experienced officer to take charge of and superintend the entraining and detraining of the command and each fraction thereof. If the command is carried in different trains or sections, each train or section should have a quartermaster or an officer detailed as such in charge of all baggage. These quartermasters should remain on this duty until the troops arrive at their respective camp grounds and the baggage has been delivered thereat.

In going from their home stations to the camps militia quartermasters and officers in charge of militia property will be responsible for the care and transportation of all militia property up to the time of its delivery to camp quartermasters. They will likewise be responsible for its care, transportation and delivery in returning to their home stations on the completion of the exercises from the time it is turned over by the camp quartermaster to public carriers for shipment.

The quartermasters of all militia organizations will obtain transportation requests from chief quartermasters of departments and will be charged, under the supervision of the chief quartermasters of departments, with the details of the transportation of their organizations from the home stations to the exercise camps and return.

Officers of the State troops will see that accurate inventories are made of all baggage that is shipped both in going from the home stations to the camps and in returning to the home stations from the camps.

Commanding officers and quartermasters should read Field Service Regulations, United States Army, 1905, paragraphs 411-440, inclusive, Transportation by Rail. In addition to the directions laid down commanding officers should see that the men take nothing into the passenger coaches but their arms and field equipments, so that in detraining they can march at once to their camps. Baggage should be so loaded that the articles first needed can be first unloaded.

The commanding officer should telegraph to the commanding officer of the camp at least ten hours before arrival the date and hour of arrival, the strength of his command, and the number of pounds of baggage carried, in order that wagon transportation for the baggage may be on hand when the train arrives.

Subsistence will be furnished by the Subsistence Department to all enlisted men of the militia not to exceed in amount the sum allotted to each State, as follows: From the time the militia organizations leave their home rendezvous until they arrive at the place assigned to them for duty—

(a) By cooked meals not to exceed in cost the sum of 75 cents per man per day. The purchase of such meals to be made after adver-

tising, or if conditions do not permit of advertising, then in open market under paragraph 549, Army Regulations, as amended by General Orders, No. 144, War Department, 1907, the accounts to be prepared on Form 7, Subsistence Department (the voucher covering the travel period to show places between which and dates when travel was performed). These accounts should be certified to by the militia officer who procures the meals and then be sent by him through the camp commissary (who will verify the accuracy of preparation and keep an account of the money values) to the chief commissary of the department for payment, or to secure reimbursement if the militia officer has paid the account; or—

(b) By the issue of travel rations (except the coffee, milk and sugar portion), and liquid coffee to be purchased en route, for which 7 cents per meal per man for three meals a day may be expended. By telegraphing in advance to some restaurant at the station selected as a place for meals, it can be arranged to have hot coffee ready on arrival of the command. It will be well to provide camp kettles or other receptacles to hold the coffee and to distribute it to the men. The rest of the ration can be conveniently distributed to the men on the train. This will enable them to eat in comfort and without hurrying. The officer who procures the liquid coffee portion of the travel ration will prepare certified vouchers for it on Form 7 when the coffee is purchased and not paid for; but if purchased and paid for receipts should be taken on Form 10, and vouchers forwarded to the chief commissary of the department for payment or reimbursement, as the case may be; or—

(c) By the issue of garrison rations, permitting meals and coffee to be cooked en route, provided there is a regiment or battalion which has a considerable distance to travel, and it is possible to obtain a kitchen car from the railroad through the Quartermaster's Department of the Army, and kitchen-car equipment through the Subsistence Department. Then, by placing this car in the middle of the train, it will be easy to serve the meals and hot coffee.

The Commanding Officer of each regiment, battalion or other separate organization should decide promptly which kind of travel subsistence named he expects to use, and if travel or garrison rations are desired he should have his commissary submit ration returns to the chief commissary of the department. By this means issues can be made on ration returns which will obviate the necessity of militia officers rendering returns of stores. The town or railway station to which the rations must be shipped and the date the troops will arrive there should be stated. This information should be given the chief commissary of the department at least two weeks before the date fixed for the journey.

On arriving in camp any excess travel rations should be turned in to the camp commissary and regular rations drawn.

The notes on the blanks should be carefully read and complied with.

While in camp rations in kind will be issued to the militia.

For the journey returning to the respective home rendezvous, travel rations will be issued, or meals cooked on the train if kitchen cars are available. The officer who procures the liquid coffee portion of the travel ration—if it is not prepared by the troops—will furnish certified vouchers for same in the manner previously mentioned.

No subsistence can be issued to commissioned officers of the militia.

Under the law it is not permitted to transfer funds to a militia officer unless he is the bonded disbursing officer of the State, authorized by section 14 of the Act of January 21, 1903. By Act of Congress, approved May 11, 1908, officers of the organized militia who may hereafter be furnished under proper authority with funds for the purchase of liquid coffee or other components of the travel ration for the use of their respective commands shall not be required to furnish bonds

for the safe keeping and disbursement of the same, and it is therefore necessary that any other militia officer who travels as commissary of an organization, who expects to purchase cooked meals or liquid coffee en route, should have private or State funds in his possession sufficient to pay cash. Expenditures made for liquid coffee from private or State funds will be refunded by the United States upon presentation of proper vouchers, Form 7 or 10, to chief commissaries of departments, provided subsistence is to be furnished by the United States.

Every item of expense will be charged up to the State's allotment, and any extra cost beyond the total of that sum must be paid for by the State or the organization incurring the same.

Regimental, battalion and commissaries of separate organizations of the militia should be provided with platform scales, meat saw, butcher knives and steels, and other necessary implements for handling the components of the ration and issuing them to their companies. They should also be provided with the tentage, stationery, etc., necessary for the protection of stores and the transaction of the business connected with the issue of subsistence supplies.

Officers of the Medical Department and enlisted men of the Hospital Corps should proceed to camp with the organizations to which they are attached, respectively.

Militia participating in the exercises will be paid by officers of the Pay Department, United States Army, on special rolls which will be arranged to contain full instructions for their preparation. These rolls, including several duplicates, to allow for those spoiled by errors or accidents, and a sample form fully made out, illustrating, so far as practicable, all possible variations, will be furnished by the Paymaster General directly to each militia organization on application.

Officers and men will be borne and paid on the same roll. It is not essential that the entire service be stated on the roll, as the men will be mustered only for the number of days for which payment is to be made by the paymaster, but the date of enlistment of the enlisted men in the organization and the date of commission of the commissioned officers must be stated. As the company officers certify to the correctness of the roll, they will be held responsible for the statement of facts thereon.

Militia will be paid for the entire period from the time when they assemble at their home rendezvous to the time of their return thereto. No payment for mileage to officers will be made.

If the date of departure from and date of return to the home station is known, one roll should be made out before the organization leaves its home station. This roll will be submitted to the paymaster on duty in the camp for examination as soon as the organization arrives at the post.

Attention is directed to the requirement of General Orders, No. 115, War Department, 1906, page 14, that a muster of each organization by an officer of the Regular Army is essential before payment can be made. This muster will be made at such time as may be designated by the camp commander. This time will be so fixed that payment can be made before the militia leave the camp for their home station.

All officers and enlisted men must present themselves in person at the pay table in order to receive their pay from the paymaster, and must be identified by their immediate commanders, as no money will be paid on orders, verbal or written.

All absences without leave for more than twenty-four hours, occurring after the departure from the home rendezvous, should be noted on the rolls under the head of remarks.

Each organization of the militia should arrive at the camp properly armed and equipped.

HEADQUARTERS MARYLAND NATIONAL GUARD.

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 29th October, 1903.

CIRCULAR
No. 2.

The following circular from the War Department amending the Regulations of the War Department governing the Organized Militia is published for the information and guidance of all concerned:

* * * * *

WAR DEPARTMENT,
DIVISION OF MILITIA AFFAIRS,
Washington, September 16, 1903.

CIRCULAR
No. 8.

Paragraph 185, Regulations of the War Department, governing the Organized Militia, is amended to read as follows, and is published for the information and guidance of all concerned:

185. Hereafter, when any portion of the organized militia of any State, Territory or the District of Columbia participates in the encampment, maneuvers and field instruction of any part of the Regular Army, under the provisions of section 15 of the Act of January 21, 1903, they may, after being duly mustered by an officer of the Regular Army, be paid at any time after such muster for the period from the date of leaving the home rendezvous to date of return thereto as determined in advance, both dates inclusive, and such payments, if otherwise correct, shall pass to the credit of the paymaster making the same.

The officer of the Regular Army who makes the muster prescribed herein, will, in connection therewith, make a careful inspection of the personnel and report specifically as to whether the troops are by training, discipline, armament, uniform and equipment, prepared for active duty in the field, and if not, in what respects they are deficient. The muster rolls will have entered opposite the name of each enlisted man the date of his enlistment, and no enlisted man will be mustered for pay who has not been a bona fide member of the organization for at least six months prior to the date of the encampment, maneuvers or exercises, or has not had equivalent service in the Army, Marine Corps or organized militia of the United States, or who has not been a student at an educational institution at which military instruction is given, and who has not received the elementary instruction of recruits prescribed as requisite by the War Department.

The muster and inspection prescribed herein will be made as near as practicable at the close of the joint encampment, maneuvers or exercises, and at a time that will interfere as little as possible with the execution of the program of instruction.

[1622, D. M. A.]

BY ORDER OF THE SECRETARY OF WAR:

E. M. WEAVER,

Lieutenant Colonel, Coast Artillery Corps, Chief of Division.

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 4th January, 1909.

GENERAL ORDERS,
No. 1.

The 1st Company Coast Artillery, Maryland National Guard, is hereby permanently assigned for duty with the Artillery District of Baltimore, in accordance with the provisions of Paragraph 67, General Orders No. 44, War Department, series 1908.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

(General Orders No. 18, A. G. O., is the last of the series for 1908.)

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS. 15th January, 1909.

GENERAL ORDERS,
No. 2.

I. General Orders, No. 19, A. G. O., series 1896, and General Orders, No. 5, A. G. O., series 1900, are hereby rescinded.

II. Pursuant to the authority conferred by the provisions of paragraphs 65 and 95, Militia Law of Maryland, 1908, the following General Rules and Regulations relating to Courts Martial for the trial of all offenses against the Military Laws of the State of Maryland, are promulgated and published for the information and guidance of all concerned and will be strictly observed and enforced.

1. General Courts Martial will be convened by the Governor and Commander-in-Chief, or by the Commanding Officer, First Brigade, at his request, upon proper application, forwarded through military channels.

2. The Commanding Officer of the 4th Infantry and the 5th Infantry shall appoint a field or line officer from each of the battalions of their respective regiments to act as a Summary Court for their respective battalions. Said courts to hold sessions for the trial of enlisted men for the offense enumerated in paragraphs 63 and 64, Militia Law of Maryland, 1908, at such times and places as the Commanding Officers of the respective regiments shall designate.

3. The Commanding Officer of the 1st Infantry shall appoint a line officer from each company in said regiment to act as a Summary Court for their respective companies, said courts to hold sessions for the trial of enlisted men, for the offenses enumerated in paragraphs 63 and 64 of said Law, at such times and places as said Commanding Officer shall designate.

4. The Commanding Officers of the separate organizations of the First Brigade, shall appoint a line officer of their respective organizations, which appointment shall be subject to the approval of the Com-

manding Officer, First Brigade, to act as a Summary Court for their respective organizations, said courts to hold sessions for the trial of enlisted men for the offenses enumerated in paragraphs 63 and 64 of said Law at such times and places as shall be designated by the Commanding Officer, First Brigade.

5. The Commanding Officers of the 1st Infantry, 4th Infantry and 5th Infantry are hereby authorized to convene Regimental Courts Martial for their respective regiments, for the trial of all offenses properly before them; said courts shall be composed of three members and a Judge Advocate, and shall sit at such times and places as may be prescribed by the officer convening them.

6. The Commanding Officers of the 1st, 4th and 5th Infantries are hereby authorized to appoint a Regimental Judge Advocate, from time to time, for their respective regiments, who shall perform such duties as may be prescribed by his Commanding Officer, and who shall also prosecute before the proper State official, any men upon whom fines have been imposed by courts martial upon their neglect or refusal to pay the same.

7. A certified statement showing the receipts and disbursements of all fines collected under the provisions of paragraph 65 of said law shall be filed quarterly with The Adjutant General of the State, by all commanding officers of the organizations comprising the Maryland National Guard, accounting from January 1, 1909.

8. When the troops of this State are on duty, under the provisions of paragraph 13 of said Law, Courts Martial will be convened by the Commanding Officer, in accordance with the provisions of the Articles of War and the U. S. Army and Navy Regulations for the trial of all military offenses committed during said tour of duty.

9. The form and manner in which the proceedings of all Military Courts in this State shall be conducted and recorded, and the forms of oaths and affirmations taken in said Courts and the proceedings in revision thereof, shall conform to and be governed, as nearly as practicable, by the Articles of War and the law and proceedings of Courts Martial of the United States.

10. The Commanding Officer, Naval Brigade, is hereby authorized to convene a Summary Court consisting of three officers and a recorder, for the trial of all enlisted men for the offenses enumerated in Paragraphs 63 and 64 of said Law. Said Court shall hold sessions at such times and places as the Commanding Officer shall designate.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,
The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,
THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 28th January, 1909.

GENERAL ORDERS,

No. 3.

Major Alexius McGlannan, Chief Surgeon, Medical Department, is hereby assigned for duty on the Staff of the Brigade Commander, 1st Brigade, Maryland National Guard.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,
The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD.

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 25th February, 1909.

GENERAL ORDERS,

No. 4.

I. The following officers, having successfully passed the examinations prescribed by the Board convened on the 28th and 29th of January, 1909, in accordance with the provisions of Sections 34 and 35, Chapter 103, Acts of 1908, pursuant to General Orders, No. 3, Headquarters 1st Brigade, series of 1908, their commissions are hereby made permanent:

Captain Craft W. Voneiff, 4th Infantry.

Captain and Commissary Walter V. Shipley, 4th Infantry.

Captain and Chaplain William D. Gould, Jr., 4th Infantry.

1st Lieutenant Louis B. Myers, 1st Infantry.

1st Lieutenant Carroll Edgar, 1st Infantry.

2d Lieutenant J. Edward Griffin, 5th Infantry.

2d Lieutenant James G. Knight, 5th Infantry.

2d Lieutenant Ford Richardson, 5th Infantry.

II. The following officer, having failed to pass the examinations prescribed by said Board, the commission heretofore issued him on probation is hereby revoked, and he ceases to be an officer of the Maryland National Guard from this date:

1st Lieutenant and Battalion Adjutant Charles G. Kerr, 5th Infantry.

III. The following officer, having failed to appear before said Board for examination, the commission heretofore issued him on probation is hereby revoked, and he ceases to be an officer of the Maryland National Guard from this date:

2d Lieutenant George W. Sears, 1st Infantry.

IV. The officers whose probation commissions have been revoked by the preceding paragraphs are hereby directed to return said commissions to this office for cancellation.

V. The following officer, being unable because of physical disability, to appear before said Board, his commission on probation is continued until the next meeting of said Board, at which time he is directed to report for examination:

1st Lieutenant Joseph H. Davidson, 5th Infantry.

VI. Captain Herbert C. Blake, Assistant Surgeon, Medical Department, is hereby assigned to the 4th Infantry, M. N. G., and will report for duty to the Commanding Officer of that organization upon the receipt of this order.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS. 26th February, 1909.

GENERAL ORDERS,
No. 5.

The report of the annual inspection of the 1st Brigade, M. N. G., conducted by Colonel Charles D. Gaither, Acting Inspector General, 1st Brigade, for the year 1909, held in accordance with the provisions of Paragraphs 59 and 60, Militia Law of Maryland, 1908, and pursuant to General Orders, No. 10, A. G. O., series of 1904, is published for the information of all concerned.

BY ORDER OF THE GOVERNOR:

HEADQUARTERS MARYLAND NATIONAL GUARD.

THE ADJUTANT GENERAL'S OFFICE.

ANNAPOLIS, 25th March, 1909.

GENERAL ORDERS.
No. 6.

I. The maximum strength of a company of Infantry or Troop of Cavalry in the Maryland National Guard, in time of peace, is hereby limited to three (3) commissioned officers and sixty (60) enlisted men, and a Company of Coast Artillery to three (3) commissioned officers and eighty (80) enlisted men; including all non-commissioned officers, cooks, musicians and privates.

II. No enlisted man will be allowed to attend the Brigade Camp of Instruction, to be held by the Maryland National Guard during the coming summer, unless he is enlisted in accordance with the provisions of Paragraph 50, Militia Law of Maryland, 1908, on or before the 1st day of June, 1909; excepting such as have served at least one full term of enlistment in the National Guard of this State or some other State of the Union, or in the Army or Marine Corps of the United States, and have been honorably discharged from said service.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD.

The Adjutant General.

In addition to the State Rifle Matches previously authorized by orders from this office there will be a match known as

THE BAIRD SKIRMISH MATCH.

open to teams of four men, one team from each company and troop in the Maryland National Guard.

CONDITIONS: One skirmish run to be governed by the conditions of the skirmish run in the National Match.

Members of teams to be eligible must have performed 75 per cent. of all military duty and have been members of the Maryland National Guard for three months preceding the match.

Two members of the winning team to be barred at succeeding competitions.

PRIZES: A copper shield presented by Captain William Baird, U. S. Army, retired, on duty with Organized Militia of Maryland, for annual competition, and medals from the State to members of the winning team.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD.

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 7th April, 1909.

GENERAL ORDERS,
No. 8.

The following regulations for the government of the Maryland State Rifle Range and the conduct of small-arms practice for the season of 1909 are published for the information and guidance of all concerned:

I. The classification as prescribed by Special Course C, Small-Arms Firing Regulations, U. S. A., 1906, will be required for the season of 1909.

II. The State Range will be open for practice from 1st May to 30th October, 1909, both dates inclusive, and will be in charge of Colonel Charles D. Gaither, as Superintendent, or in his absence some officer detailed by orders from this office.

III. The organizations of the 1st Brigade will report in accordance with the following schedule:

- 17th May, two companies, 4th Infantry.
- 18th May, two companies, 4th Infantry.
- 19th May, two companies, 4th Infantry.
- 20th May, two companies, 4th Infantry.
- 21st May, two companies, 4th Infantry.
- 24th May, two companies, 4th Infantry.
- 25th May, two companies, 5th Infantry.
- 26th May, two companies, 5th Infantry.
- 27th May, two companies, 5th Infantry.
- 28th May, two companies, 5th Infantry.
- 1st June, two companies, 5th Infantry.
- 2d June, two companies, 5th Infantry.
- 3d June, Troop A and 1st Company Coast Artillery.
- 4th June, 1st Separate Company.
- 7th June, two companies, 4th Infantry.
- 8th June, two companies, 4th Infantry.
- 9th June, two companies, 4th Infantry.
- 10th June, two companies, 4th Infantry.
- 11th June, two companies, 4th Infantry.
- 14th June, two companies, 4th Infantry.
- 15th June, two companies, 5th Infantry.
- 16th June, two companies, 5th Infantry.
- 17th June, two companies, 5th Infantry.
- 18th June, two companies, 5th Infantry.
- 21st June, two companies, 5th Infantry.
- 22d June, two companies, 5th Infantry.
- 23d June, Troop A and 1st Company Coast Artillery.
- 24th June, 1st Separate Company.

14th July to 17th July, both dates inclusive, five companies, 1st Infantry.

26th July to 29th July, both dates inclusive, five companies, 1st Infantry.

One Assistant Surgeon and one Hospital Steward will be detailed by the Commanding Officer of the 1st Brigade for duty with each detachment.

The Regimental Non-Commissioned Staff Officers will be assigned to duty with detachments of each regiment so that each may be on duty at the Range for one day, except those of the 1st Infantry, who will be on duty for four days.

Company Commanders will not be allowed pay if their companies report at the Range with less than twenty-five (25) enlisted men, and

no company officers will receive pay if the company reports with less than ten (10) enlisted men. In such cases the attendance of officers is optional, but they may retain command without pay. In case there is no officer to command the company the enlisted men will be attached to another company.

Payment for this duty will be made after the completion of second tour of duty by remittance to Company Commanders when payrolls have been examined and verified. Payrolls will be made out and submitted to the superintendent for verification in accordance with the following instructions:

Payrolls in triplicate will be made for officers and enlisted men, but rate and amount of pay will not be extended thereon.

On two copies of the payroll in the column for remarks will be noted the following information: Grade of qualification in small-arms practice, season of 1908, and whether present or absent at Government Inspection, 1909.

In case of the companies of the 1st Infantry, ration returns will be made out and delivered to the Superintendent immediately after arrival at Range.

Rations will be issued to the 1st Infantry at the Range in bulk for period for which organization will be encamped, except fresh meat and bread, which will be issued daily. Other organizations will be furnished one meal each day at the Range.

Company Commanders will furnish the Superintendent, on or before the 10th May, 1909, a roster of their respective companies, as of the 1st of May, and will bring to the Range all enlistment papers, including those of men enlisted after 1st of May, which will be delivered to the Superintendent upon arrival at the Range.

The detachments of the 1st Infantry will be commanded by a Major whose staff shall consist of an Adjutant, Assistant Surgeon and one officer to act as Quartermaster and Commissary.

Field and Staff Officers, with the exception of those mentioned, are not contemplated by this order and will not receive pay for attending the Range.

The Brigade Commander will issue such instructions as may be necessary to carry out the provisions of this order.

IV. The Annual State Matches will be held from the 2d to 7th of August, both dates inclusive, at which the various trophies will be competed for.

These matches will be open to those members of the Maryland National Guard who are qualified to shoot for same under the conditions laid down in G. O. No. 13, A. G. O., series of 1905; G. O. No. 5, A. G. O., series of 1906; G. O. No. 8, A. G. O., series of 1907; G. O. No. 11, A. G. O., series of 1907; G. O. No. 15, A. G. O., series of 1907; and G. O. No. 7, A. G. O., c. s.

V. A State Team will be sent to the National Match at Camp Perry, Ottawa County, Ohio, and will consist of one team captain, one team coach, one team spotter, twelve principals and three alternates. All members of the Maryland National Guard who have completed their qualifications as experts will be eligible for places on this team. The selection of the team will be announced in future orders.

VI. The Range will be closed from 18th July to 25th July, inclusive, on account of State Encampment, and from 16th of August to 1st of September, both dates inclusive, on account of National Matches. On all other days during the practice season, not specifically set aside by this order, the Range will be open for practice of members of the Maryland National Guard.

Authority is granted the Superintendent to arrange dates for the matches of the Maryland State Rifle Association.

VII. All officers and enlisted men of the Maryland National Guard, with the exception of band, field music, and hospital corps, will be expected to attend the Range during the practice season, and will be graded for the target year.

VIII. No one will be permitted to qualify at any range until he has made a qualifying score at the next shorter range.

IX. All qualifying scores must be made with the U. S. Magazine Rifle, caliber .30, as issued to the State, and with ammunition issued by the State. The use of specially bored barrels, specially loaded ammunition, or sights other than those issued by the Ordnance Department, U. S. Army, are absolutely prohibited in making qualifying scores.

X. The State will make the following allowance of rifle ammunition: A maximum of 100 cartridges will be allowed each man for qualification as marksman; to those securing this grade an additional 60 cartridges will be allowed for qualification as sharpshooter; to those securing this grade an additional 60 cartridges will be allowed for qualification as expert.

Those failing to secure any grade with the allowances as above will be permitted to purchase additional cartridges which may be used in record practice.

XI. Ammunition for rifle and revolver will be issued or may be purchased at the Range from the Range Clerk.

XII. For transportation, tickets to Saunders Range from either Baltimore or Annapolis may be purchased by officers and enlisted men at The Adjutant General's Office, Annapolis, from the Military Storekeeper, 5th Regiment Armory, Baltimore, or at Brigade Headquarters, Howard Street Armory, Baltimore, but must be paid for in cash when received at the reduced rate of fifteen cents for each round trip.

These tickets will be sold only to members of the Maryland National Guard, and if used by others will be taken up and full fare collected. Any member of the National Guard who allows these tickets to be used by unauthorized persons will be severely disciplined. These tickets will be accepted for passage only on trains scheduled to stop at Saunders Range.

A careful account will be kept of the numbers on the tickets and to whom sold.

XIII. Officers and non-commissioned officers armed with the revolver and members of Troop A will be expected to qualify with that arm under the following conditions:

PISTOL COURSE.

Divided into three classes, viz: *Marksman, sharpshooter, expert*, Target A (8-inch bullseye.)

Course for Qualification as Marksman and as Sharpshooter.

Distances, 15, 25 and 50 yards—

15 yards: 2 scores, rapid fire, 10 seconds to each score of 5 shots.

25 yards: 2 scores rapid fire, 10 seconds to each score of 5 shots.

25 yards: 2 scores, timed fire, 30 seconds to each score of 5 shots.

50 yards: 2 scores, slow fire, 1 minute to each shot, 5 shots to each score.

Necessary for qualification as marksman: Sixty-five per cent. of possible score, or 130 out of 200 points. Necessary for qualification as sharpshooter: Eighty per cent. of possible score, or 160 out of 200 points.

Course for Qualification as Expert (open to Sharpshooters only.)

Distances, 15, 25, 50 and 75 yards—

15 yards: 2 scores, rapid fire, 8 seconds to each score of five shots.

25 yards: 2 scores, rapid fire, 8 seconds to each score of 5 shots.

25 yards: 2 scores, timed fire, 20 seconds to each score of 5 shots.

50 yards: 2 scores, timed fire, 20 seconds to each score of 5 shots.

75 yards: 2 scores, slow fire, 20 seconds to each shot, 5 shots to each score.

Necessary for qualification as expert: Eighty per cent. of possible score, or 200 out of 250 points.

Those who qualify will be designated as "pistol marksmen," "pistol sharpshooters," and "pistol experts." and will be entitled to wear insignia issued to officers and enlisted men of the regular army for corresponding qualifications.

For each three years of qualification in any one of the grades of pistol marksmanship a bronze bar will be issued specifying the years of qualification, and will be attached to the lower edge of the pin.

XIV. An allowance of 100 cartridges will be made each man for qualification with the revolver. Additional cartridges may be purchased and used in record practice.

XV. Members of the Maryland State Rifle Association will be permitted to use the Range on any open date at the discretion of the Superintendent. Charges for the use of targets by the members of that Association will be in accordance with agreement made between The Adjutant General and the Association.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 24th April, 1909.

GENERAL ORDERS,

No. 9.

I. Section 2, Paragraph II, General Orders, No. 2, A. G. O., c. s., is amended to read as follows:—

2. The Commanding Officer of the 4th Infantry and the 5th Infantry shall appoint an officer from each of the battalions of their respective regiments to act as a Summary Court for their respective battalions. Said Courts to hold sessions for the trial of enlisted men for the offenses enumerated in Paragraphs 63 and 64, Militia Law of Maryland, 1908, at such times and places as the Commanding Officers of the respective regiments shall designate.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 19th May, 1909.

GENERAL ORDERS,
No. 10.

I. The following officers, having successfully passed the examinations prescribed by the Board convened on the 28th and 29th April, 1909, in accordance with the provisions of Sections 34 and 35, Chapter 103, Acts of 1908, and pursuant to General Orders, No. 3, Headquarters 1st Brigade, c. s., their commissions are hereby made permanent:

Major Alexius McGlannan, Medical Department.

Captain Herbert C. Blake, Medical Department.

Captain James E. Godwin, Quartermaster, 5th Infantry.

1st Lieutenant J. H. Davidson, 5th Infantry.

1st Lieutenant Arthur Thompson, 5th Infantry.

2d Lieutenant George P. Quinby, 1st Infantry.

2d Lieutenant Paul K. Wroth, 4th Infantry.

2d Lieutenant Vinton DuVal Cockey, 4th Infantry.

2d Lieutenant Percival R. Halleron, 1st Infantry.

II. The following officer, having failed to pass the examinations prescribed by said Board, the commission heretofore issued him on probation is hereby revoked, and he ceases to be an officer of the Maryland National Guard from this date:

2d Lieutenant Clinton L. Reeder, 1st Infantry.

III. The following officer, having failed to appear before said Board for examination, the commission heretofore issued him on probation, is hereby revoked, and he ceases to be an officer of the Maryland National Guard from this date:

2d Lieutenant Edward C. Chew, 1st Infantry.

IV. The officers whose probation commissions have been revoked by the preceding paragraphs are hereby directed to return said commissions to this office for cancellation.

V. The following officer, upon the recommendation of the Board of Examiners, is hereby directed to report before the Board at its next meeting for a further examination, and his commission on probation is continued until said meeting:

1st Lieutenant Paul M. Nickerson, 1st Infantry.

VI. The following officers, being unable to appear before said Board for examination because of serious illness in family and absence from the State, respectively, their commissions on probation are continued until the next meeting of said Board, at which time they are directed to report for examination:

1st Lieutenant John J. Hesson, 1st Infantry.

2d Lieutenant Jay Milton Knight, 4th Infantry.

VII. Major Walter V. Shipley, Chief Commissary, Subsistence Department, is hereby assigned for duty on the staff of the Brigade Commander, 1st Brigade, Maryland National Guard.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 7th June, 1909.

GENERAL ORDERS,
No. 11.

I. An encampment of the 1st Brigade, M. N. G., less the 1st Company Coast Artillery, will be held on the Alms House Farm, near Westminster, Md., from 18th July to 25th July, 1909, inclusive. The camp will be designated "Camp Crothers," in honor of the Governor and Commander-in-Chief, Austin L. Crothers.

II. The camp will be under the immediate command of the Brigade Commander, who will issue such orders as may be necessary for the mobilization and transportation of the organizations participating in the encampment, and for their subsistence and regulation while in camp. Transportation will be so arranged that the travel to and from camp will be included in the above dates.

III. Payrolls will be made out on Form No. 3, Militia, in quadruplicate. In the column for remarks, on three copies of the payrolls, will be noted the grade qualification in marksmanship, and whether present at the Government Inspection of 1909. Payrolls will be verified, so that payment may be made before breaking camp. Deductions will be made from the pay of officers and enlisted men of all money due for losses of property, damage thereto, or other purposes.

IV. Vouchers for subsistence will be made in duplicate, one copy on State voucher and the other copy on Government voucher, Form No. 26, Militia. Transportation vouchers will also be made in duplicate, one copy on State voucher and the other copy on Government voucher, Form No. 22, D. M. A.

V. The Brigade Commander will detail an officer or officers to prevent damage to property as far as possible, and to take up with the parties interested all claims, reporting full particulars to the Brigade Commander, so that claims will be disposed of promptly and satisfactorily.

VI. Attention is invited to the provisions of Paragraphs 64 and 13, Militia Law of Maryland, 1908, relative to absence from camp of officers and enlisted men, and the commission of military offenses while attending said camp.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 8th July, 1909.

GENERAL ORDERS,
No. 12.

I. In accordance with the provisions of Paragraph 42, Militia Law of Maryland, 1908, the following officers, upon their own request, duly forwarded approved through military channels, are withdrawn from active

service and command and placed upon the Retired List, Maryland National Guard, from this date:

Lieutenant Colonel R. Dorsey Coale, 5th Infantry.

Lieutenant Colonel William G. Purnell, 1st Infantry.

Brevet Major William M. Dame, Chaplain, 5th Infantry.

II. In accordance with the provisions of Paragraph 42, Militia Law of Maryland, 1909, and upon the recommendation of the Commanding Officer, 1st Brigade, the following officers, having arrived at the age of sixty-four (64) years, are withdrawn from active service and command and placed upon the Retired List, Maryland National Guard, from this date:

Captain N. Lee Goldsborough, 5th Infantry.

Captain C. Randolph Page, Chaplain, 1st Infantry.

Captain Edward R. Trippe, Assistant Surgeon, 1st Infantry.

III. All of the aforesaid officers will comply with the provisions of Paragraph 3, G. O., No. 16, A. G. O., series 1904.

IV. The Governor and Commander-in-Chief takes this occasion to express his sincere appreciation to these officers for their long, faithful and efficient service in the Maryland National Guard, who by their devotion and strict attention to duty have set a high example to their associates and have merited the appreciation and commendation of all the people of this State.

V. First Lieutenant Howard E. Ashbury, Assistant Surgeon, Medical Department, M. N. G., will report to the Chief Surgeon of that Department for duty upon the receipt of this order.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,
The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 15th July, 1909.

GENERAL ORDERS,
No. 13.

I. The following officers having successfully passed the examinations prescribed by the Board convened on the 7th and 8th July, 1909, in accordance with the provisions of Sections 34 and 35, Chapter 103, Acts of 1908, and pursuant to General Orders, No. 3, Headquarters 1st Brigade, c. s., their commissions are hereby made permanent:

Major Walter V. Shipley, Chief Commissary, Subsistence Department.

Captain John Philip Hill, Commissary, 4th Infantry.

Captain Thornton Rogers, 4th Infantry.

Captain Louis B. Myers, 1st Infantry.

1st Lieutenant Henry S. Barrett, Battalion Adjutant, 4th Infantry.

1st Lieutenant Howard E. Ashbury, Assistant Surgeon, Medical Department.

1st Lieutenant Robert P. Bay, Assistant Surgeon, Medical Department.

1st Lieutenant Percival R. Halleron, 1st Infantry.

1st Lieutenant Milton M. Stewart, 5th Infantry.

2d Lieutenant Alford Colona, 1st Infantry.

2d Lieutenant Albert Everett Waters, 4th Infantry.

2d Lieutenant Covington K. Allen, 5th Infantry.

2d Lieutenant Bernard B. Gough, 5th Infantry.

2d Lieutenant Thomas Worthington Brundige, 5th Infantry.

II. The following officers, having failed to pass the examinations prescribed by said Board, the commissions issued them on probation are hereby revoked, and they cease to be officers of the Maryland National Guard from this date:

1st Lieutenant John J. Hesson, 1st Infantry.

2d Lieutenant Jay Milton Knight, 4th Infantry.

2d Lieutenant Edgar S. Topping, 5th Infantry.

III. The following officer, having failed to pass the examinations prescribed by said Board, his certificate of election is hereby annulled and vacated from this date:

1st Lieutenant Rutledge W. Radcliffe, 4th Infantry.

IV. The following officers, having failed to appear before said Board for examination, the commissions heretofore issued them on probation are hereby revoked, and they cease to be officers of the Maryland National Guard from this date:

1st Lieutenant Paul M. Nickerson, 1st Infantry.

2d Lieutenant Joseph H. Moore, 1st Infantry.

V. The following officer, having failed to appear before said Board for examination, his certificate of election is hereby vacated and annulled from this date:

2d Lieutenant Robert H. Brooks, 1st Infantry.

VI. The officers whose probation commissions have been revoked by the preceding paragraphs are hereby directed to return said commissions to this office for cancellation.

VII. The following officer, upon the recommendation of the Board of Examiners, is hereby directed to report before the Board at its next meeting for a further examination, and his commission on probation is continued until said meeting:

Captain Charles E. Myers, Quartermaster, 1st Infantry.

VIII. 1st Lieutenant Robert P. Bay, Assistant Surgeon, Medical Department, is hereby assigned to the 5th Infantry, M. N. G., and will report for duty to the commanding officer of that organization upon receipt of this order.

IX. In accordance with the provisions of Paragraph 42, Militia Law of Maryland, 1908, the following officer, upon his own request duly forwarded approved through military channels, is withdrawn from active service and command and placed upon the Retired List, Maryland National Guard, from this date; and will comply with the provisions of Paragraph 3, G. O., No. 16, A. G. O., series 1904:

1st Lieutenant and Battalion Adjutant Joseph T. Geraci, 1st Infantry.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 31st July, 1909.

GENERAL ORDERS,

No. 14.

I. In accordance with the provisions of Paragraph 45, Militia Law of Maryland, 1908, and upon the recommendation of the Commanding Officer, 1st Infantry, approved by the Brigade Commander, the Brevet rank of Colonel is hereby conferred upon Lieutenant Colonel William G. Purnell, Retired List, Maryland National Guard, formerly of the 1st Infantry, for meritorious service, to date from 8th July, 1909.

II. In accordance with the provisions of Paragraph 45, Militia Law of Maryland, 1908, and upon the recommendation of the Commanding Officer, 5th Infantry, approved by the Brigade Commander, the Brevet rank of Major is hereby conferred upon Captain* N. Lee Goldsborough, Retired List, Maryland National Guard, formerly of the 5th Infantry, for meritorious service, to date from 8th July, 1909.

III. Ensign John Kitto Smith, Second Division, Naval Brigade, M. N. G., having tendered his resignation, the same is accepted to take effect this date, and he is hereby granted a full and honorable discharge from the Maryland National Guard.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,
The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 9th August, 1909.

GENERAL ORDERS, No. 15.

I. The following team is hereby designated to represent the State of Maryland in the National Team Match at Camp Perry, Ohio, commencing 23d August, 1909:

Colonel Charles D. Gaither, Adjutant General's Department, Team Captain.

Major Samuel J. Fort, Inspector Small-Arms Practice, 1st Brigade, Range Officer.

Major Louis M. Rawlins, 5th Infantry, Team Coach.

1st Lieutenant H. E. Lupus, 4th Infantry, Team Spotter.

Captain David W. Jenkins, 5th Infantry.

1st Lieutenant J. de P. Douw, Aide to Commanding General 1st Brigade.

1st Lieutenant C. K. Duce, 4th Infantry.

1st Lieutenant and Battalion Adjutant F. B. Shepherd, 5th Infantry.

Ordnance Sergeant J. E. Givan, Ordnance Department.

Sergeant E. O. Wright, Company M., 5th Infantry.

Quartermaster Sergeant F. Gemmill, N. C. S., 4th Infantry.

Sergeant R. Forney, Company C, 4th Infantry.

Sergeant B. C. Graham, Company F., 5th Infantry.

Sergeant E. T. Munshower, Company A, 1st Infantry.

Private W. Langstroth, Company F, 5th Infantry.

Private E. A. Jones, Company F, 5th Infantry.

Ordnance Sergeant G. W. Kaesemeyer, Ordnance Department.

1st Lieutenant C. Edgar, 1st Infantry.

Sergeant J. Collins, Company C, 1st Infantry.

II. The Team Captain will designate from the foregoing list twelve principals and three alternates.

III. The Range Officer is directed to report at Camp Perry to the Executive Officer of the National Match on 17th August, 1909.

IV. Commissioned Officers will receive the flat government pay of their grade for seven (7) days, viz: two days while traveling; two days while practicing for National Match, and three days during National Match; enlisted men will receive government pay during entire trip.

V. The respective members of the team will be under the direct control and management of the Team Captain until the conclusion of the National Matches.

VI. The Team will leave Baltimore on the 14th August, and the members will report to the Team Captain on that date at such time and place as may be designated by him, and it will return at the conclusion of the National Team Match.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,
The Adjutant General.

Official:

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 4th November, 1909.

GENERAL ORDERS,
No. 17.

I. An election is hereby ordered to be held in the 1st Brigade, Maryland National Guard, on Tuesday, 16th November, 1909, at 2 o'clock P. M., to fill the vacancy of Brigadier General now existing.

II. Colonel Harry M. Hutton, Assistant Adjutant General, State of Maryland, will preside at the election.

III. The Commanding Officer, 1st Brigade, will assemble the field officers of the Brigade at the Headquarters 1st Brigade, Howard Street Armory, Baltimore, in dress uniform, at the time specified above.

IV. Officers of the First Infantry will submit to this office vouchers covering transportation and subsistence.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,
The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 9th November, 1909.

GENERAL ORDERS,
No. 18.

Upon his written application the following officer is relieved from duty in the Adjutant General's Department and assigned to the Inspector General's Department, and will report for duty to the Headquarters Maryland National Guard:

Colonel Charles D. Gaither.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 22d November, 1909.

GENERAL ORDERS,
No. 19.

I. Under the provisions of Paragraphs 18 and 24, Militia Law of Maryland, 1908, the formation of a company of the Hospital Corps is hereby ordered.

II. Said company shall be designated as Company A, Hospital Corps, M. N. G., and shall become a part of the 1st Brigade, M. N. G.

III. The Chief Surgeon, Medical Department, M. N. G., will assign an officer from his Department to command said company.

IV. The Commanding Officer, 1st Brigade, will issue the necessary orders to transfer all enlisted men in the Hospital Corps detachments of the 1st, 4th and 5th Regiments, to the aforesaid Hospital Corps Company, and will direct the respective regimental commanders to invoice the uniforms and equipments in the possession of their respective detachments to the Chief Surgeon, Medical Department, and furnish him copies of the enlistment papers of the men in said detachments, together with their service records.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 2d December, 1909.

GENERAL ORDERS,
No. 20.

I. Colonel Charles F. Macklin, 4th Infantry, has been elected and permanently commissioned Brigadier General, 1st Brigade, Maryland National Guard.

He will be obeyed and respected accordingly.

II. Major Walter W. Crosby, Adjutant General's Department, is hereby assigned for duty on the staff of the Brigade Commander, 1st Brigade, Maryland National Guard.

III. Ensign J. Howard Magee, 4th Division, Naval Brigade, M. N. G., having tendered his resignation, the same is accepted to take effect this date, and he is hereby granted an honorable discharge from the Maryland National Guard.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 10th December, 1909.

GENERAL ORDERS,
No. 21.

I Upon application of sixty-one (61) citizens of Allegany county, Md., duly signed and on file in this office, indorsed with the approval of the Commanding Officers of the 1st Brigade and the 1st Infantry, Maryland National Guard, a company of Infantry is ordered to be formed in Cumberland, Maryland, in accordance with the provisions of Paragraphs 18 and 19, Militia Law of Maryland, 1908.

After being mustered in this company will form a part of the 1st Infantry, and will be designated as Company G, 1st Infantry, M. N. G.

II. Colonel Charles D. Gaither, Inspector General's Department, will proceed to Cumberland on Monday, 20th December, 1909, for the purpose of mustering in the aforesaid company.

III. Captain Joseph T. Hering, Assistant Surgeon, 1st Infantry, and 1st Lieutenant Howard E. Ashbury, Assistant Surgeon, Medical Department, will report to the Mustering Officer at Cumberland, Md., on the aforesaid date, at such hour as he may designate, for the purpose of examining the recruits to determine their physical fitness for enlistment in the Maryland National Guard.

IV. Immediately after the mustering in of the aforesaid company an election will be held for commissioned officers of said company. The Mustering Officer will preside at said election.

V. The Mustering Officer will have muster-rolls made out in triplicate and forward same, together with all necessary papers, direct to this office.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 15th December, 1909.

GENERAL ORDERS,
No. 22.

I. The following officers, having successfully passed the examinations prescribed by the Board convened on the 27th and 28th October, 1909, in accordance with the provisions of Sections 34 and 35, Chapter 103, Acts of 1908, and pursuant to General Orders No. 3, Headquarters 1st Brigade, c. s., their commissions are hereby made permanent:

Captain Charles E. Myers, Quartermaster, 1st Infantry.

Captain Carroll Edgar, 1st Infantry.

II. The following officer is hereby directed to report before the Board at its next meeting for further physical examination, and his probationary commission is continued until said meeting:

Lieutenant Colonel Charles W. Adams, 1st Infantry.

III. The following officer, having failed to pass the physical examination prescribed by said Board, the commission heretofore issued him on probation is hereby revoked, and he ceases to be an officer of the Maryland National Guard from this date:

Major John A. Morgan, 1st Infantry.

IV. The following officer, having failed to pass the examinations prescribed by said Board, the commission heretofore issued him on probation is hereby revoked, and he ceases to be an officer of the Maryland National Guard from this date:

Second Lieutenant John J. Hesson, 1st Infantry.

V. The officers whose probationary commissions have been revoked by the preceding paragraphs are hereby directed to return said commissions to this office for cancellation.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 28th June, 1909.

CIRCULAR,
No. 1

The following communication from the War Department is published for the information and guidance of all concerned:

8071

WAR DEPARTMENT.

DIVISION OF MILITIA AFFAIRS,

WASHINGTON, June 23, 1909.

The Adjutant General,

State of Maryland,

Annapolis.

Sir: In carrying out the desire of the Division of Militia Affairs to be of use to the Organized Militia in matters pertaining to the instruction of the personnel thereof, arrangements have been made to place in the hands of all combatant officers of the Organized Militia a copy of "Studies in Minor Tactics," and for use in connection therewith, a

pamphlet on map reading prepared especially for the needs of all officers of the Organized Militia, by Captain C. O. Sherrill, Engineer Corps. It is the intention of this office, further, to supply the officers of the Organized Militia from time to time with simple map problems and with pamphlets on orders, patrols, advance and rear guards, outposts, combat, camping, camp and personal sanitation in the field, etc., prepared especially for the needs of the officers of the Organized Militia.

The Chief of Staff has been requested to have the officers of the Regular Army who are detailed for duty with the Organized Militia during the coming summer take advantage of the opportunity presented to deliver a few talks on the subjects mentioned above, particularly on the subject of map reading, and to endeavor to impress upon the officers of the Organized Militia the necessity of devoting as much time as may be practicable to the study of these subjects with a view to better preparation for active service in the field.

The Office of the Division of Militia Affairs invites, from officers of the Organized Militia, comments, suggestions and recommendations pertaining to matters of instruction of the Organized Militia, which, in their opinion, would tend to increase the military efficiency of the Organized Militia; these comments, suggestions and recommendations to be submitted through regular military channels with a view to obtaining thereon, by way of indorsement, the views, opinions and suggestions of the higher military authorities of the States and Territories.

* * * * *

Very respectfully,

E. M. WEAVER,

Lieutenant Colonel, General Staff Corps.

Chief of Division.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD.

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 22d November, 1909.

CIRCULAR,

No. 2.

I. The attention of all accountable and responsible officers in the Maryland National Guard is invited to the provisions of Paragraph 75, Militia Law of Maryland, 1908.

II. All officers in the future will be held strictly responsible for all clothing, arms and equipment, in their possession, that may be lost or destroyed, and the shortage must be collected from the man or men responsible for its loss or damage or be paid for by the officer accountable or responsible therefor.

III. General affidavits covering the loss or damage to property will not in the future be accepted by this office. Affidavits covering the loss or damage to property for reference to the Surveying Officer, or Boards provided by law, should contain specific information as to its loss or damage, and should be made by the men or officers having personal knowledge relative thereto.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

The Adjutant General.

Official:

HEADQUARTERS MARYLAND NATIONAL GUARD,

THE ADJUTANT GENERAL'S OFFICE,

ANNAPOLIS, 14th December, 1909.

CIRCULAR }
No. 3. }

The following information regarding rifle practice in the Maryland National Guard during the season of 1909, is published for the information of all concerned.

Attention is invited to paragraphs 164, 168 and 169, Provisional Small-Arms, Firing Manual, 1909, and to paragraph 7, G. O., No. 169, War Department, Series 1907, which specifies the conditions under, and occasions upon which pins and badges may be worn.

BY ORDER OF THE GOVERNOR:

HENRY M. WARFIELD,

THE ADJUTANT GENERAL.

OFFICIAL:

Adjutants General of Maryland.

The Adjutants General of Maryland.

The following is a list of the Adjutants General of the State of Maryland, with dates of commission and number of years of service.

Biographical sketches, with particular reference to their military service, were published in The Adjutant General's report of the State of Maryland for the years 1906-7.

Name.	Date of Original Commission.	Term of Service.
Henry Carbery.....	1794, Oct. 6.....	13 years
Samuel T. Wright.....	1807, July 18.....	3 years
John Kilty.....	1810, July 7.....	1 year
John Gassaway.....	1811, June 6.....	6 years
Richard Harwood of Thomas.....	1817, Jan. 30.....	18 years
John N. Watkins.....	1835, May 19.....	21 years
John Wilmot.....	1856, March 10.....	2 years
Nicholas Brewer of John.....	1858, March 24.....	6 years
John S. Berry.....	1864, Feb. 10.....	5 years
George H. Bier.....	1869, April 6.....	2 years
Charles H. McBlair.....	1871, Feb. 8.....	3 years
Frank A. Bond.....	1874, April 4.....	6 years
J. Wesley Watkins.....	1880, April 6.....	4 years
James Howard.....	1884, April 8.....	8 years
Henry Kyd Douglas.....	1892, March 3.....	4 years..
L. Allison Wilmer.....	1896, Feb. 19.....	4 years
John S. Saunders.....	1900, Feb. 7.....	4 years
Clinton L. Riggs.....	1904, Jan. 29.....	4 years
Henry M. Warfield.....	1908, Jan. 22.....	— years

Henry M. Warfield, the nineteenth Adjutant General of Maryland, was born in Baltimore July 1, 1867. He is a son of the late Henry M. Warfield, who was a member of the State Legislature of 1861 and the candidate for Mayor of Baltimore on the reform ticket in 1875. General Warfield's connection with the National Guard of Maryland dates from November 1, 1885, when he enlisted as a private in Company K, 5th Infantry, serving as such until November 1, 1888, the date of his election as 2d Lieutenant of that company. He was elected 1st Lieutenant Company F, 5th Infantry, April 16, 1891, serving in this position until commissioned Captain and Inspector of Rifle Practice on the Regimental Staff, March 14, 1892. He was elected Captain Company B, 5th Infantry, December 12, 1892, and Major 5th Infantry October 28, 1895. He served as a Major in this Regiment until June 30, 1903, on which date he was elected and commissioned Colonel of the Regiment, holding this position until appointed Adjutant General by His Excellency Governor Crothers, January 22, 1908.

During the Spanish-American War he was mustered into the service of the United States as Major in the 5th Maryland, U. S. Volunteer Infantry, May 13, 1898, serving until this regiment was mustered out, October 22, 1898.

General Warfield has always taken much interest in the affairs of his native city, both business and social. He is the resident manager of the Royal Insurance Company, Ltd., of Liverpool, with offices in the Chamber of Commerce Building, Baltimore, and one of the directors of the Board of Trade. His membership in the clubs of Baltimore includes the Maryland, Elkridge, Merchants' and Bachelors' Cotillon.

General Warfield has recently removed to Baltimore county and now resides at Timonium, that county.

BATTLE FLAGS

— IN —

Flag Room of State House

BATTLE FLAGS IN FLAG ROOM OF STATE HOUSE.

The following is a list of the names and numbers of flags that are now being preserved in the Flag Room in the State House at Annapolis, descriptions of which have been previously published in reports from The Adjutant General's Office:

- No. 21—First Regiment Cavalry, Maryland Volunteers, 2 flags.
- No. 22—Third Regiment Cavalry, Maryland Volunteers, 2 flags.
- No. 23—Battery A, Maryland Light Artillery ("Rigby's"), 2 flags.
- No. 24—Battery B, Maryland Light Artillery ("Snow's"), 1 flag.
- No. 25—Baltimore Battery, Light Artillery, Maryland Volunteers ("Alexander's"), 1 flag.

Confederate Army.

- No. 26—Garrison Flag.
- No. 27—Garrison Flag.
- No. 28—First Maryland Infantry, 1 flag.
- No. 29—Company A, First Maryland Infantry, 1 flag.
- No. 30—Company H, First Maryland Infantry, 1 flag.
- No. 31—Second Maryland Infantry, 3 flags.
- No. 32—Second Maryland Infantry, 1 flag.
- No. 33—Capt. J. Lyle Clark's Maryland Company in the Twenty-First Virginia, 1 flag.
- No. 34—First Maryland Cavalry, 2 flags.
- No. 35—Second Maryland Cavalry, 1 flag.
- No. 36—Third Maryland Artillery, 1 flag.

The following are the names, numbers and descriptions of flags that have been placed in the Flag Room in the State House at Annapolis during the past two years:

No. 37—Maryland State Flag.

This flag was purchased by General John S. Saunders, Adjutant General of Maryland, in January, 1901, for the special use of the Governor of Maryland.

It was first used by Governor John Walter Smith, at the Inauguration of President McKinley, afterwards by Governor Smith at the State Encampments at Queenstown, 1901; at Belair, 1903, and also by Governor Smith at the Charleston Exposition, 1902, and at the opening of the St. Louis Exposition in 1903.

It was used by Governor Edwin Warfield, at the Inauguration of President Roosevelt, 1905, and at the St. Louis (Maryland Day) and Jamestown (Maryland Day) Expositions, 1904 and 1907, respectively; also at the State Encampment, at Belair, in 1905.

And was used by Governor Austin L. Crothers, for the last time, at the Firemen's Parade, held at Towson in 1908.

No. 38—Flag of the First Maryland Battalion, Infantry, C. S. A.

The First Maryland Battalion, Infantry, C. S. A., commanded by Lieutenant Colonel James R. Herbert.

Changed at Hanover Junction, Va., January 20, 1864, to Second Maryland Infantry.

Participated in the following battles:

Winchester No. 2—June 13th, 14th and 15th, 1863.

Gettysburg—July 2d and 3d, 1863.

Second Cold Harbor—June 3d, 1864.

White Oak Swamp—June 13th, 1864.

Davis Farm—August 18th, 1864.

Weldon R. R.—August 19th, 1864.

Peebles Farm—September 30th, 1864.

Squirrel Level Road—October 1st, 1864.

Hatcher's Run—February 5th, 1865.

Recapture of Outworks—April 1st, 1865.

Hatcher's Run—April 2d, 1865.

Appomattox—April 9th, 1865; and in ten months' arduous service in the trenches around Petersburg.

In that incomparable Army of Northern Virginia, this battalion always sustained the soldierly fame of Maryland. When the Federals swarmed over the works April 2d, 1865, the battalion (less than 200 men) changed front perpendicular to the rear, charged, recaptured and held (for a brief period) Fort Davis. Forced back, a part retreated to an interior fort, and after repulsing several assaults, was forced to surrender. A part reached Hatcher's Run, and, finding itself in a situation more desperate and hopeless than General Lee's (seven days after), this flag became a trophy of the 123d Ohio Regiment. A remnant (62) under Captain John W. Torsch surrendered at Appomattox.

Returned to the State of Maryland by the State of Ohio, 1909.

**No. 39—Guidon of Battery A, First Maryland Volunteers,
U. S. A. (Federal.)**

The Guidon of Battery A, First Maryland Volunteers, Federal, known as "Wolcott's Battery," was partially destroyed at the battle of Gaines Mills, Va., June 27, 1862, while its bearer, Randolph McHenry Ridgely, was destroying ammunition to prevent its capture by the Confederate troops.

Presented to the State of Maryland by Mr. Charles W. Wolcott, Boston, Mass., February 28, 1908.
